The long silence of summer breaks suddenly.
 A shrill bell signals the beginning of
 schedules, hurried lunches, confusion of
 student activities, and boisterous pep rallies.
 Days of leisure fade quickly as
 time becomes more precious to students and
 teachers engulfed in the world of education.

*Mr. Baker to enjoy the summer!

Mr. D.
 When I first stepped
 into your class I was
 scared stiff!! (I guess you
 noticed!) you've given me better
 confidence in myself & I will always
 remember you. I'd been a blast in chemistry
 this year & it wouldn't have been with any
 other teacher. Even though I don't know half the
 stuff here I know you're the best!
 yours till I make A+ in chem. (Believe
 me, that'll be an eternity!)

JUNIORS CHOOSE PATTERNS for their first clothing project.
(Debbie Wiegel, Lillian Ermis)

Four years ago, students entered Reagan High School for the first time. These students were confronted with the responsibility of making this school an institution united by the common bond of education.

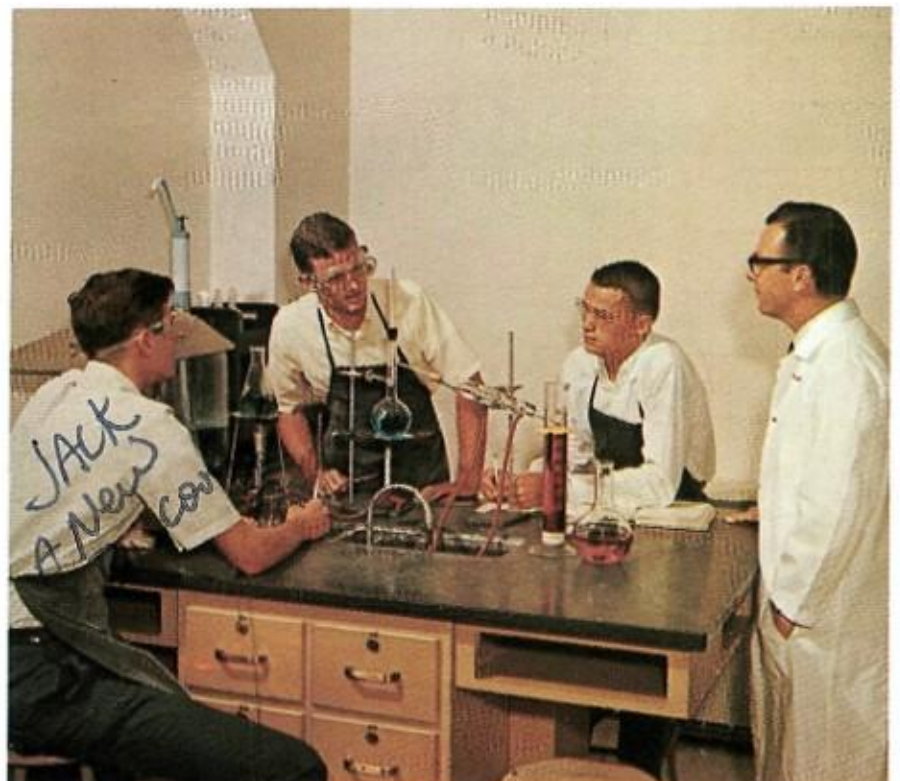

Classwork itself is a small portion of the total school environment. Making friends, working together on special activities, experiencing through competition the excitements of success and the disappointments of failure—all are vital parts of the complete high school.

LONG DAYS CAN easily stretch into many hours of homework.

MOMENTUM—SPEED—SKILL make football a game of action.

Hundreds of students crowd into one small gym to give their loud support to the team. Their common purpose unites them into one vibrant body as they respond with hands, voices and heart. The momentum that is produced lasts the entire day, and it endures the rough moments when concentration is needed to make a successful play. Spirit lasts past the final gun, which signals only a temporary silence.

Education is as varied as those who take advantage of it. At Reagan the day begins and ends on a note of learning; the various classes and the different programs of learning envelope the school in a unique atmosphere. The special teacher-student relationship enjoyed in high school makes the countless hours of study a search for new horizons.

A TIME for guidance. (Kermit Heimann, Marty Martin, Charles Brown)

VERTICAL, HORIZONTAL AND ANGULAR lines can turn into obstacles in drafting class. (Randolph Cleveland)

BUBBLE, BUBBLE ... so what happens now? (John Pearce)

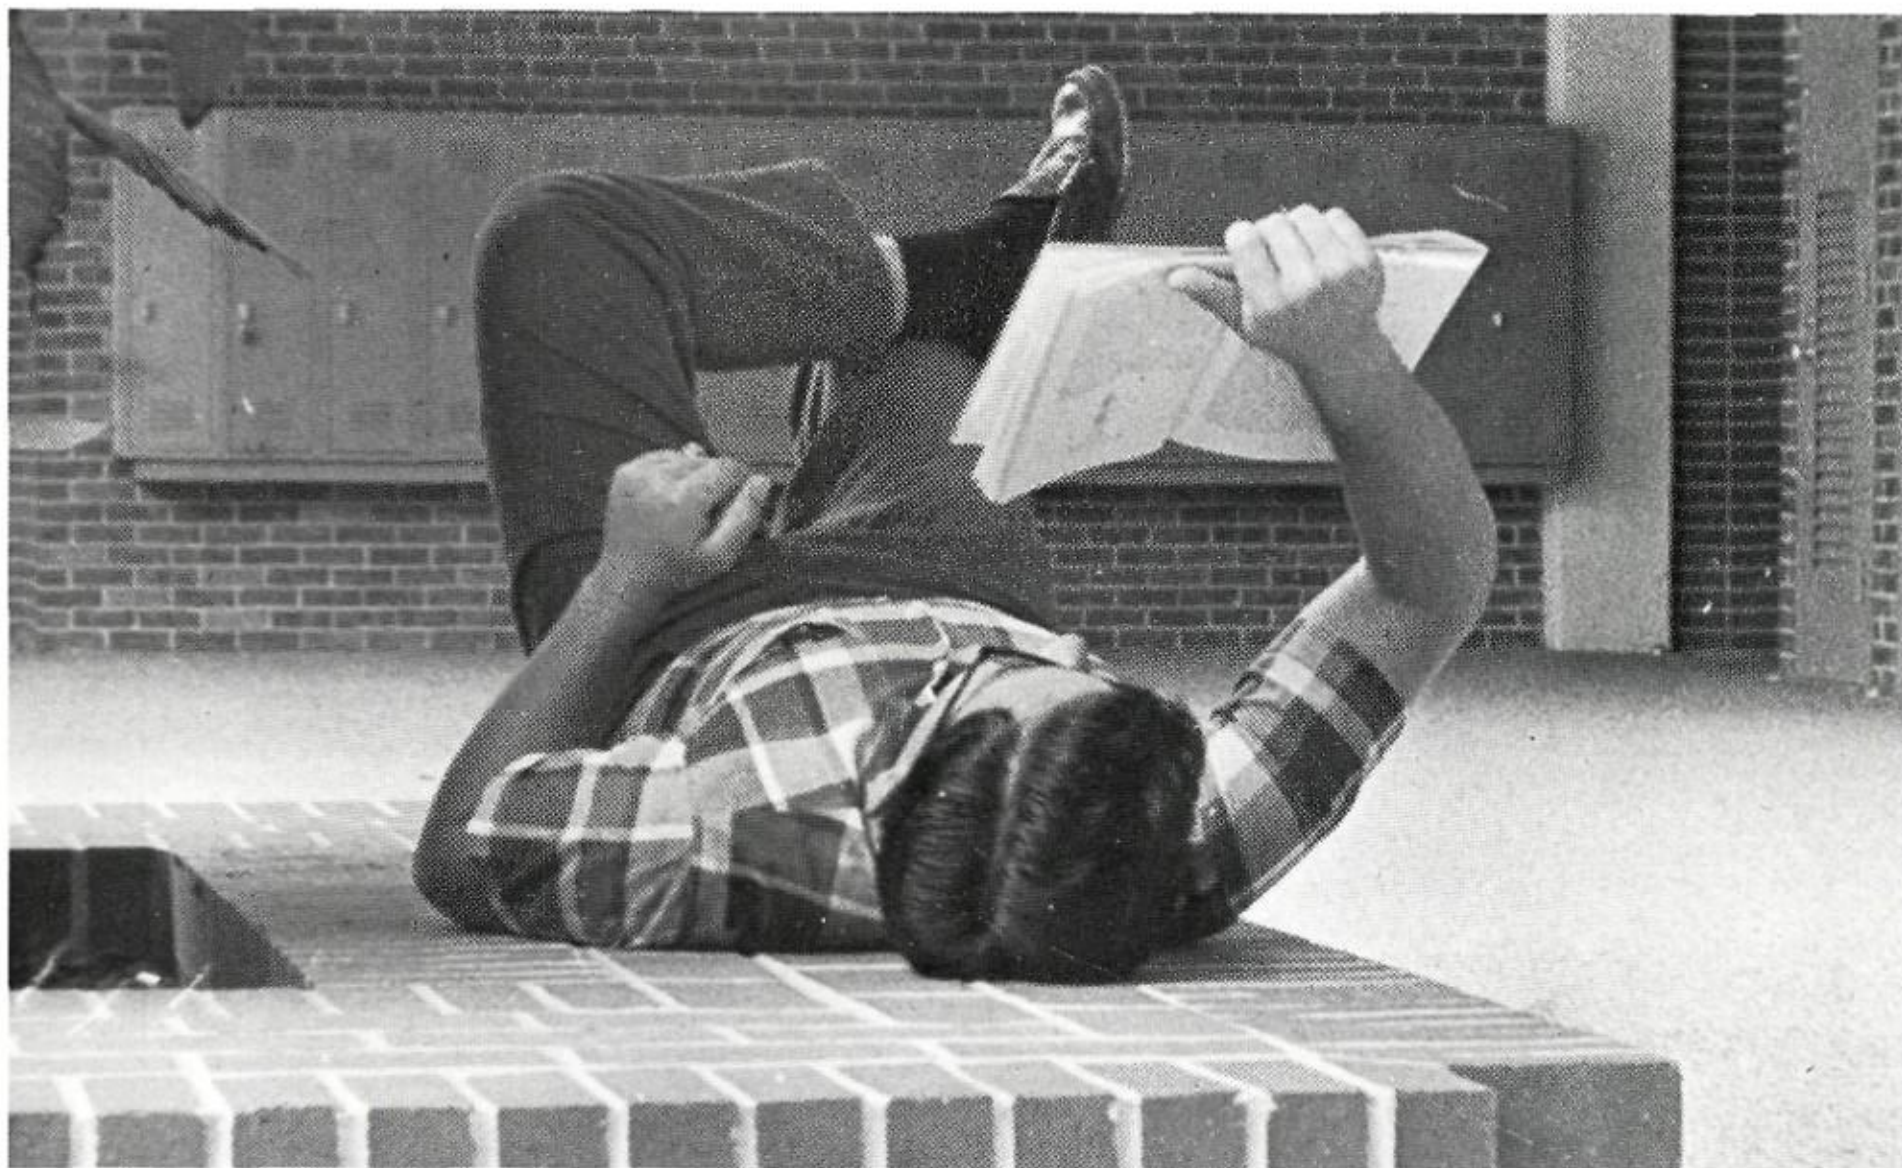

MINUTES TO SPARE are well used in the library. (Ann Gavin, Cindy Potter)

Learning is a difficult process that affords every student the chance for mistakes and the time to correct them. Guidance comes from the teacher who explains procedures and problems, helps with homework and essays, and prepares his students for tomorrow. The determination to do well is the incentive which leads to time in the library and long hours at night.

P.E. BOYS NEVER seem to "tire" of touch football. (Butch Williams, David Fisher, Kenneth Bertschy, Kenneth Parrish, Bob Flowers)

COMFORT IS SECONDARY for those who take every opportunity to study. (Jim Jeter)

The biggest organization of all at Reagan is the student body. From this vast group of people emerge the varied interests of the students in the form of club memberships. Instrumental as a part of student life, the organizations of Reagan promote general school spirit. Club activities are colorful, animated, and require active participation on the part of the club member to make the project a success. Peals of laughter, rounds of applause and wreaths of smiles from the audience are payment enough for the effort put forth.

HR3 MEMBERS LIVE up to their image of "high-riding Raiders."

ESSENTIAL TO ORGANIZED assemblies is the music of the Raider Band. (R. B. Hunger)

CHECK THIS MOVEMENT! (Cary Peterson)

Through the common complaints of homework, studies and exams come regrets of how fast the year goes by. Worries fade quickly into the excitements of school activities. Each student looks to the future with secret dreams and desires, for with today come reflections of the past school year, and the panorama of personal experiences produce memories that endure.

THE TRUMPET CALL leads the roar of the crowd in "Charge." (Mickey Corenblith)

RIBBONS, PENCILS and decals are sold to promote Raider spirit. (Sharen Schier, Allison Snyder, Bobby Weaver, Paul Outon, Ronald Means)

School months pass at a surprisingly fast pace. Students face a new school year sure that it will go unbearably slow. To the astonishment of all, the months fly by in a maze of activities—football games, dances and club meetings—all leaving a feeling of breathlessness for lack of time.

The year draws to a close, and it is a full and pleasant end to nine months packed with enthusiasm and activity.

Activities

School in Mind As Summer Vanishes

Several Reagan students attended institutes during the summer months to get new ideas and to improve their organizations.

A Speech and Drama Round-Up was held at the University of Houston June 11 through June 30. Held at Trinity University June 9 through 14 was the Journalism Institute sponsored by Taylor Publishing Company.

Southern Methodist University was the site for the annual High School Pep Squad and Drill Team Camp held July 28 through August 2. August 4 was the beginning of the Cheerleader Camp also at SMU, which ran until August 9. A National JCL Convention for Latin students was held from August 9 to August 16 at Michigan State University.

Maria Teresa Massano, Reagan's first foreign exchange student, arrived in Houston on August 14. She is a native of Rome, Italy, and her American family is the Dan Watsons. Reagan's Annual Ice Cream Social was held on the 27th and sponsored by the P-TA and Band.

With classes from June 3 through July 26, the 1968 Summer School Session saw 30 Reaganites graduate on the night of the 26th. The new drum major, assistant drum major and majorettes were chosen to lead the '68-'69 Reagan Raider Band.

Susan R.
PAM KOURI, JUNIOR, modeled clothes for Yarings at Southwood Mall.

Exchange Student Takes Part in School Activities

Reagan High School got off to a good start in its fourth year on the 3rd of September. Rolls showed over 2200 students in attendance.

Pictures were taken for the *Spur* on the 9th and 10th. Later in the month the yearbook staff started its campaign for yearbook subscriptions introducing a new publication for students to buy, a summer supplement which would cover school activities from March to graduation.

Howdy Week, five brief days when students begin to get acquainted with one another, was held from the 9th through 13th. The Student Council issued Howdy Cards in order to let the people know and recognize new names and faces. Reagan's annual Howdy Dance was held after the Churchill game on Friday.

Two more varsity football games were held in September, that of King at Corpus Christi and Alamo Heights of San Antonio on the 20th and the 26th respectively.

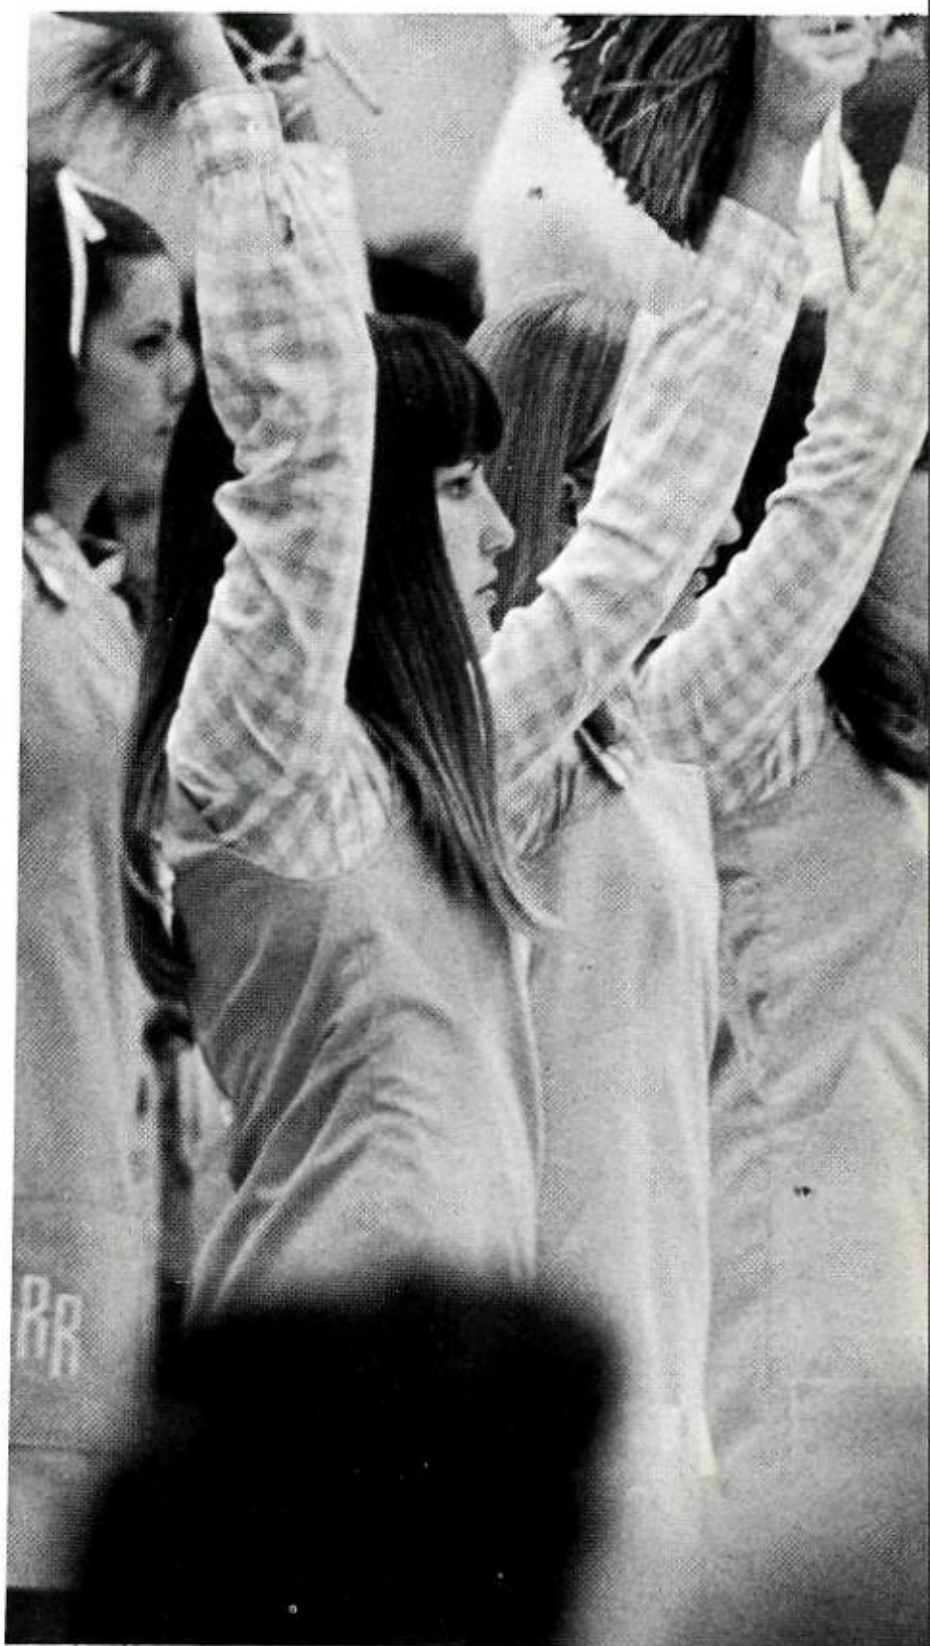

MARIA MASSANO, foreign exchange student from Rome, Italy, expresses her appreciation at an assembly in her honor.

AT THE McCALLUM game a special halftime performance was given in honor of Maria and McCallum's two foreign exchange students.

POISE AND GRACIOUSNESS are obvious traits of Reagan's exchange student.

Nixon #1, Wallace #2, Humphrey #3 in RHS Election

Beginning the month of October, the Distributive Education Club held a city-wide initiation. The event was hosted by the Reagan chapter in the cafeteria.

Reagan played Travis in the first district football game of the season on the 3rd. The Raiders made sure that the South would not rise again, at least this year, by a score of 35 to 7.

On the 5th, the Choral Department held an old-fashioned Box Supper. Plans were already being made for a summer tour to Europe.

Students received report cards on the 23rd. These cards were of a new style requiring that a student receive one from each of his individual classes. They were not forced to have them signed by their parents and return them, but it was assumed that the responsible student would do this.

"Back to School Night," the first Parent-Teacher Association meeting, was held on the 17th. This afforded the parents the first opportunity to meet the teachers of their children.

October was also a month of four more varsity football games. The Reagan Raiders beat Johnston 17-7, Crockett 24-0, McCallum 23-0, and Lanier 31-0.

Homecoming, Play, Review Precede Holiday

With the excitement of the Presidential elections, the Reagan Office served as a polling precinct. Civics classes conducted tours through the polling area while the teachers described each maneuver that transpired in the process of voting.

At one time or another all three Presidential candidates visited Austin. This gave Reaganites a good chance to hear these men and to participate in the mock school elections sponsored by Publications. Nixon proved to be the choice of most students as he won with 36% of the vote. Wallace and Humphrey both received 26%.

A production of the Art and Musical Festival highlighted the beginning of the month of November.

Representatives from many colleges were at Reagan on the 11th for the annual P-TA college night. Careers Night was held on the 25th, giving students a glance at some of the opportunities after graduation.

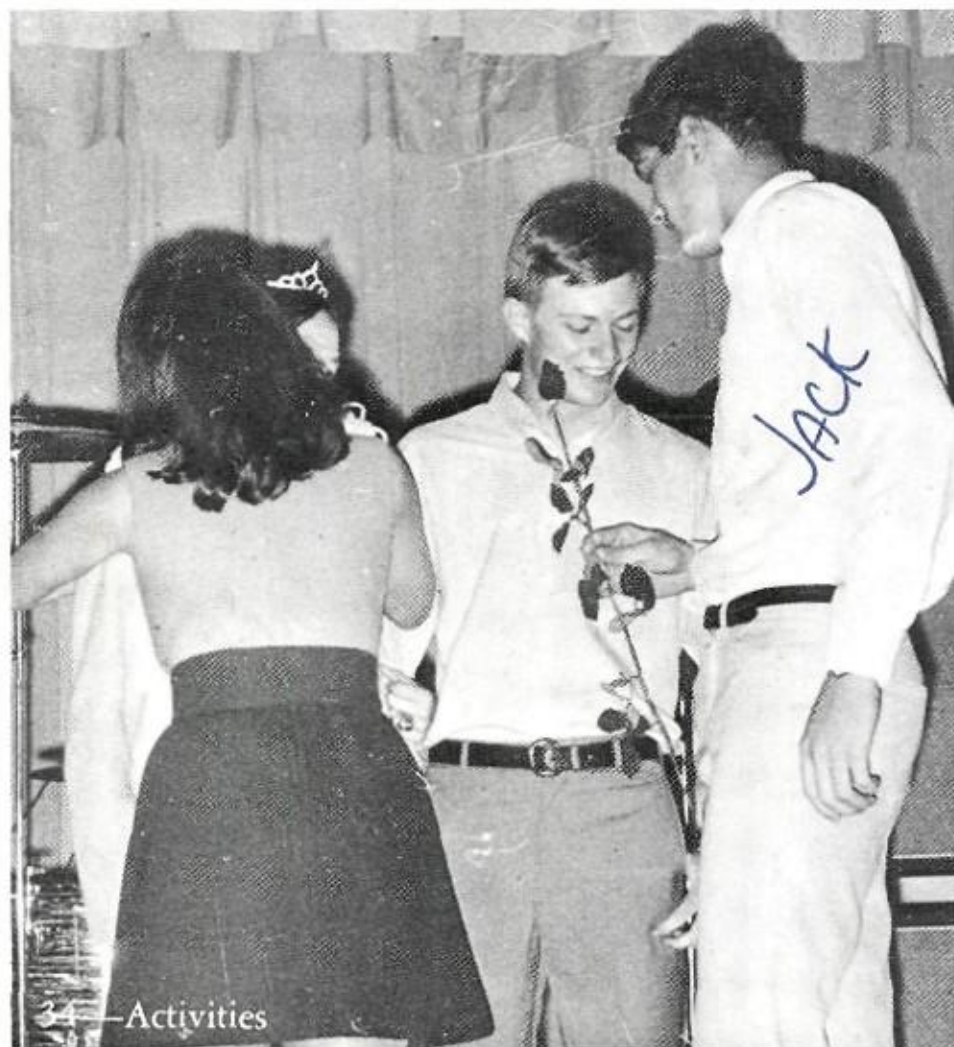

Sponsored by the Publications Department, the annual Beauty Review was held on the 16th. Denise Holman and Donald Ealey were chosen Most Beautiful and Most Handsome by a panel of judges. Also on that day members of the Reagan choir participated in the Regional Choir Contest held at the University of Texas.

The Blue Jesters' first play of the season, "The Little Foxes," was presented on both the 21st and 23rd. On the 15th, Reagan played its last district football game with Anderson, beating them 34-6. The Thanksgiving holidays continued from the 28th through December 1.

Football Saturates Month of December

December was a month of many elections for student honors. Candidates for the Best Sense of Humor, King Grin and Queen Smile and Class Favorites were elected by the student body on December 17.

On that same day, a "Christmas Festival of Carols" was presented by the Choral and Drama Departments. Similar assemblies were held on the 19th and 20th. Featured in these performances were Renaissance Christmas music by the different sections of the choir.

Ten students who were members of the Blue Jesters participated in the Parks and Recreation Department's live nativity scene at Zilker Park. The scene was presented three times each night from December 17-22.

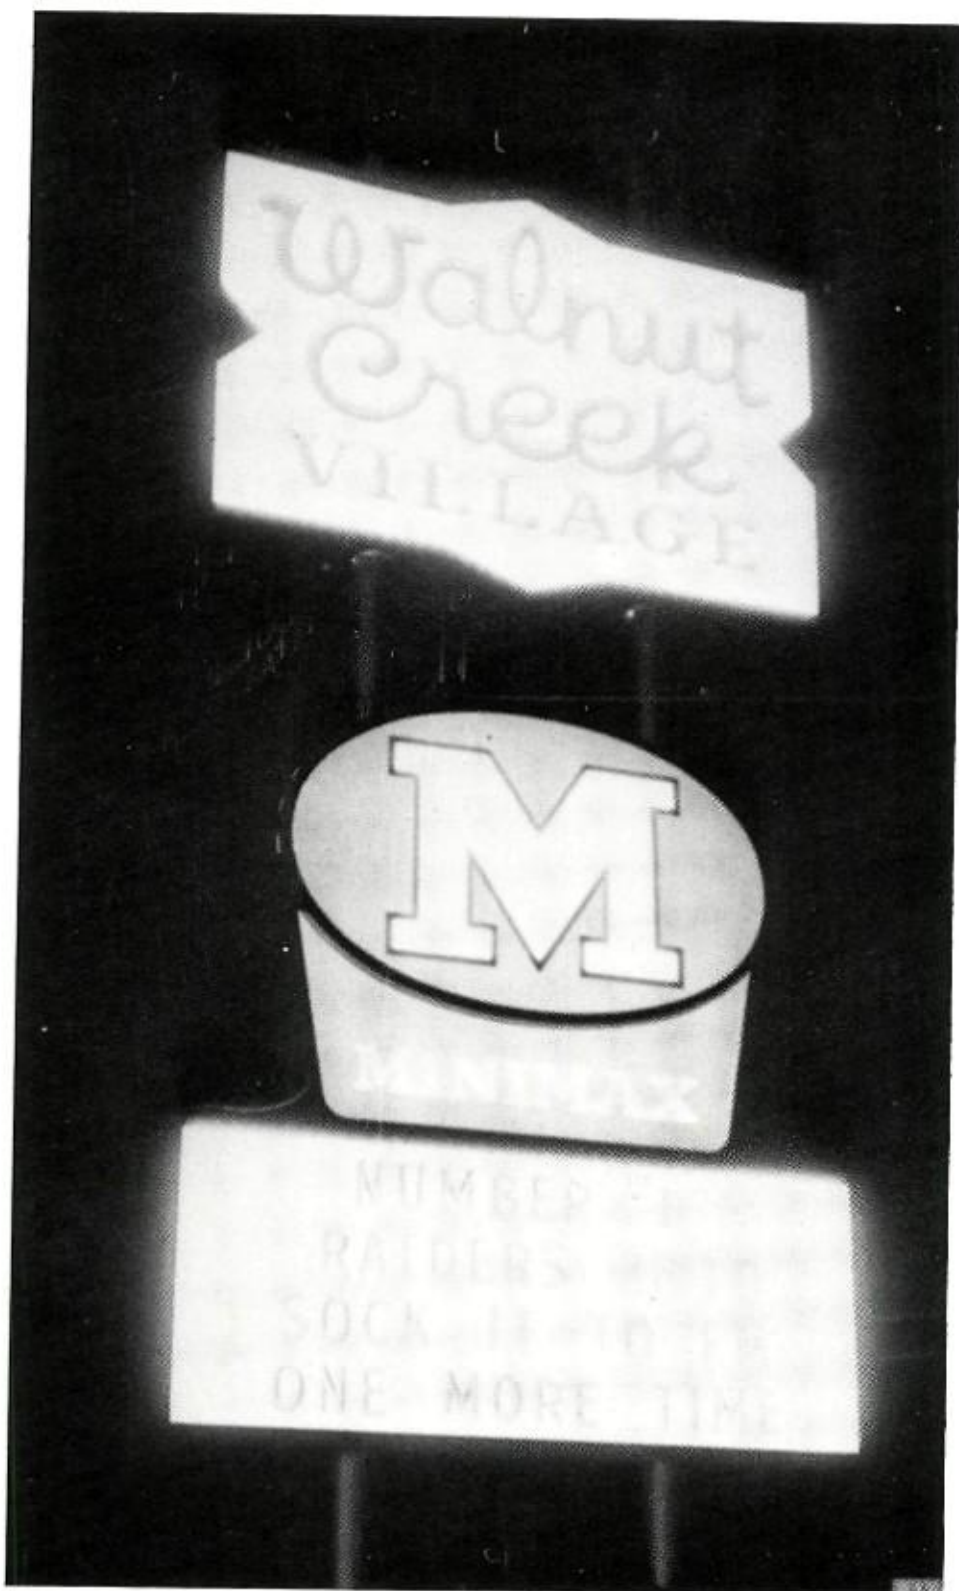

"Wine, women and song" was the basis for the Reagan Saturnalia held December 5. The festivities began when slaves were auctioned. Next came the Patrician Presentation. Jimmy Williams as Jason won first prize in the boys' costume and Terry Tomblin won first prize in girls' costume. Mike Foster was elected King of the Slaves.

Reagan's football history progressed further as the team knocked off Seguin, Corpus Christi Miller, San Antonio Wheatley and Houston Washington in the state play-offs. The Texas State AAAA Football Championship game between the Reagan Raiders and the Odessa Permian Panthers took place at Bobcat Stadium in San Angelo on the 21st. As a result of this game the Reagan Raiders became #1 for the second year in a row, defeating the Panthers 17 to 11.

GO RAIDERS GO was a cry that spread throughout the city as the team advanced to quarter-finals.

SUPPORT CAME FROM all over the city to back the Raider football team.

Student Council Holds Annual Spring Elections

Four members of the Reagan choir qualified for the All-State choir on January 11 in Killeen.

Each member of the football team received a special certificate at the School Board meeting held on January 13. The team was presented these certificates from the Board of School Trustees, commending them on winning the state title two years in a row.

A presentation of the 1968 state football championship trophy was made in a special assembly to the student body on the 22nd.

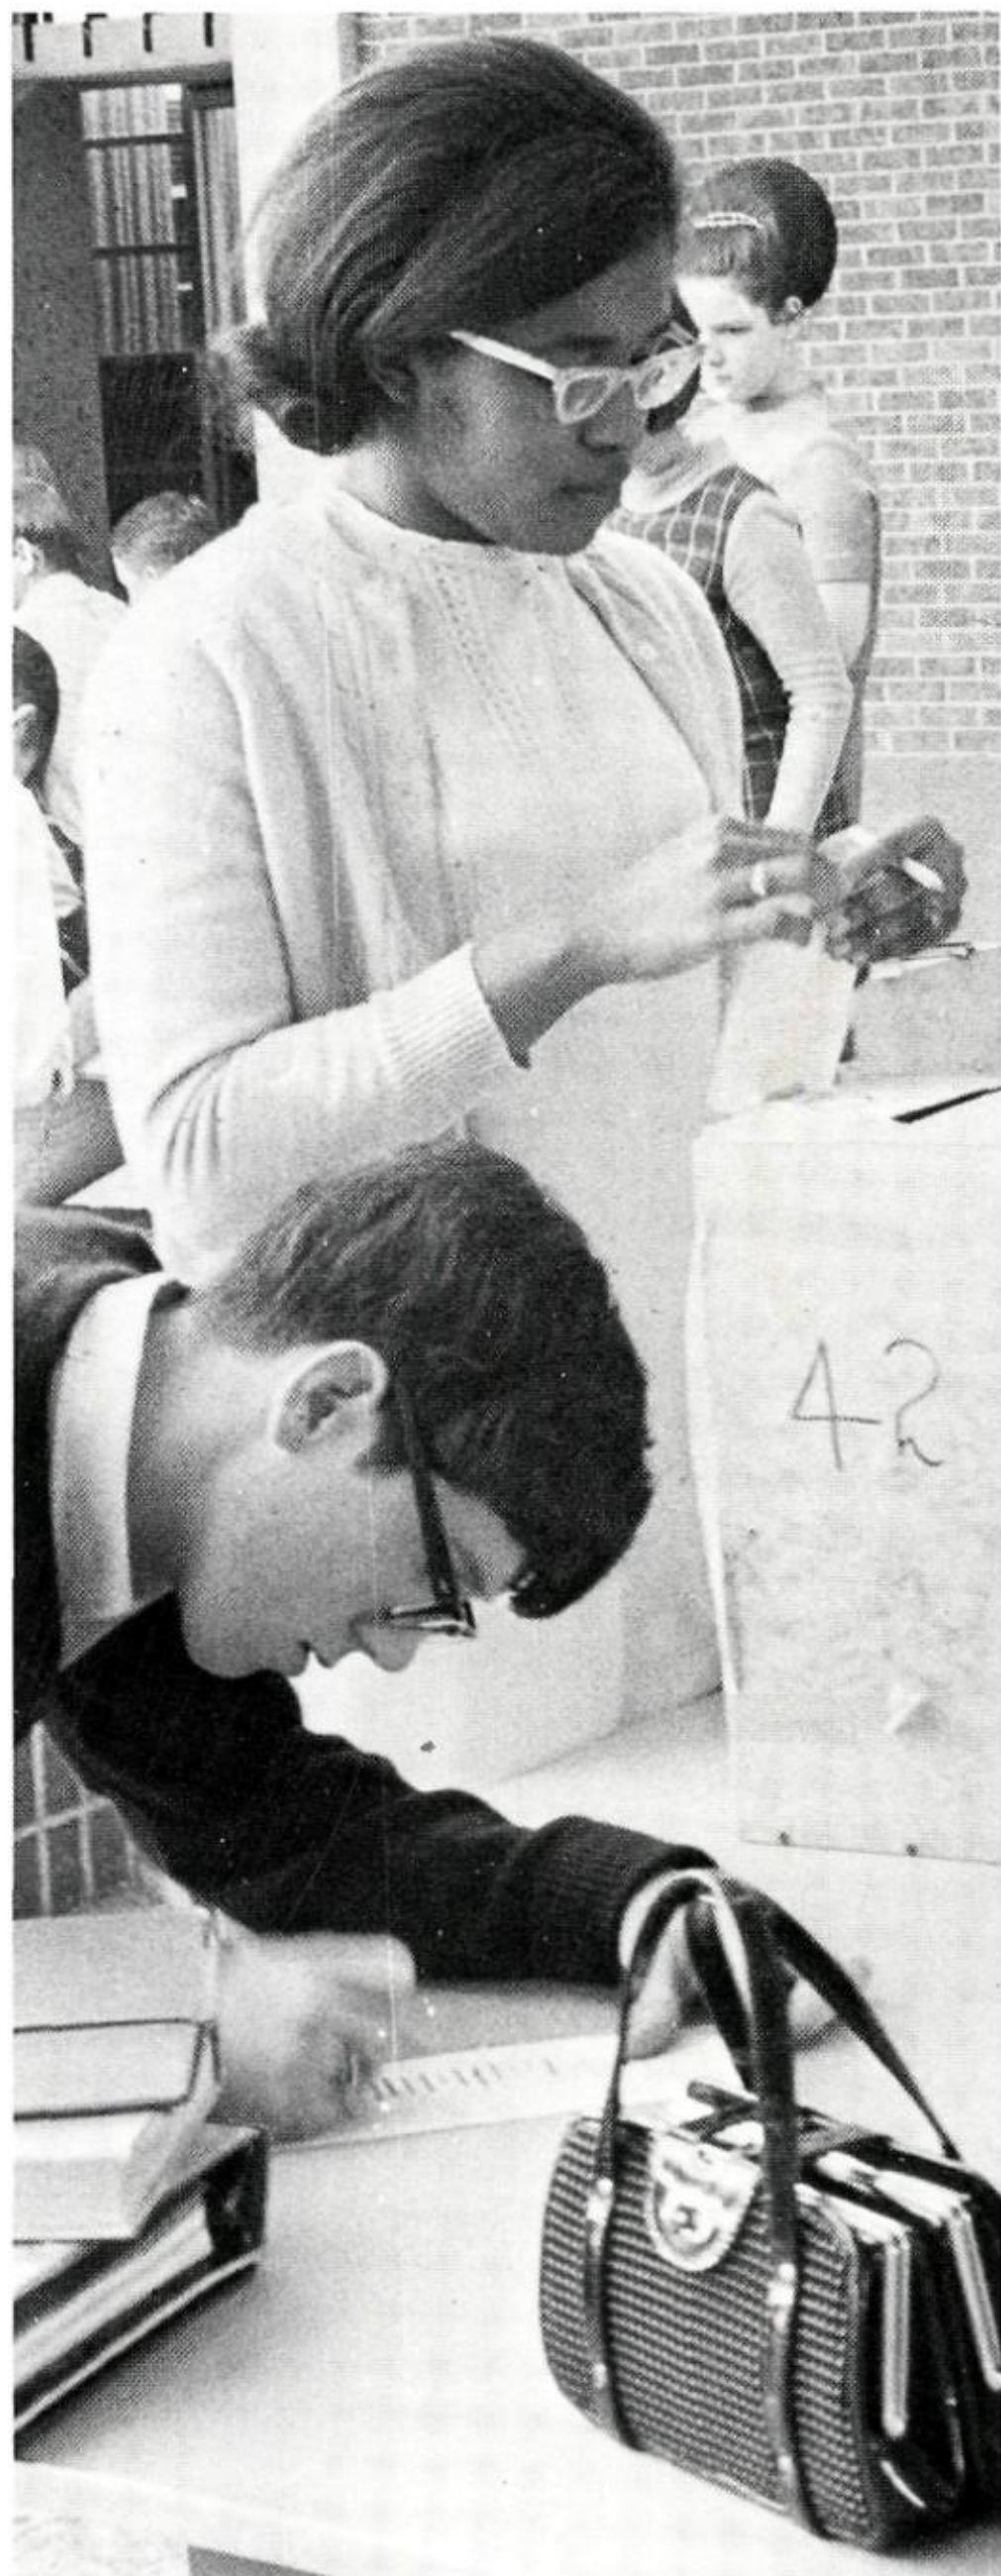

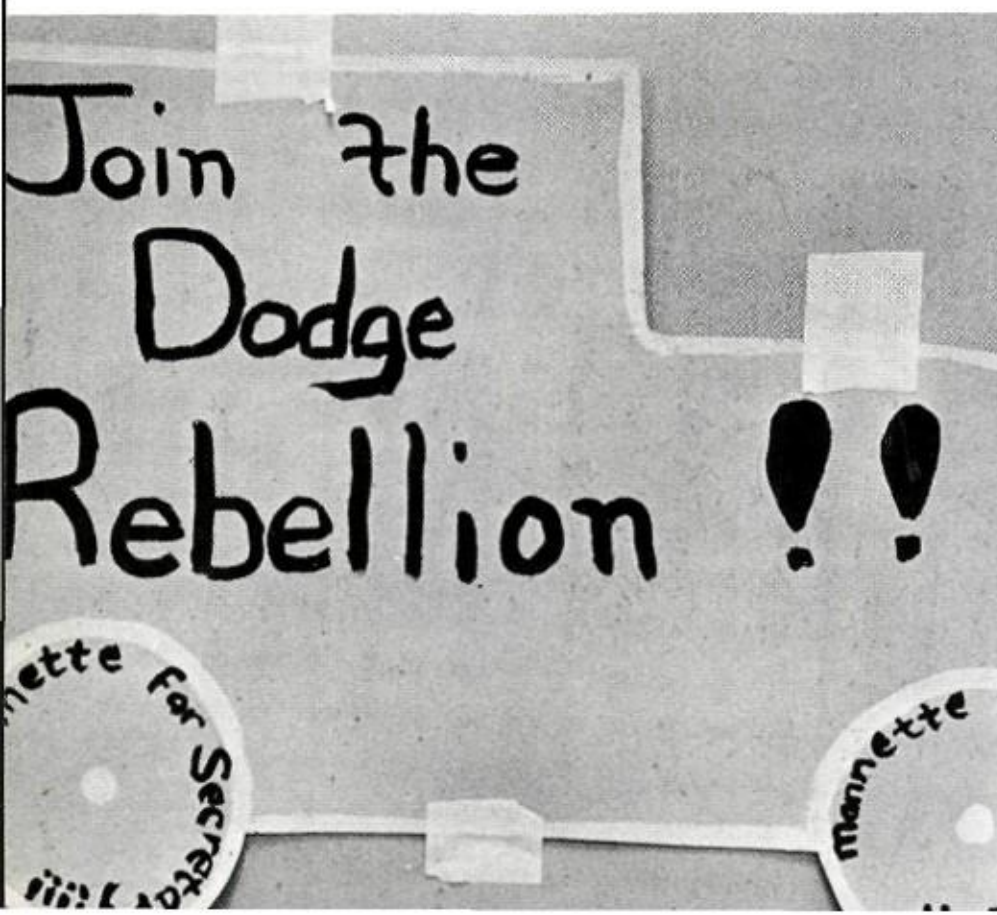

Also that night were the mid-term graduation exercises for 34 seniors.

New spring Student Council officers were elected by Reagan's open ballot voting method on the 23rd. These candidates spoke at an assembly preceding the elections. This year the lunch periods were extended to enable voters to vote without rushing through lunch.

Several members of the Reagan High track team ventured to the Astrodome on January 24 to view the star-studded Federation National Track Meet. Among the competitions was Bob Seagren, Champion pole vaulter.

Also during the month of January, three publications, the *Spur*, the *Reagan Radar* and the *Ariel*, received awards from the Texas High School Press Association.

Students Raise Money Through Projects

A basketball game between the visiting KTBC Moonbeams and the Reagan football players ushered in the month of February. The game, played on the 6th, saw the Raiders victorious over Uncle Jay's proteges.

Austin's City Council sponsored an all-city banquet for the football team at the Terrace Summer House on the 27th. Dan Reeves, who plays for the Dallas Cowboys, was featured speaker at this event.

Valentine's Day was commemorated by the carnations sold by French Club members, while the Spanish Club made valograms available to those who wanted to send special greetings.

Members of Reagan's Art Department participated in the "Texas Art Education Association Presents Paper" exhibit February 13-15 at the Crest Hotel.

The Walk for Development, a youth mobilization project sponsored by the United Nations Freedom from Hunger Foundation, took place on the 22nd. This project, the first of its kind in any city in the South, roused much enthusiasm from students as well as teachers. Betsy Hess, senior, served as the city's high school coordinator.

The Blue Jesters' second production for the year was presented on February 28 and March 1. *Mr. Hobbs' Vacation* was the comedy, and as usual it proved to be a great success for the Drama Department.

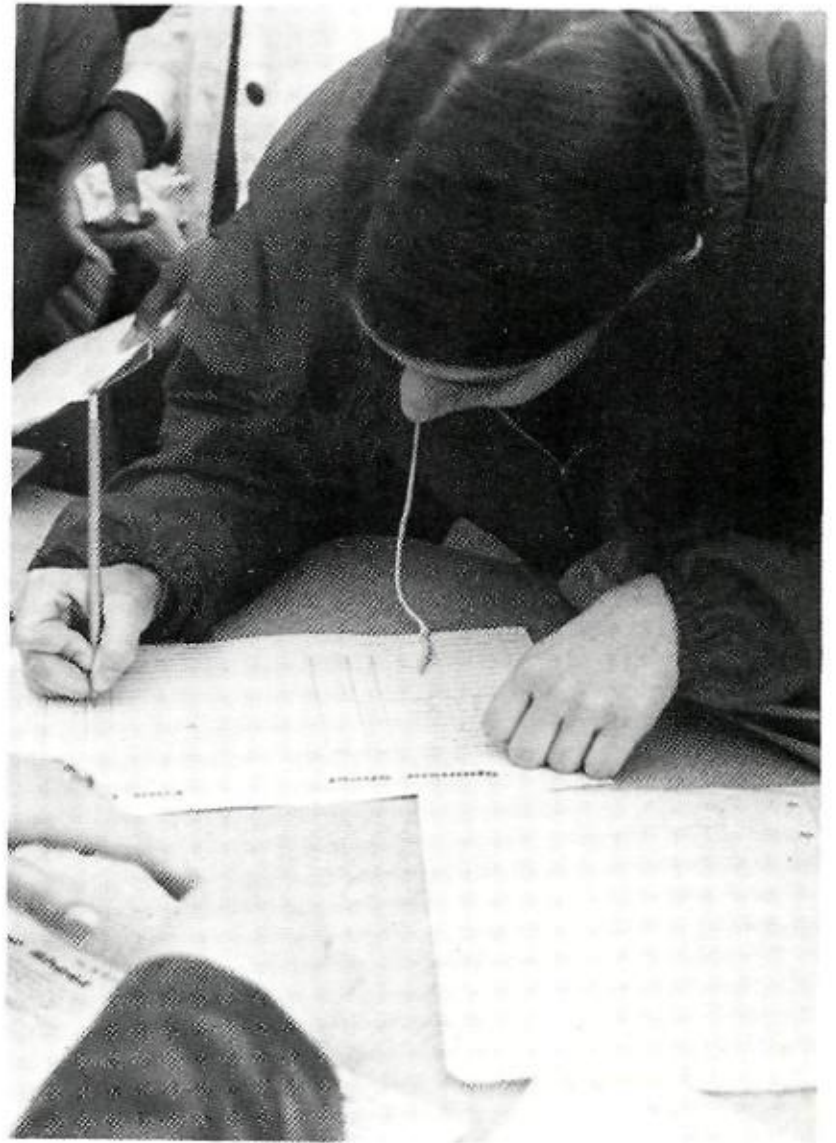

WHO HAS A sweetheart? Everyone finds out when carnations are delivered on Valentine's Day to students by Debbie Tatum and Sally Manley.

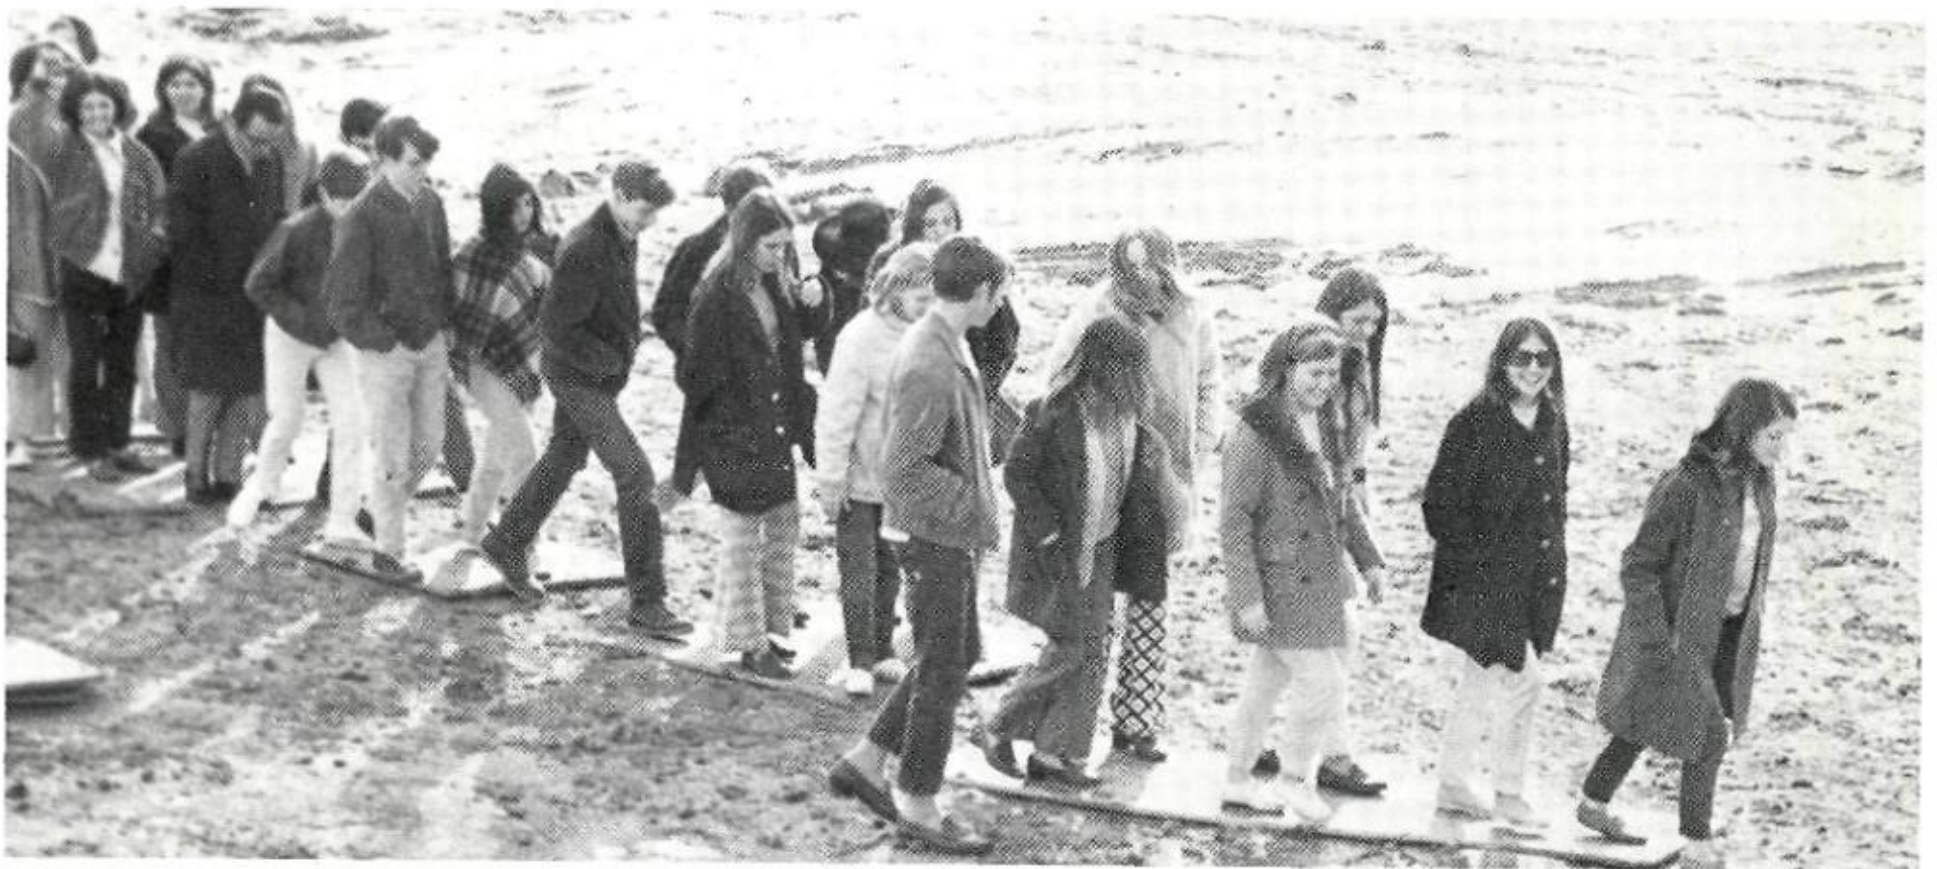

GOING TOWARDS THE second rest stop in hopes of something to drink, students participate in the Walk for Development.

REAGAN HIGH SCHOOL as in all fields was #1 in the number of people participating in the walk. Cheryl Pritchett, Corliss Overton, Judy Walther, Linda Reed and Susan Schneider listen to instructions before departing.

REGISTRATION FOR THE Walk for Development started at 7 o'clock. Students received maps of the route and turned in sponsors' names.

THE WALK BEGINS and so do the blisters, but the spirit of the walkers does not falter and the amount of money builds up toward an estimated \$10,000.

School Life Involves Many Activities

The special interests of each student can be accommodated by at least one of the 25 organizations at Reagan. Each club with its sponsor manages to squeeze into a busy school year many meetings and enjoyable activities for members. Ranging from Student Council to the Chess Club, the organizations aim to please many tastes and fancies while keeping in mind the honor of being a club representing a school such as John H. Reagan.

Club Charters Begin Year of Projects

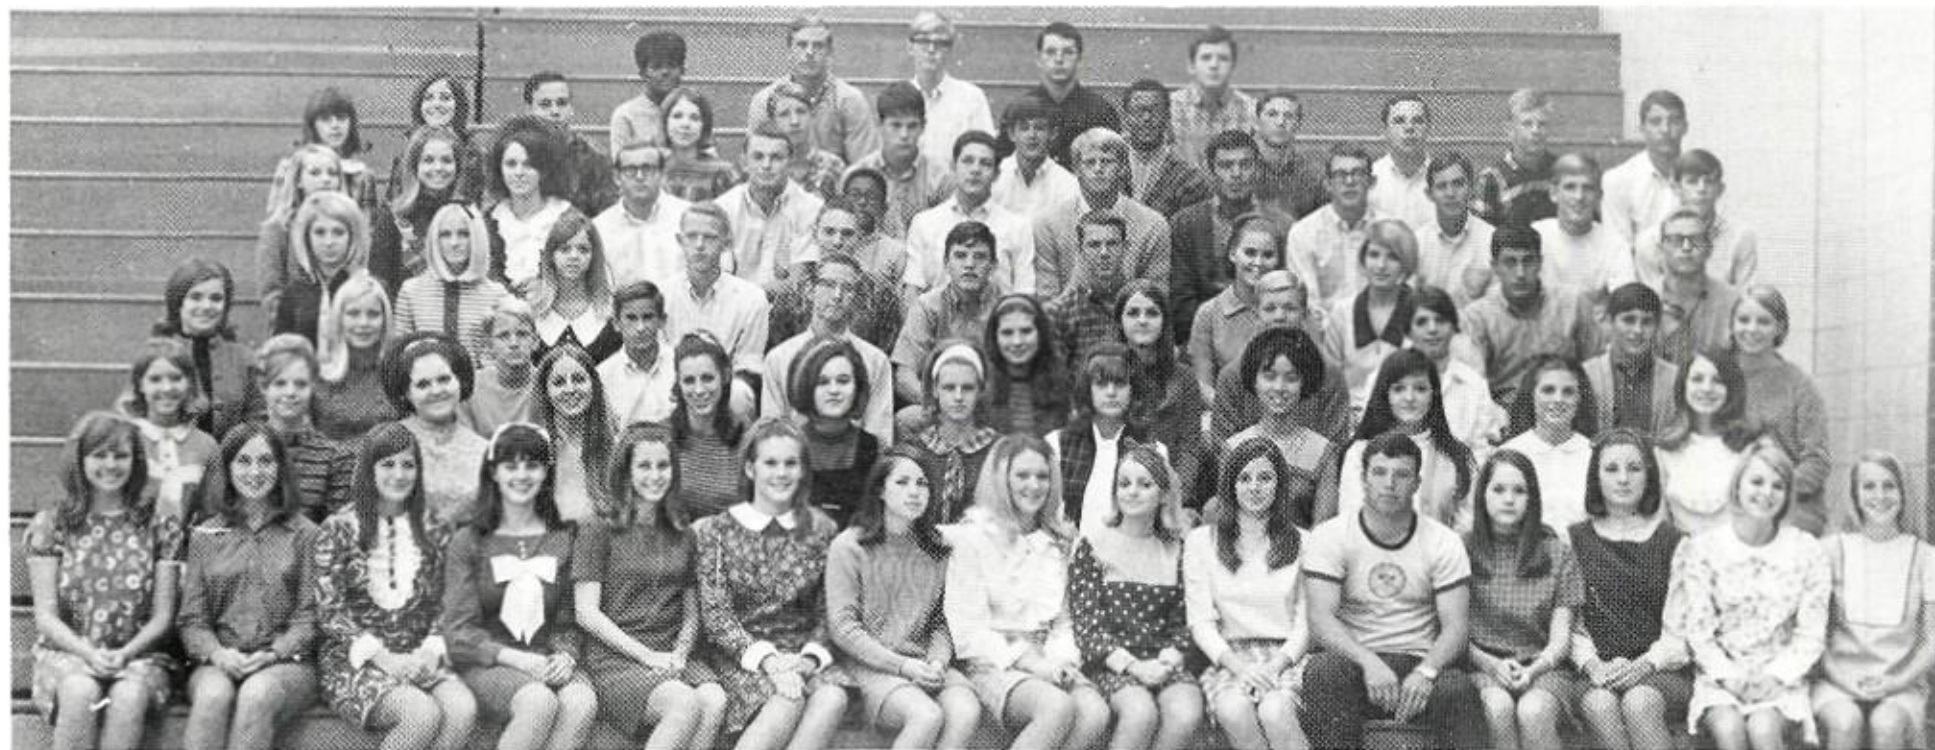

One of the bigger and more active organizations of Reagan is Student Council, which encompasses many areas of service and spirit. The Council, with its two groups of officers which are elected each fall and spring, work with committee heads and advisory representatives in building better attitudes toward and more enthusiasm for Reagan activities.

The Fall Student Council published the Student Directory, sponsored the Howdy and Homecoming Dances and held a Christmas party at the Travis State School. A new project, the chartering of clubs, was initiated this fall. Each club came before the Council's scrutiny before it could become an official organization of RHS.

The Spring Council sponsored a dance held March 7, with the Sweet Tarts providing music. Several new committees were organized for the spring semester. The Agenda Committee planned the business for each meeting while the Student Opinion sent out referendums to discover student opinion on policy proposals such as what type of dance the spring dance would be.

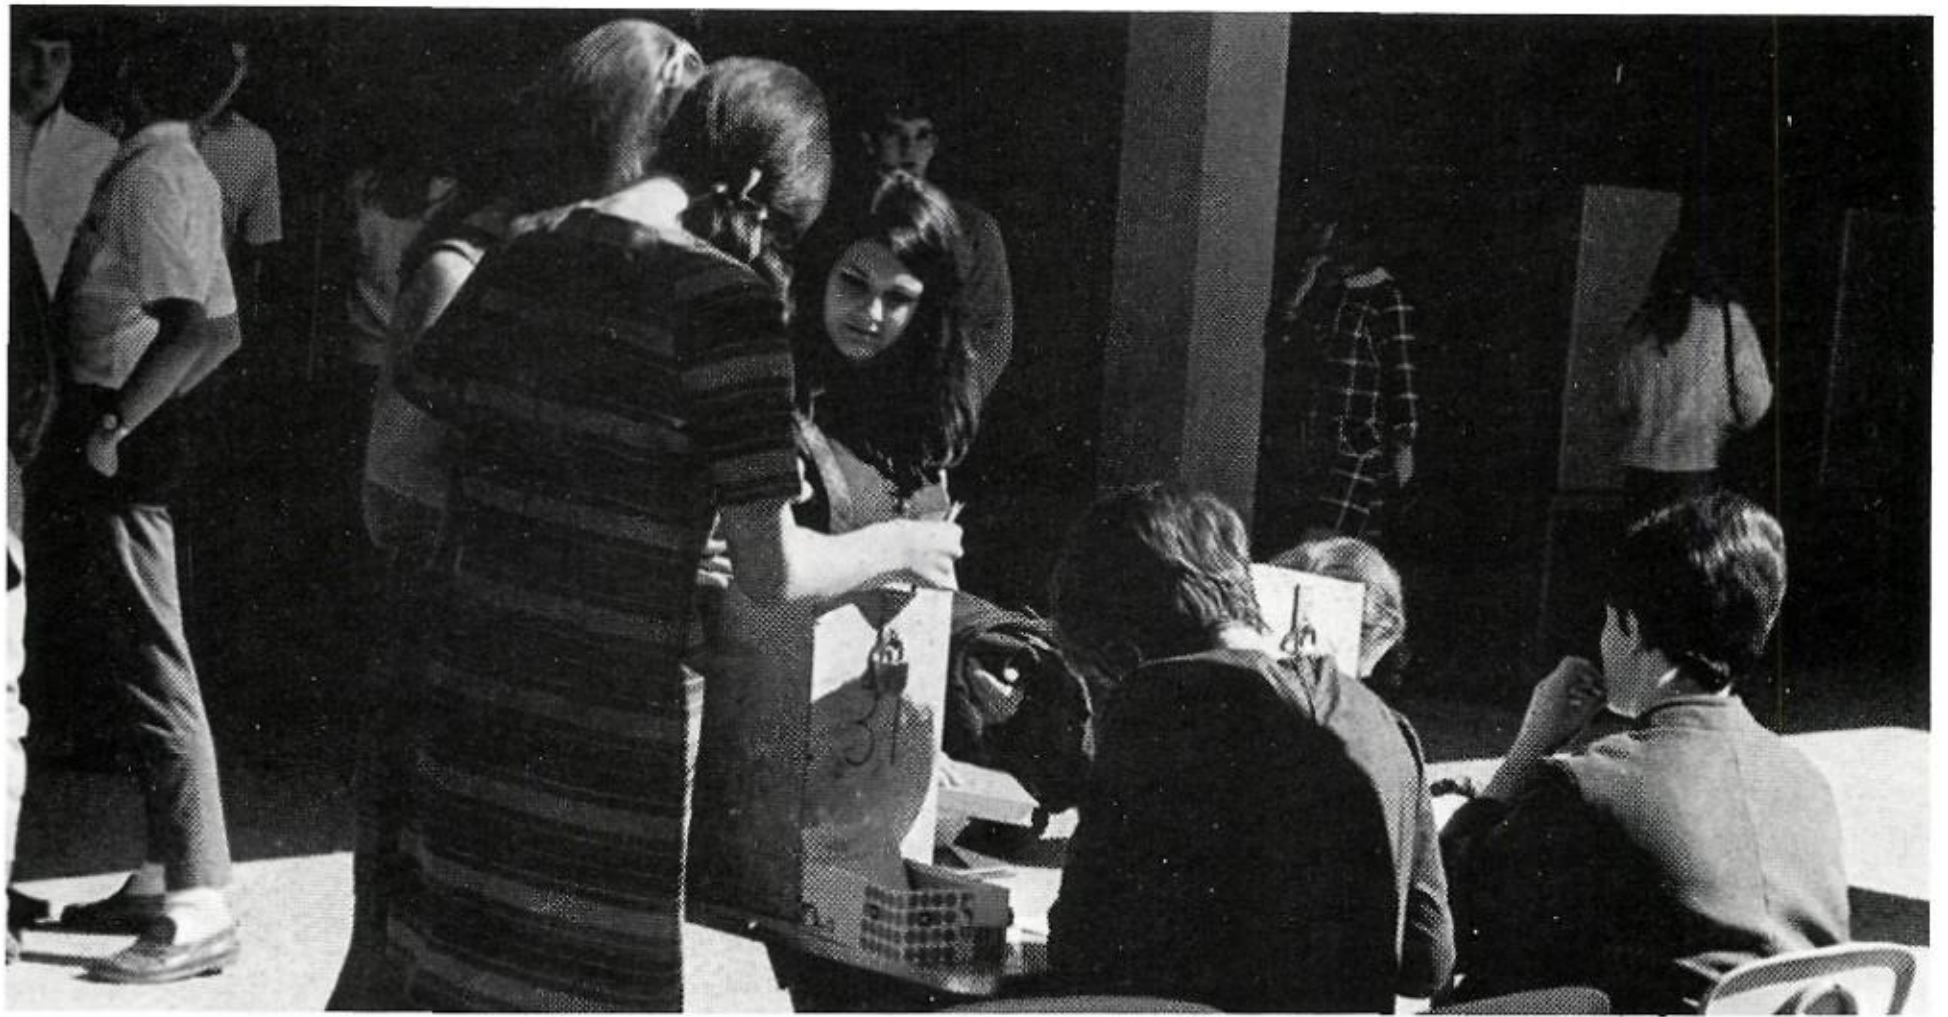

ONE OF THE RESPONSIBILITIES of Fall Student Council president Jack Louis is the reading of announcements during advisory.

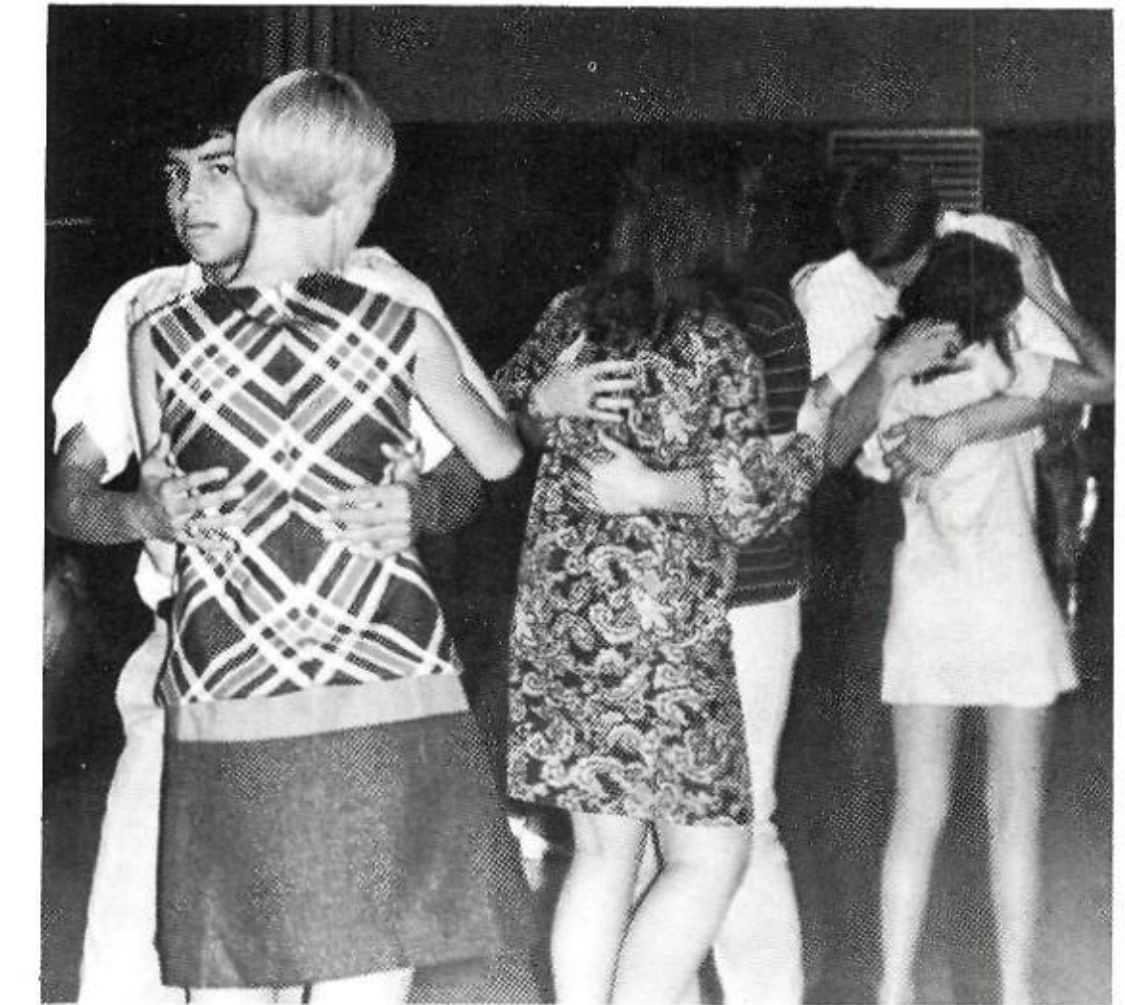

FALL STUDENT COUNCIL REPRESENTATIVES ARE, *bottom row from left*, Sue Hildebrandt, Robin Howard, Linda Morrow, Sharon Sepulveda, Paula Buttry, Diane Glass, Jan Wukasch, Rhonda Ray, Debbie Alexander, Susan Harris, Emory Bellard, Margo Cook, Rhonda Pankratz, Sally Manley, Debbie Tatum; *second row from left*, Mary Campbell, Marlys Erikson, Willa Kaye Warren, Joy Holt, Lindsey Anderson, Cyndee Warren, Martha Gaddis, Rhonda Lumpkin, Doris Ma, Jan Howell, Charlotte Porter, Carolyn Ferrari; *third row from left*, Leah Ryan, Diane Miles, Dale Brewer, Gary Knippa, Tommy Purgason, Karen Gibson, Susan Noell, Milton Dare, Sally Towery, Billy Schott, Tinker Bell; *fourth row from left*, Terry Hardin, Donna

National Honor Society Football Players Win over "Brains"

The Reagan National Honor Society consists of 26 students sponsored by Mrs. Betty Franks and Judy Rowe. This year's officers are president, Mike Bayer; vice-president, Alan Moore; secretary, Donna Hamann; and treasurer, Anita Allen.

The Honor Society again adopted a little girl from Korea through the Christian Children's Fund. Other projects of the Honor Society were a forum held in the spring at which members discussed topics and how movies, books and art affect our values, and a Cereal Bowl, where football players are asked questions by the students. The assembly was the only money-making project of the Honor Society, while the forum was an activity suggested by Principal J. Davis Hill.

AFS

Newest Organization Formed to Serve Exchange Student

Through the help of the American Field Service, Reagan has played host to Maria Teresa Massano, this year's exchange student from Rome, Italy. Efforts to raise money for an exchange student next year began with the Ugly Man Contest in December. Ugliest was Preston Matthews, Steve Darby was first runner-up, and Bryan Hill was second runner-up. Over \$120 was collected by these and other contestants for the club.

The highlight of the spring semester was a teacher talent show, put on with the help of the Student Council Foreign Exchange Student Committee.

Other activities included a brother and sister of the month. A boy and girl are selected each month to entertain the exchange student. These two take the exchange student places and help her to learn more about American culture.

Blue Jesters

Extra Rehearsals Necessary for Perfection

ASSISTANT DIRECTOR CHARRON HODGE checks over the scripts for *Mr. Hobbs' Vacation*.

Besides producing *The Little Foxes* and a comedy in February, as well as a bill of one act plays, the Blue Jesters have been busy in other money-making projects. They have a babysitting service for parents who want to view the play, they sell season tickets, and they sell patron memberships to adults interested in helping the club. The Blue Jesters earned over \$300 in these projects.

At Christmas, the Blue Jesters and the choir put on a Christmas show. During the choir's performance members of the Blue Jesters presented silent tabloids depicting scenes of the Nativity. They also collected food for a needy family during the Christmas season.

The comedy *Mr. Hobbs' Vacation* was performed in late February. A summer full of frustrations and more problems than expected fill a summer planned for relaxation.

The Blue Jesters have a ceremony before each play called the Good Show Circle. Here all telegrams are read and members present Mrs. Novosad with flowers after each performance. The year ends with the annual awards banquet, at which awards are given to deserving members such as Best Actor, Best Actress, Best Technician and Best Blue Jester. Also a new award, Patron of the year, is presented.

Mrs. Glory Novosad is this year's sponsor. Club officers are Suzy Clarkson, president; Anita Allen, vice-president; Caren Murchison, secretary; Martha Lofley, treasurer; Pam Johnson, reporter-historian; Robert Lineback, sergeant-at-arms.

Speech Club

Honors Indicate Tournament Talent

To further the development of speech activities is the purpose of Reagan's Speech Club.

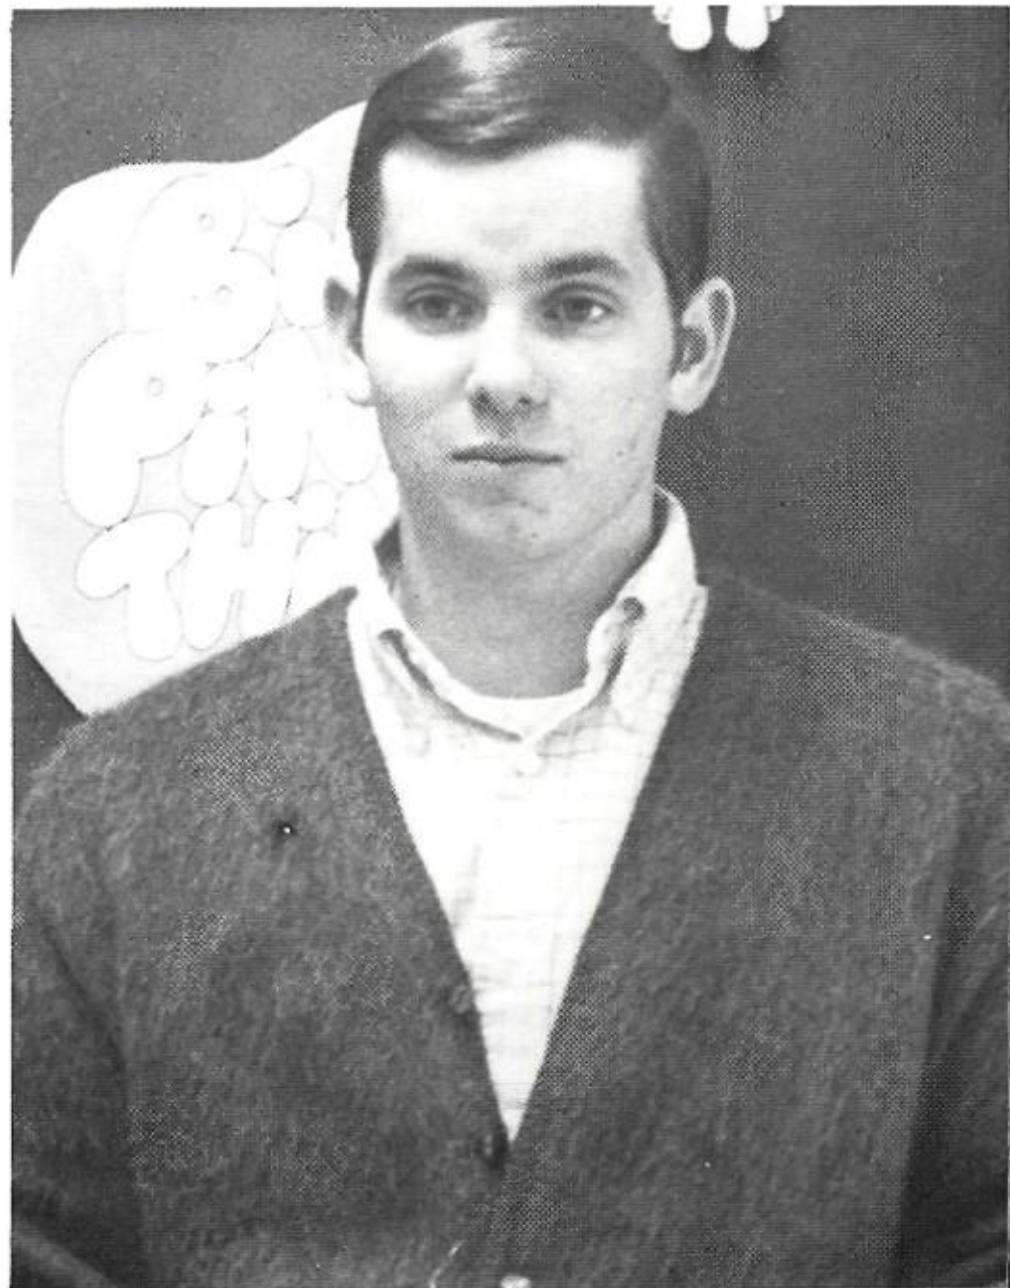

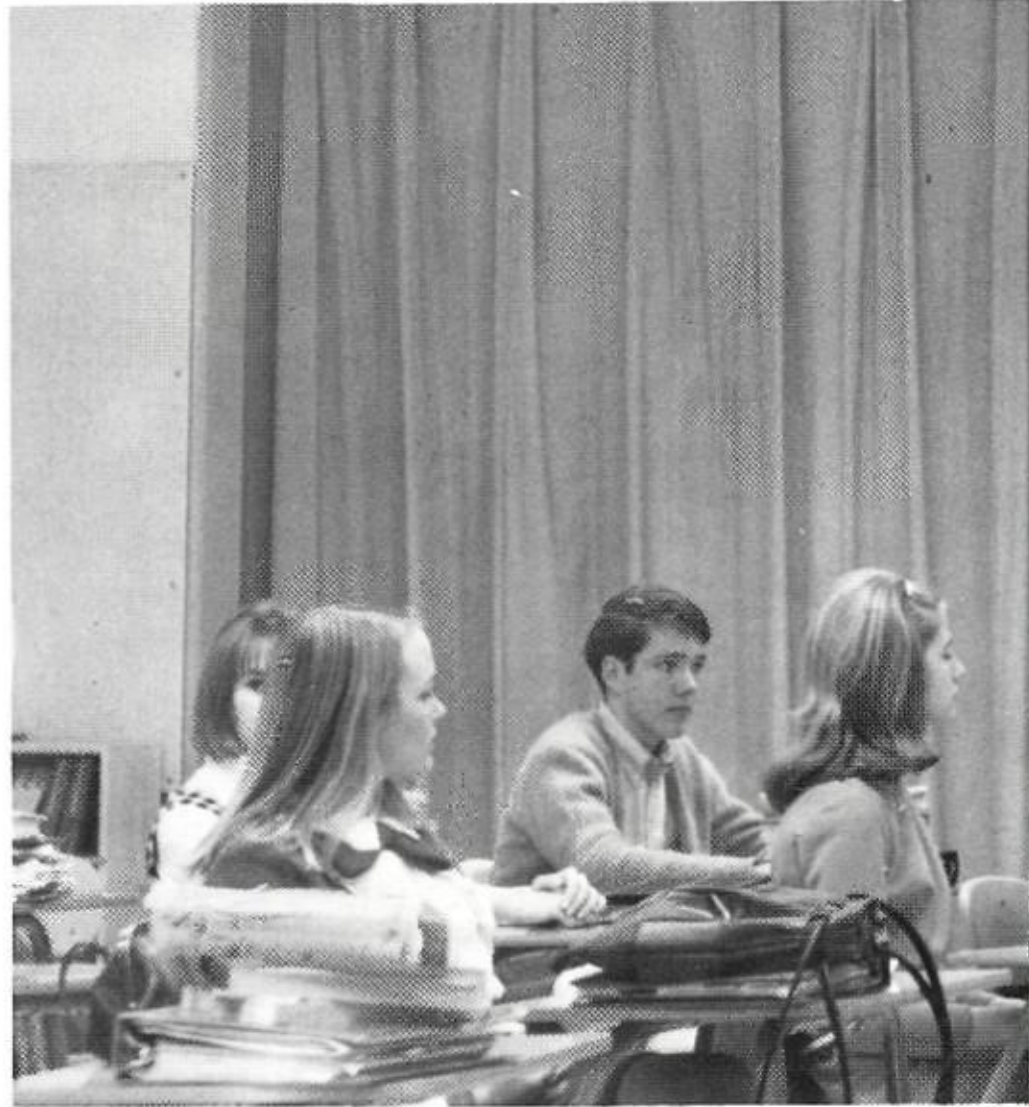

The wide range of activities participated in by members include debate, duet acting, poetry and prose interpretation, extemporaneous and persuasive speaking, dramatic and humorous interpretation, original oration and analysis of public address.

Competition, honors and trophies came from tournaments in Churchill of San Antonio, Martin Jr. High, Interscholastic League, Trinity in San Antonio, King in Corpus Christi, Tivy of Kerrville and Alamo Heights in San Antonio.

The '68-'69 Speech Club has been very active under the guidance and supervision of Mrs. Kathy Miller. Club officers are president, Tony Freytag; vice-president, Betsy Hess; secretary-treasurer, Manette Dodge; reporter-historian, Barbie Jones.

HR

Black Hats, Banner Signify HR3 Spirit

Spirit signs, skits and deep voices add to Reagan High's spirit as the HR3's, an abbreviation for "High Ridin-Reagan Raiders," participate in pep rallies. Supporting the traditional run-through signs at football games, the HR3's are always there with rousing spirit.

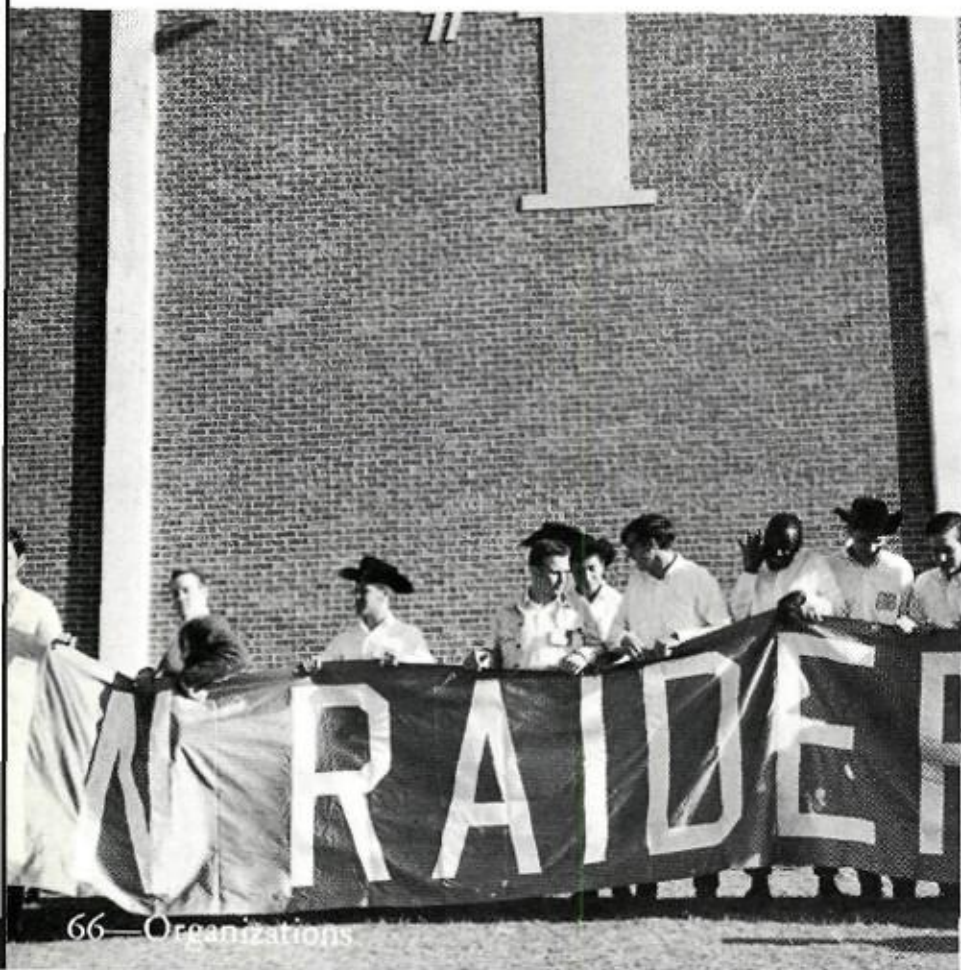

The HR3 is Reagan's boys' service organization in which senior boys help the school materially, by the annual painting of the parking lot lines, and spirit-wise. HR3s can always be spotted on game days by their official uniform of blue jeans, white shirts and black hats.

Miss Dorothy Flury was chosen the 1968-69 Sweetheart of the HR3. Jack Louis is sponsor.

The year's activities included the responsibility of displaying the "Reagan Raiders" banner made through the money raising efforts of Mrs. Jo Ann Anderson and Mrs. Margaret Bacon of the P-TA and many Raider supporters. A slave auction, a barbeque, the traditional basketball game between the male faculty and senior boys, and a party for the football boys after the state championship was won were plans for the year.

There are approximately 55 boys in this service organization, and it is one of the most active clubs at Reagan.

Double R's

RR's Lead Hurried and Colorful Life

"Do you want to buy a spirit ribbon?" "Would you like a bumper sticker?" To all the students of Reagan these few words seem to be a great extent of an RR's vocabulary. Because of the extended football season, the girls were very industrious selling the spirit ribbons that got bigger as time went on, and many bumper stickers passed through the hands of a hard-working group of girls.

Football enthusiasts were unable to ignore the RR's selling football programs for Publications.

This year a dance group was added to the RR's. Consisting of 25 girls, the group performed at football halftimes and basketball games. They were also very familiar to those at the pep rallies for their performances of "Windy."

RR officers are Marcella Mitchell, president; Charlotte Porter, vice-president; Pat Headley, secretary; Becky Knippa, treasurer; and Linda Reed, historian. Dance group captains are Connie Seidenberger and Manette Dodge. The spirit organization is sponsored by Paula McGee.

Gymnastics

Special Tricks Build Bodies, Increase Strength

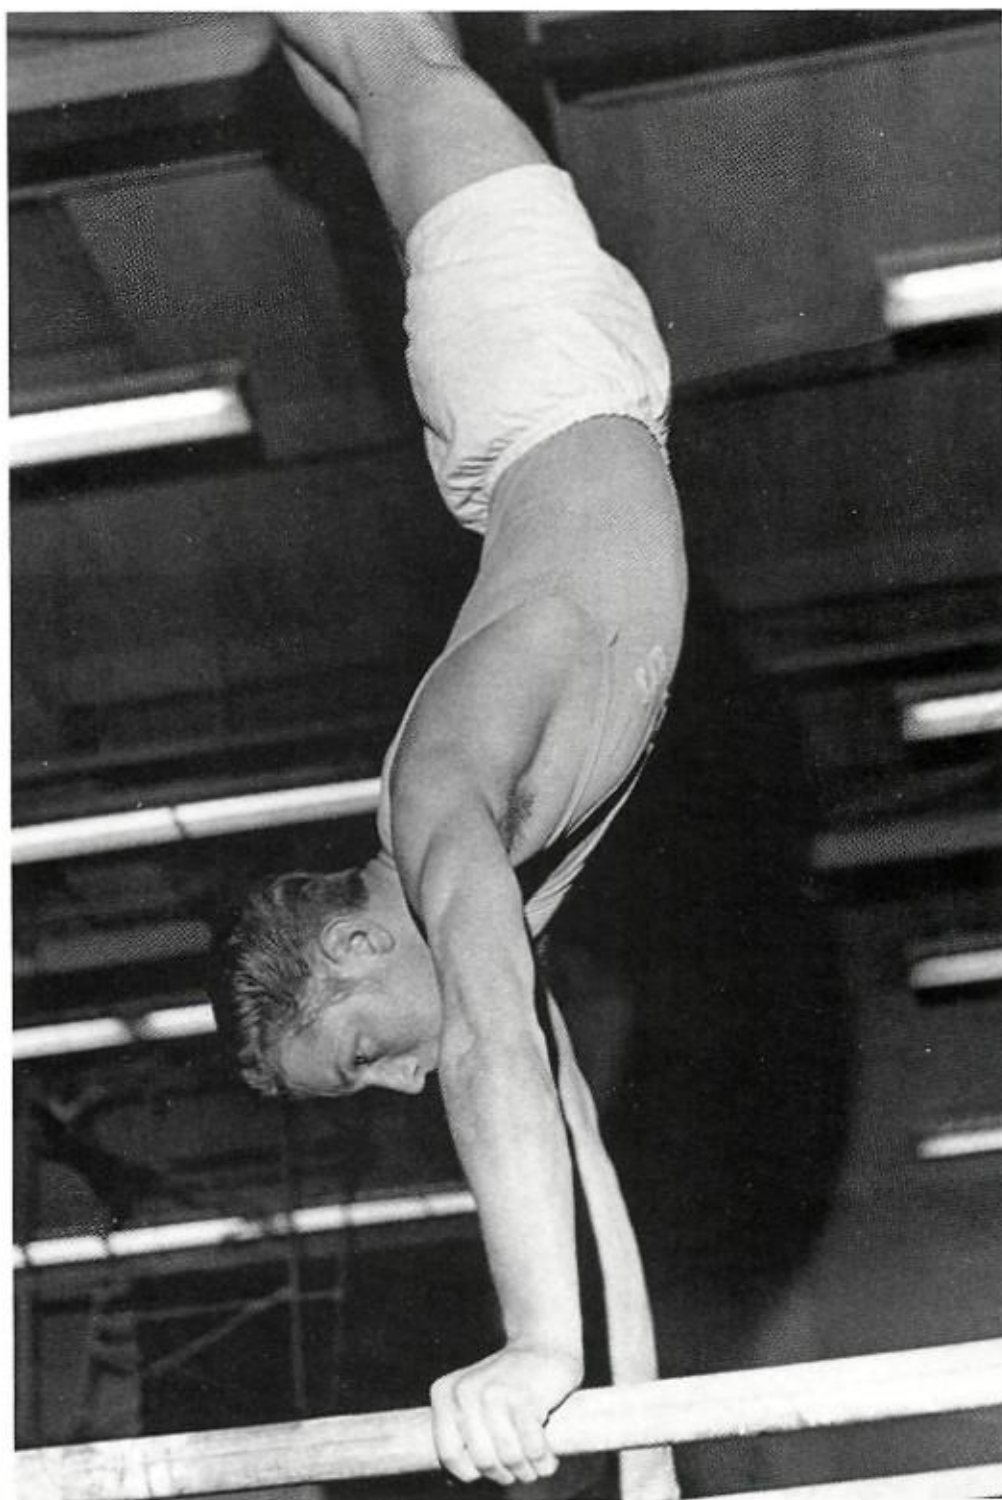

To develop physical fitness of the body and learn beauty of body control are the main purposes of the Gymnastics Club.

Sponsored by B. W. Schenk, the Boys Gymnastics Team participated in dual and invitational meets during its November to April season. Several members of the team also competed in the Texas High School Gymnastic meet in April.

At one football halftime show the club performed, as well as at several basketball halftimes.

New this year is the establishment of a Girls Gymnastic Team and club sponsored by Miss Mary Ellen Johnson. There are approximately forty members.

Special performances at junior high schools and at Reagan basketball games head the agenda of this new group.

Future Homemakers

FHA Members Experience Eventful Year

Future Homemakers of America started the year by attending the state meeting at the City Auditorium. During the Christmas season members held an open house for teachers and parents. Cookies were also baked and sent to the soldiers in Viet Nam.

On October 14 officers were installed at the regular meeting. A talent show was also presented to the members and guests. Other speakers for the year included a representative from Mary Kay Cosmetics, who talked on various types of makeup. Al Herson spoke to the club on narcotics at the November 18 meeting. A demonstration sponsored by American Handicrafts was also presented.

Choir

Performances Given for Special Occasions

The highly recognized Reagan Choral Department consists of four groups, the Reagan Chorale, the Girls Choir, the Boys Choir and the Mixed Choir. This year the choirs participated in a Christmas program held in the Boys' Gym, a Fall Choral Festival and a Spring Festival, among other various activities.

This year the Reagan Choral Department has been raising money to send 45 members of the choir on a concert tour of Europe this summer. Such fundraising projects as fruit cake sales and newspaper drives filled the year with efforts to get the choir to Europe. The last week of July the choir will travel by boat to Luxembourg, where the tour begins. Their itinerary consists of stops in Brussels, Amsterdam, Luzern, Bremen, Salzburg and Vienna.

While in Vienna, the choir hopes to be able to participate in a symposium, which is part of the Vienna Choral Festival.

The choirs are under the direction of James Sheppard.

MADRIGALS STEVE HUBBARD, Jan Howell, and David Jones add their harmony to the annual Christmas program.

Band

Raider Band Essential to School Spirit

Heading the Spirit Department at Reagan is the Reagan Raider Band, directed by R. B. Hungerl.

Practice begins in the summer when band members march with their counterparts, the R.R.'s. Then with the beginning of school and marching season each morning the band is practicing by the first bell at 8 a.m.

During halftime of football games the Raider Band performs. The rain made it impossible for the band to march in two games. At each pep rally before a football game the band is always heard. The majorettes also perform to a variety of songs.

Beginning school at the Ice Cream Social, the concert band made its first appearance. It was there that the three majorettes for '68-'69 performed a short routine after being introduced. Since then the Reagan Raider Band has entered Interscholastic League Competition and performed at such activities as a parade down Congress and a special banquet given for the football team by the City Council.

Stageband

Activities of Stageband Begin in Spring

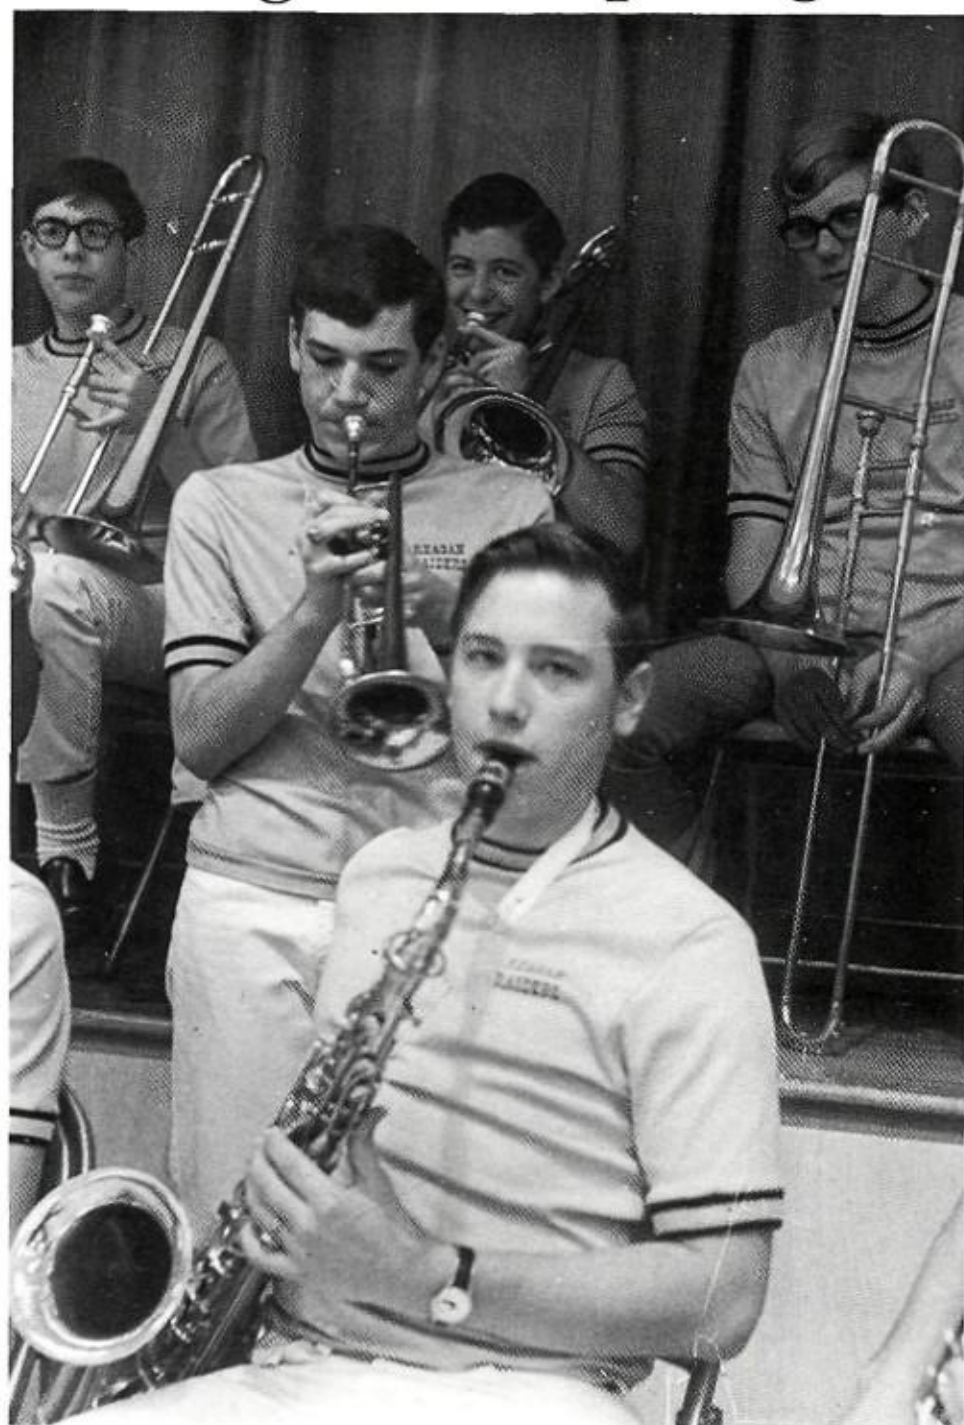

Under the direction of R. B. Hunger, the Reagan Stageband is newly formed as of this year. Being one of the Austin high schools without a stageband, this year's addition gave Reagan its own.

Five saxophones, 3 trumpets, 5 trombones, a piano, guitar, drums and bass are the instruments combined in the band. Specializing in dance music, the members enjoy getting together and playing more contemporary music.

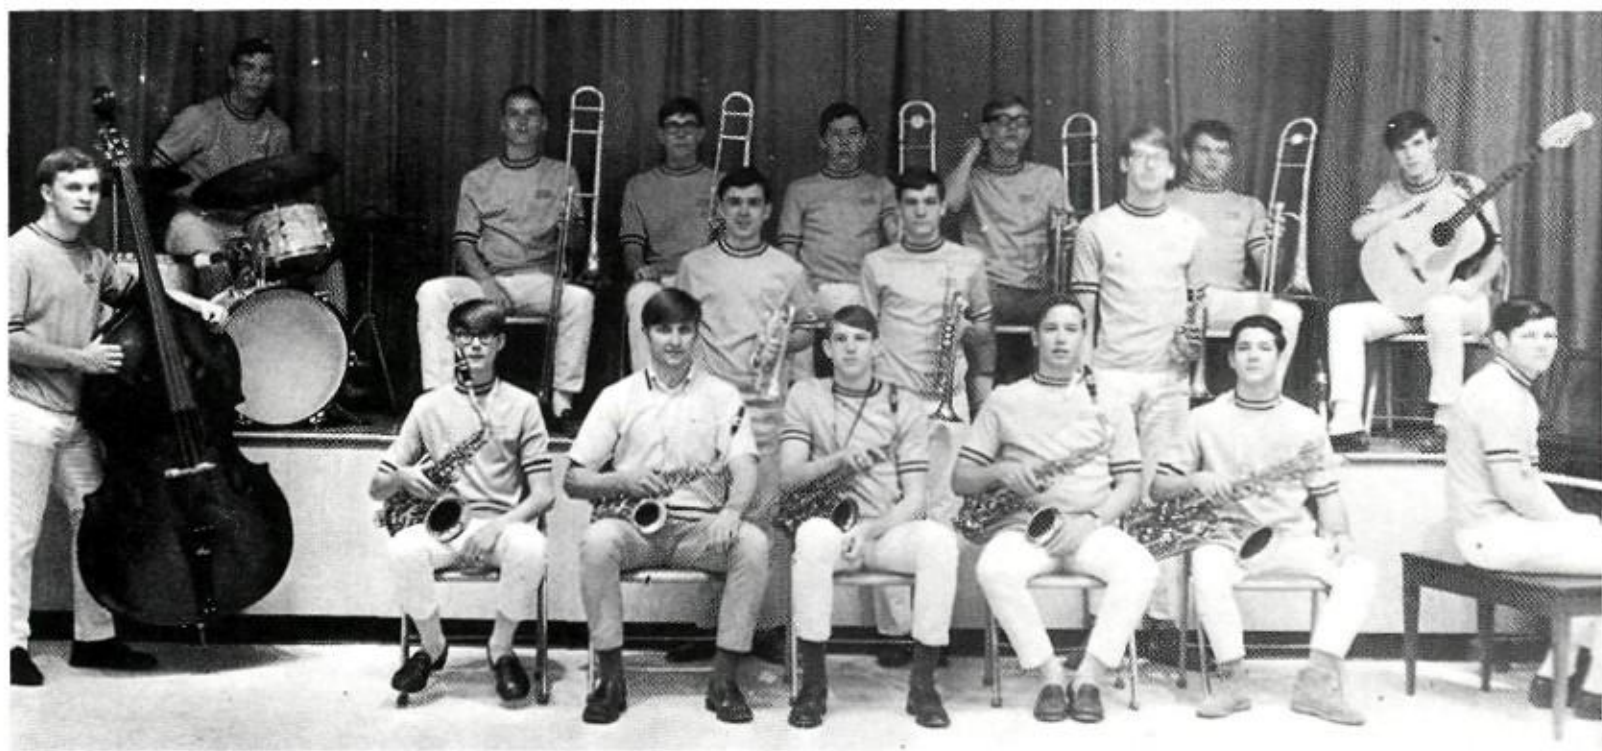

Shortly after the band's formation in late February, their first performance was at the Gymnastics Assembly held March 6. Music accompanied the movements of the gymnasts on the trampoline, vaulting horse and rings.

Orchestra

Instruments Require Skill, Practice

DAVID CONNER COMBINES finger dexterity and concentration in playing the bass.

Perhaps the main purpose of members in the Reagan Orchestra is to learn more about music and more specifically to practice orchestral repertoire and to develop proficiency on various instruments.

The orchestra meets every day at 7th period under the sponsorship of Mrs. Janet George, who holds a Bachelor of Music Education from the University of Kansas.

Eleven violins, five violas, two cellos and one string bass make up the orchestra. Concertmaster for the 19 member orchestra is Nancy Needles.

Announced on January 11 for All Regional Orchestra were Nancy Needles, Phyllis Courtney and Frances Johnson. The only member of the All-State Youth Orchestra, held on February 20, was Miss Needles.

Throughout the year the orchestra played at various elementary schools and performed at the annual choir Christmas program.

Future Teachers

Visit to Elementary Favorite Project

Future Teachers of America is composed of students interested in teaching careers. In the spring, members made a field trip to an elementary school where they were given an opportunity to practice-teach for a day. Delegates were sent to the State Convention in Austin on February 22.

Besides teaching, members collected food and donated it to needy families during the Thanksgiving and Christmas holidays. FTA members also sponsored a Valentine's party for the children at the Settlement Home. Sponsors of the organization are Mrs. Carolyn Haynes and Mrs. Olive Haynie.

Carols, Carnations Fill School Year

"WOULDN'T YOU LIKE a French Club carnation?" inquires vendor Debbie Tatum.

Free tutoring in French, geometry and other courses was offered to Reagan students by the French Club. Members contributed to the language newspaper published by the German Club, and carnations were sold on Valentine's Day.

Fall activities included an open house on November 24 in which the McCallum club participated and the singing of French carols at Christmas, after which a covered dish dinner was held.

Spring plans included a booth at the annual Language Festival where garters, travel posters, French bread and eclairs were sold. Entertainment highlight was a can-can dance. Also, a simulated French legation was planned.

FRENCH CLUB MEETINGS provide time for discussion of projects and plans for spring activities.

Spanish

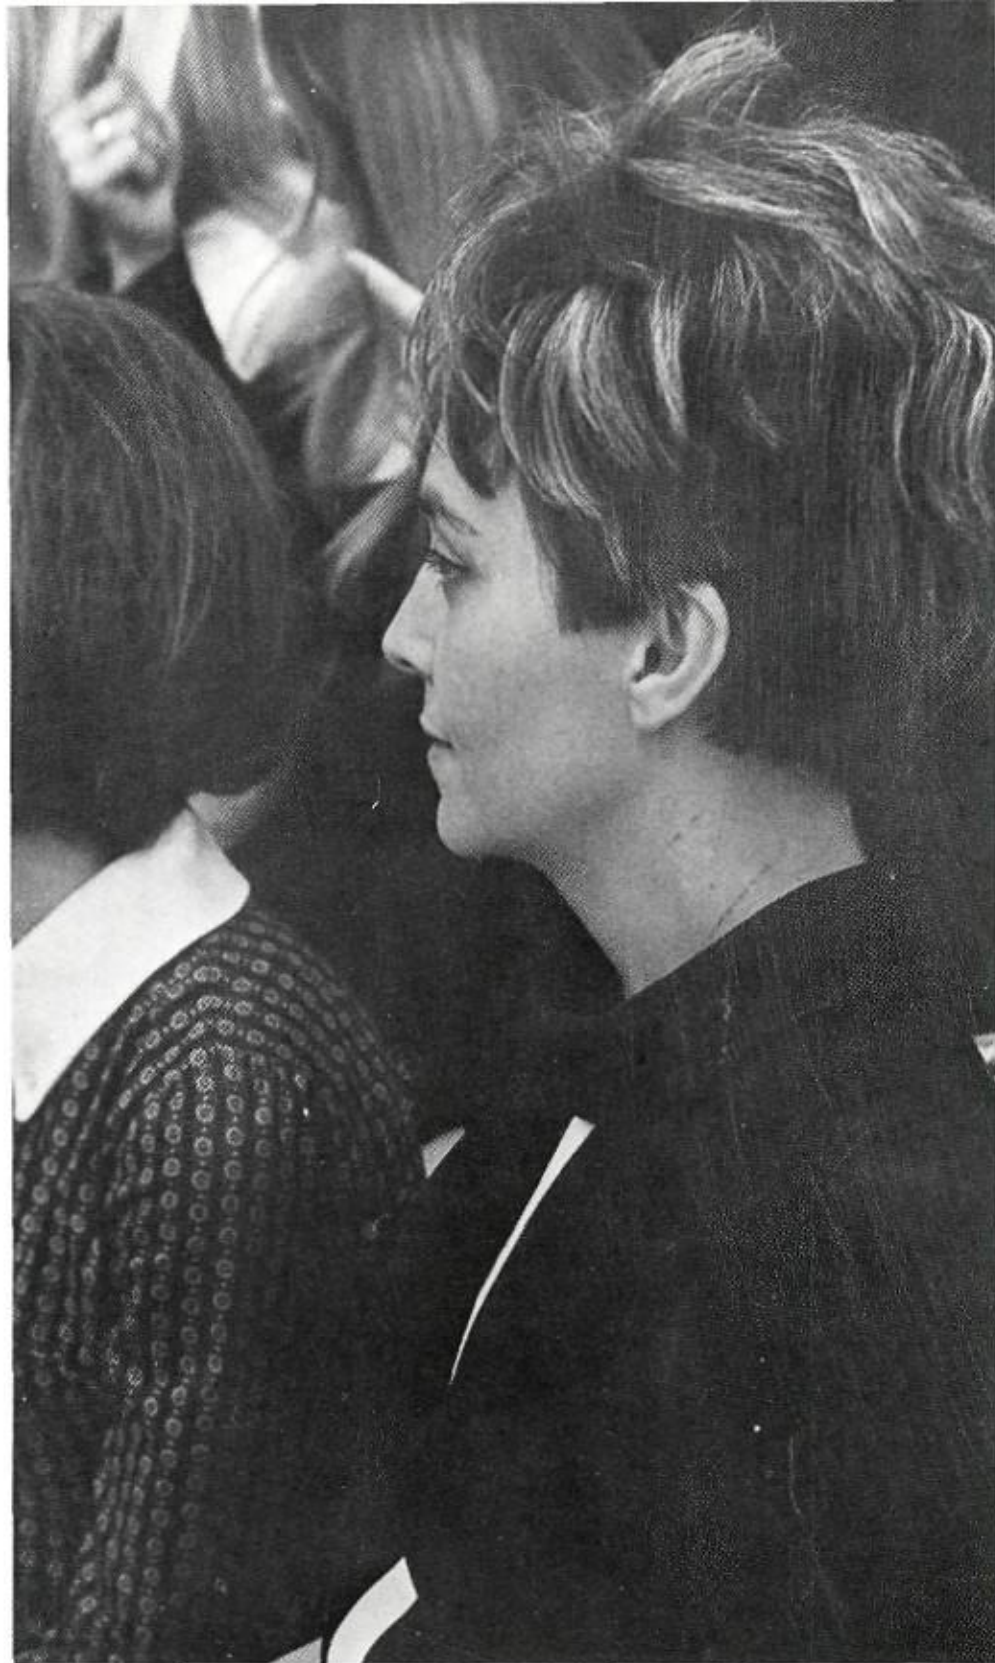

Many Car Paintings Involve Members In Spirited Fun

Fun and festivities are a part of Spanish culture and are incorporated into the activities of Reagan's Spanish Club (PASF). Throughout the year the Spanish Club is one of the most active clubs at Reagan.

Activities started in the summer when a District Council was formed by the efforts of the club officers and sponsors. During the football season the club painted cars in spirited colors for a nominal fee of 75 cents. The school was also decorated with spirit signs written in Spanish. During Christmas and Thanksgiving, food baskets were given to needy families.

The Language Arts Festival in February was enhanced by booths selling tacos and chili. In March delegates attended a convention at the Terrace Summer House. Throughout the year members also went out to eat at various Spanish restaurants.

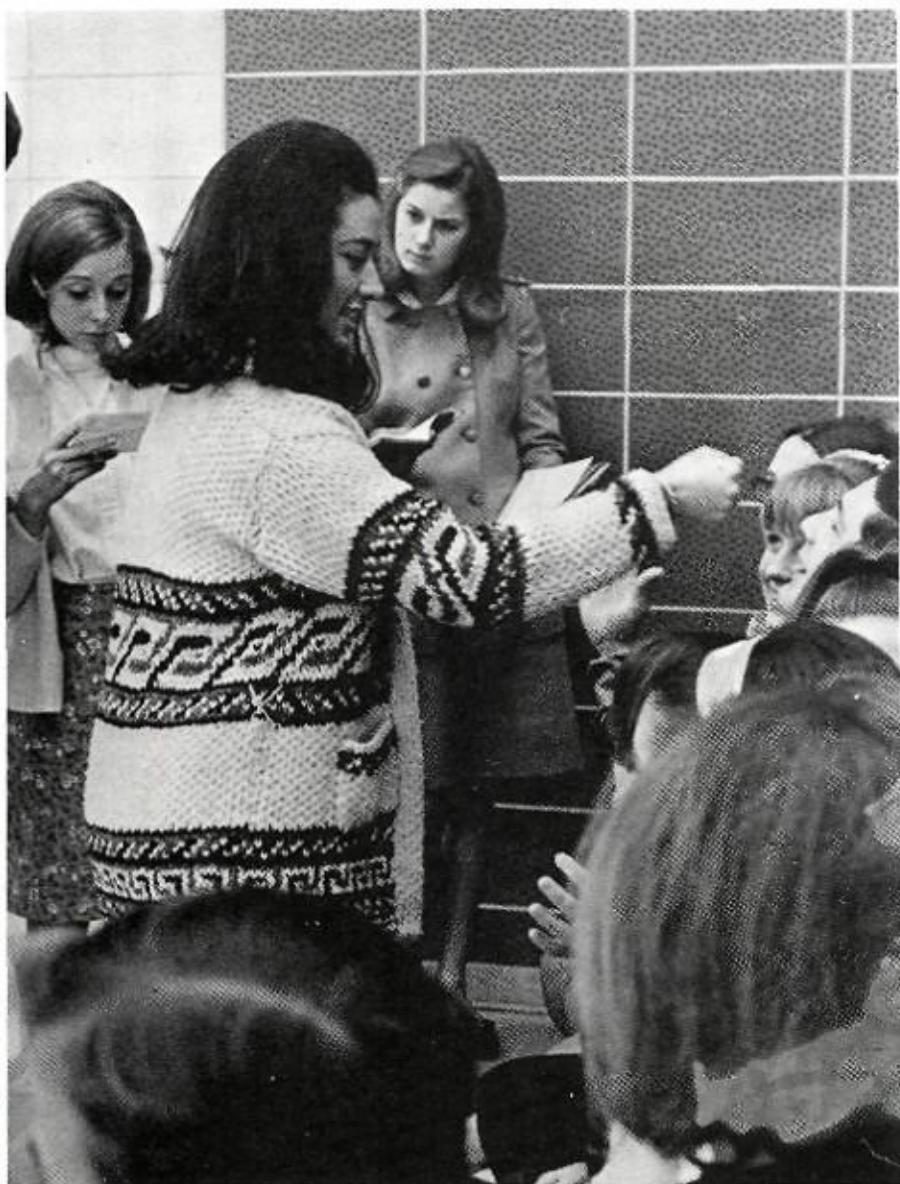

The club's active year was under the supervision of Mrs. Doris Henderson and Cecelia Houk. The officers were Bill Bray, president; Mickey Vann, vice-president; Janice Chennault, secretary; John Abbott, treasurer; Celinda Yeager, parliamentarian; Martha Lofley, PASF chairman. There are 130 members in the '68-'69 Spanish Club

German

"Der Papierkorb" Special Club Project

Members of the German Club have been very busy this year. They started the year off with a city-wide "Oktoberfest" at Zilker Park. They joined the Texas Association of German Students, the National Federation of Students of German, and they subscribed to TAGS magazine. The club started a newspaper called "Der Papierkorb" in which the other language clubs participated.

Slides of Germany were shown at a meeting and the International Folk Dance Club performed German dances at another meeting. In the spring they held a city-wide Fasching Festival, which is similar to the American Mardi Gras. At their Christmas meeting, they viewed all German films loaned out by the University language library.

Plans were made to work on a play sent to the TAGS Convention in Abilene.

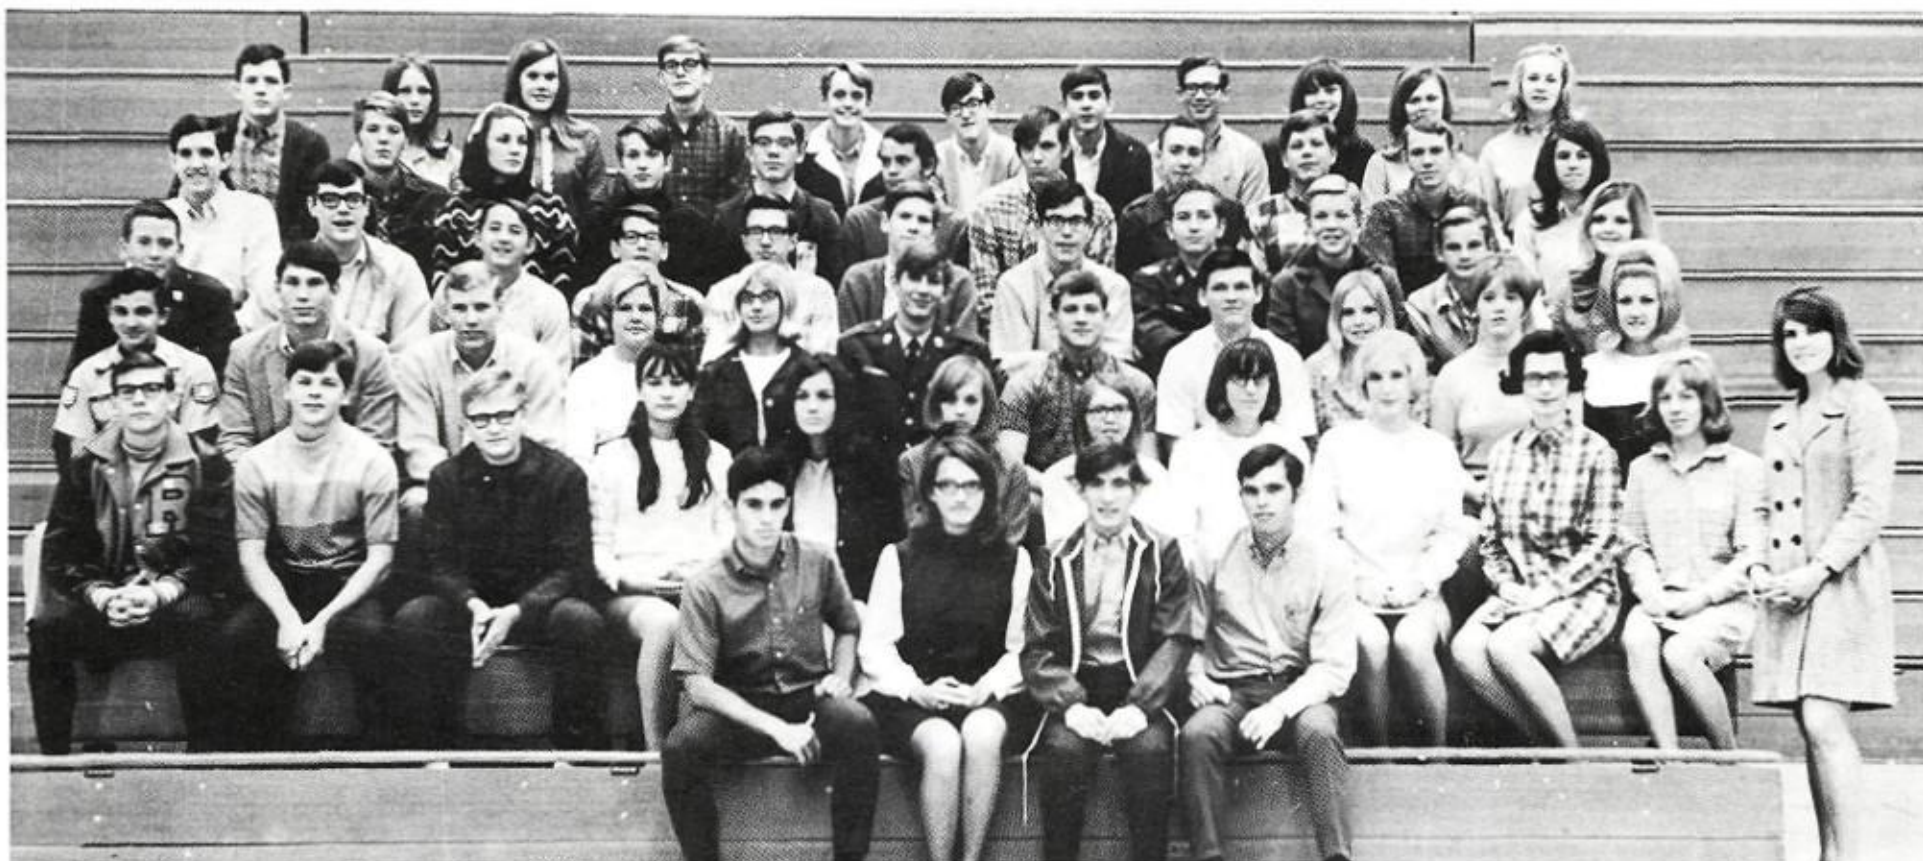

Sponsor of the club is Mrs. Edda Hodnett.

Club Members Bring Honors to Reagan

Appreciation of the civilizations of Greece and Rome and instruction of Latin for its value as a language are the primary goals of Reagan's Latin Club, *Reagani Romani*. The club, under the sponsorship of Mrs. Cora Fuller, is affiliated with the Texas Junior Classical League.

The 53 members of the club engage in such activities as the annual Language Festival and Saturnalia. At the Saturnalia, students participate in the reenactment of a Greek festival. The club also took part in the Junior Classical League Convention in Port Arthur on March 7 and 8, and will attend the Summer National Convention in New Orleans.

Club officers are consul, Tany Brydson; co-consul, Trish Wheeler; scribe, Connie Prock; quaestor, Diane Schoner; historian, Vana Hart; lictors, Chuck Lipscomb and Steve Phillips. Tribunes are Trish Wheeler, Mike Foster, Jimmy Williams, Terry Tamblin, Vicki Payne, Mark Yancey, Nancy Needles and Larry Beard.

ROTC Military Organization With Four Flights, Special Courses In Air Navigation

Basically the Reserve Officers Training Corps is a very specialized science course dealing with aerospace science, air navigation, the history of aviation and types of aircraft.

ROTC is run as a military organization with each of the four class periods a separate flight, which is a basic marching unit. The purpose of drilling is to instill obedience and co-ordination in each of the cadets. Officers are chosen according to seniority and ability. This year's officers are c/Major Rick Hart, Squadron Commander; c/Captain Gregory Pfunter, Executive Officer; c/1st Lieutenant James Jeter, Operations Officer; c/2nd Lieutenant Michael Von Wupperfeld, Information Officer. Other officers are c/Lieutenant John Wilson, Administration Officer; c/Lieutenant Lansing McNeely, Personnel Officer; and 2nd Lieutenant Gary Morrison, "A" Flight Leader.

Held on January 18 at Balcones Country Club was the annual Military Ball where the ROTC Queen, Mary Tait was crowned. The cadets participate in color guards for football games and parades for Veteran's Day and Governor Preston Smith's Inaugural. They also participate in honor guards and perform volunteer work for the Veterans of Foreign Wars.

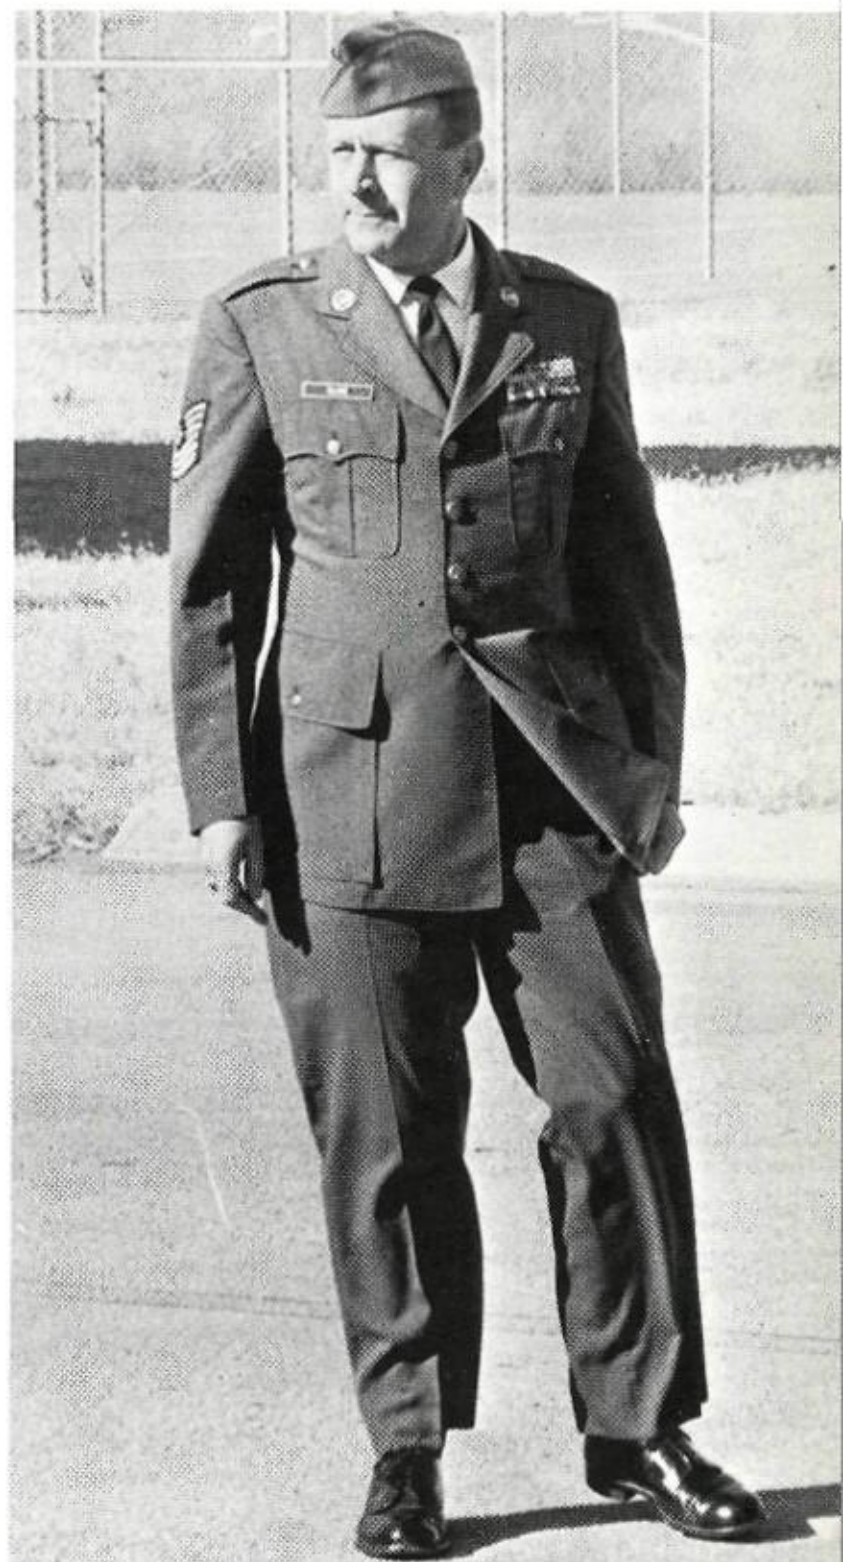

There are no special requirements for boys to enter ROTC, but upon graduation they are eligible for one year's credit in Senior Air Force ROTC. If they do not go into college but directly into the Air Force, they have a better chance for promotion later on.

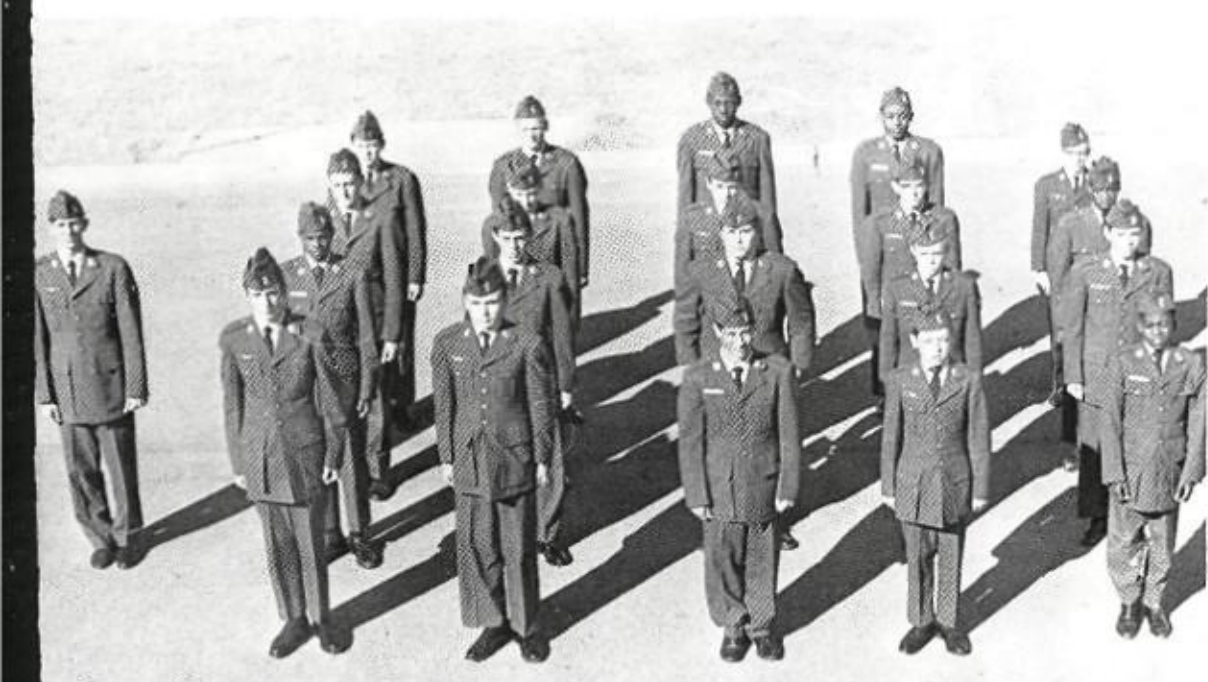

ROTC CADETS and their dates stand in a semi-circle awaiting the announcement of the ROTC Court.

Members Close Observers on Field Trips

Application of special knowledge and efficiency with special tools help members of the Industrial Arts Club of Reagan express their ideas on paper.

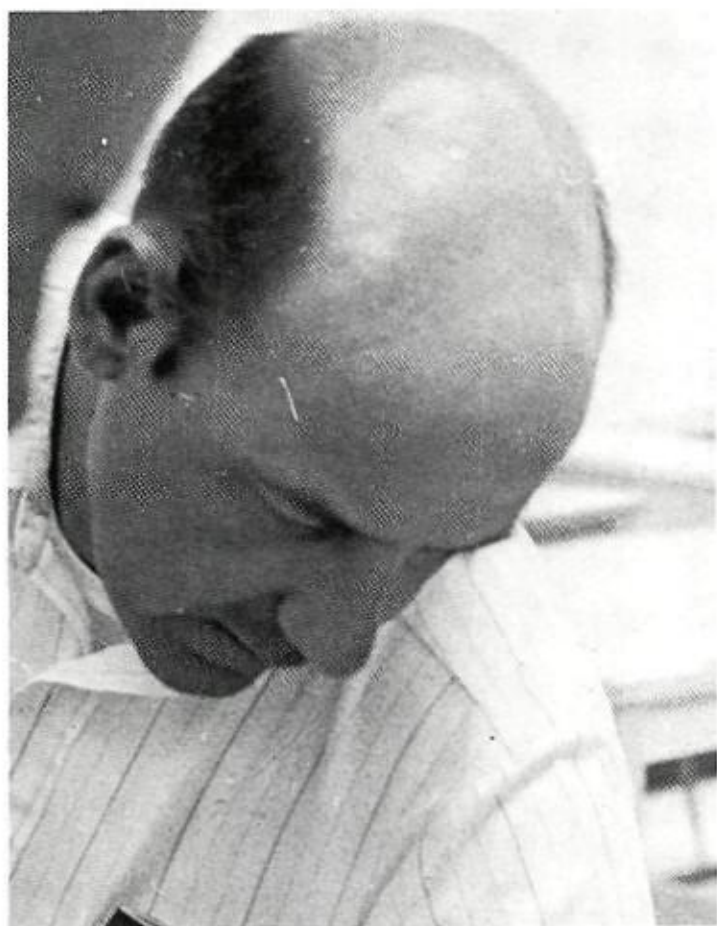

The club has helped the Drama Department in setting props and their president, Mickey Corenblithe, helped Student Council by lettering club charters.

Under the sponsorship of Roy Briggs, the club members have made trips to Tracor, Miller Blue Print Co. and John Roberts Ring Co., where they observed the senior rings being made.

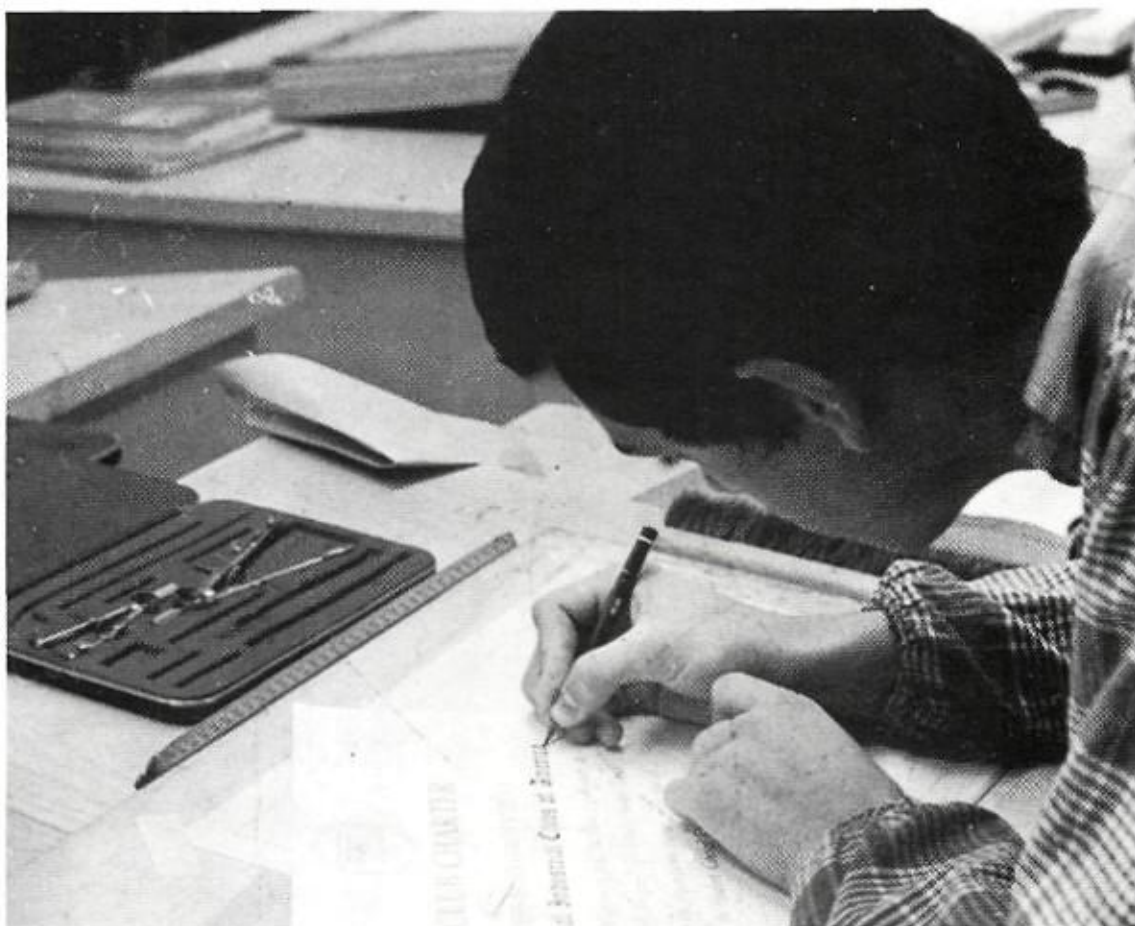

This year's officers are Mickey Corenblithe, president; Mike Preston, vice-president; Denise Holman, secretary; David Bradford, treasurer. Other officers are Bill Harris, sergeant-at-arms, and Tony Mays, reporter.

IA CLUB MEMBERS made several field trips to observe first-hand the techniques of building.

ICT

Different Jobs Provide Training

This year Industrial Cooperative Training students participated in a District Meet held in San Antonio March 7 and 8, which consisted of contests in skill, speed, individual jobs, notebooks, judging and project entries. Those students who placed in the District Meet went on to the State Meet held in Irving April 25 and 26.

ICT students here at Reagan are dental assistants, such as Shelly Skibra, Sandi Scott, Maureen Smith, and Linda Rodriguez; auto mechanics, Lester Munson and Denver Kokel; construction helpers, Frank Satterwhite, Dennis Davis; welder for Highway Department, Miles McKemie; butcher Trey Scott; nurse's aides, Shirley Seale, Paula Havens; Economy Furniture Store, Randolph Cleveland, Stan Tounge; Hall Level, Don Parker, president of ICT; electrical, Wilbur Nichols; Balcones Research Center, John Davis; Henna Chevrolet, Tommy Traweck; shoe repair at Juanita's Shoe Service, Bill McClellan; KVET, Pat Pattillo; carpenter, Billy Peters; and cook at the Villa Capri, Kevin Perkins.

Distributive Education Austin Businesses Provide Training

Reagan's DE Club is a member of DECA, Distributive Education Clubs of America. The club offers a program in which members taking the DE program at school gain valuable experience in the business world by working half a day. Members attend school in the morning taking two of the courses offered in school curriculum and also a DE class. Selling techniques, correct business behavior and good customer service are a few of the varied topics of discussion in the DE class.

The DE Club has many activities during the year which include the DE members participating with other DE Clubs in an annual basketball game, competing in sales contests, attending morning breakfast with guest speakers such as Bob Barnes from Dillard's and Steve Barkley from Sears. Among the various projects of the DE students is the sponsoring of their annual sweetheart dance, where the club's sweetheart is chosen. They also at Christmas mailed cookies to ex-Reaganites who are now in Viet-Nam. In the spring there is an Employer-Employee Banquet held at the Villa Capri. This is in appreciation for the training time given to the DE students.

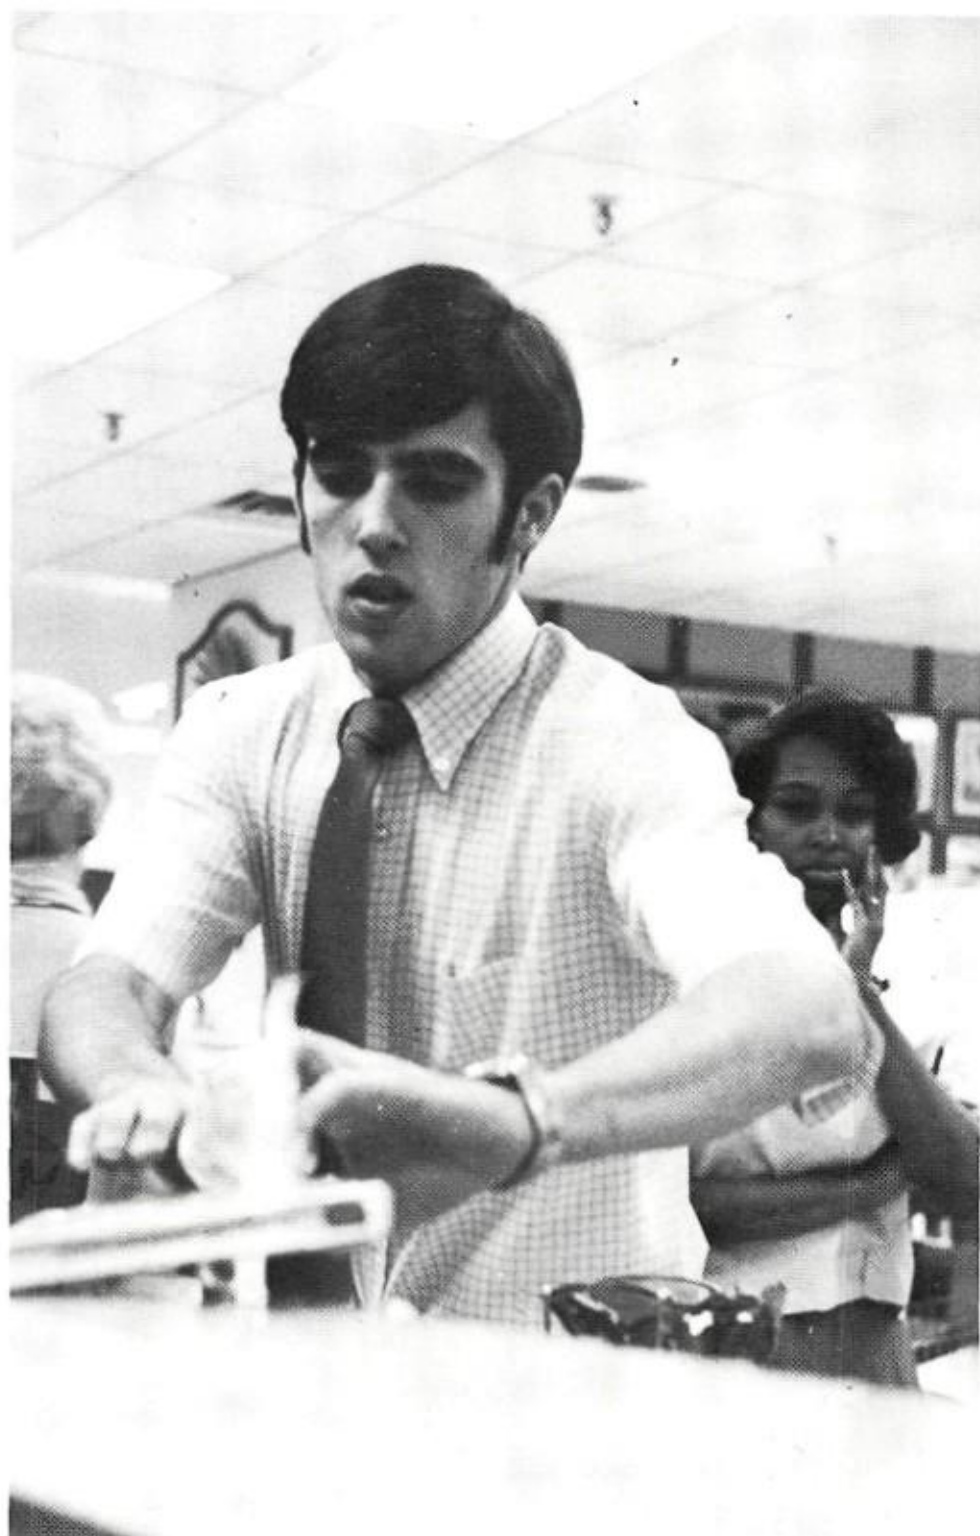

This year because of growing interest the club was filled to capacity. The sponsor is Mrs. Grace Luter.

Office Education Association

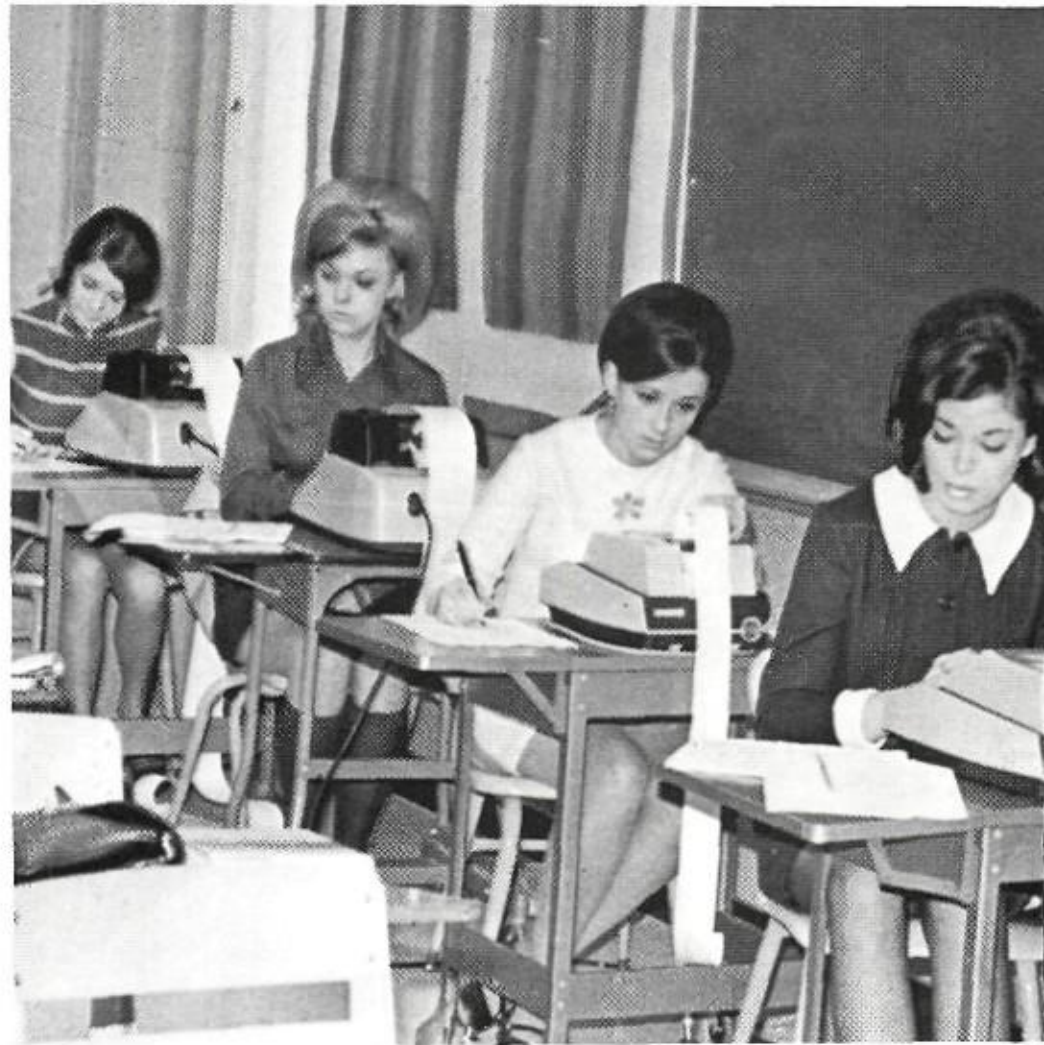

Students Learn Business Skills

Office Education Association, OEA, is a new club at Reagan this year. Members of this club go to school for half a day and then go to work at prospective office jobs. Some of these jobs include typists, filers, bookkeepers, stenographers and general office workers.

This year OEA has collected and taken food to a needy family at Thanksgiving and also at Christmas. At Christmas they also made favors for the sick children at St. David's Hospital, which they presented to them at a Christmas party.

OEA members also participated in an Area Convention held in Houston in February, and attended the State Convention held in Abilene in March.

The sponsor for this club is Mrs. Dorothy Adams.

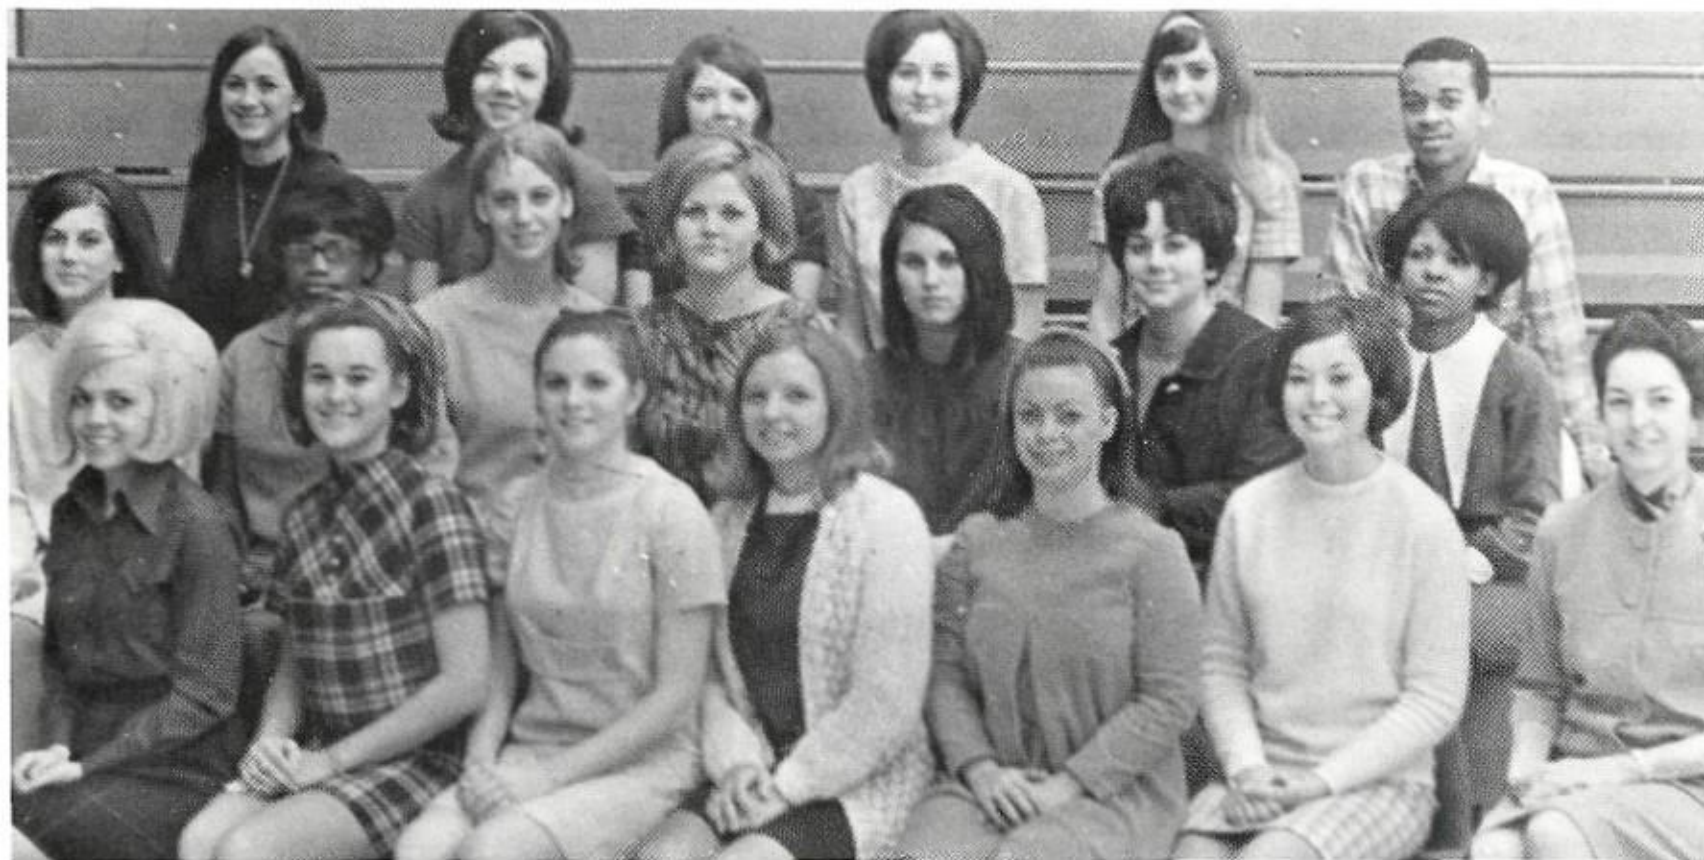

OEA GIVES ALL-ROUND experience in all phases of office work, office detail and office machines.

Ariel Staff

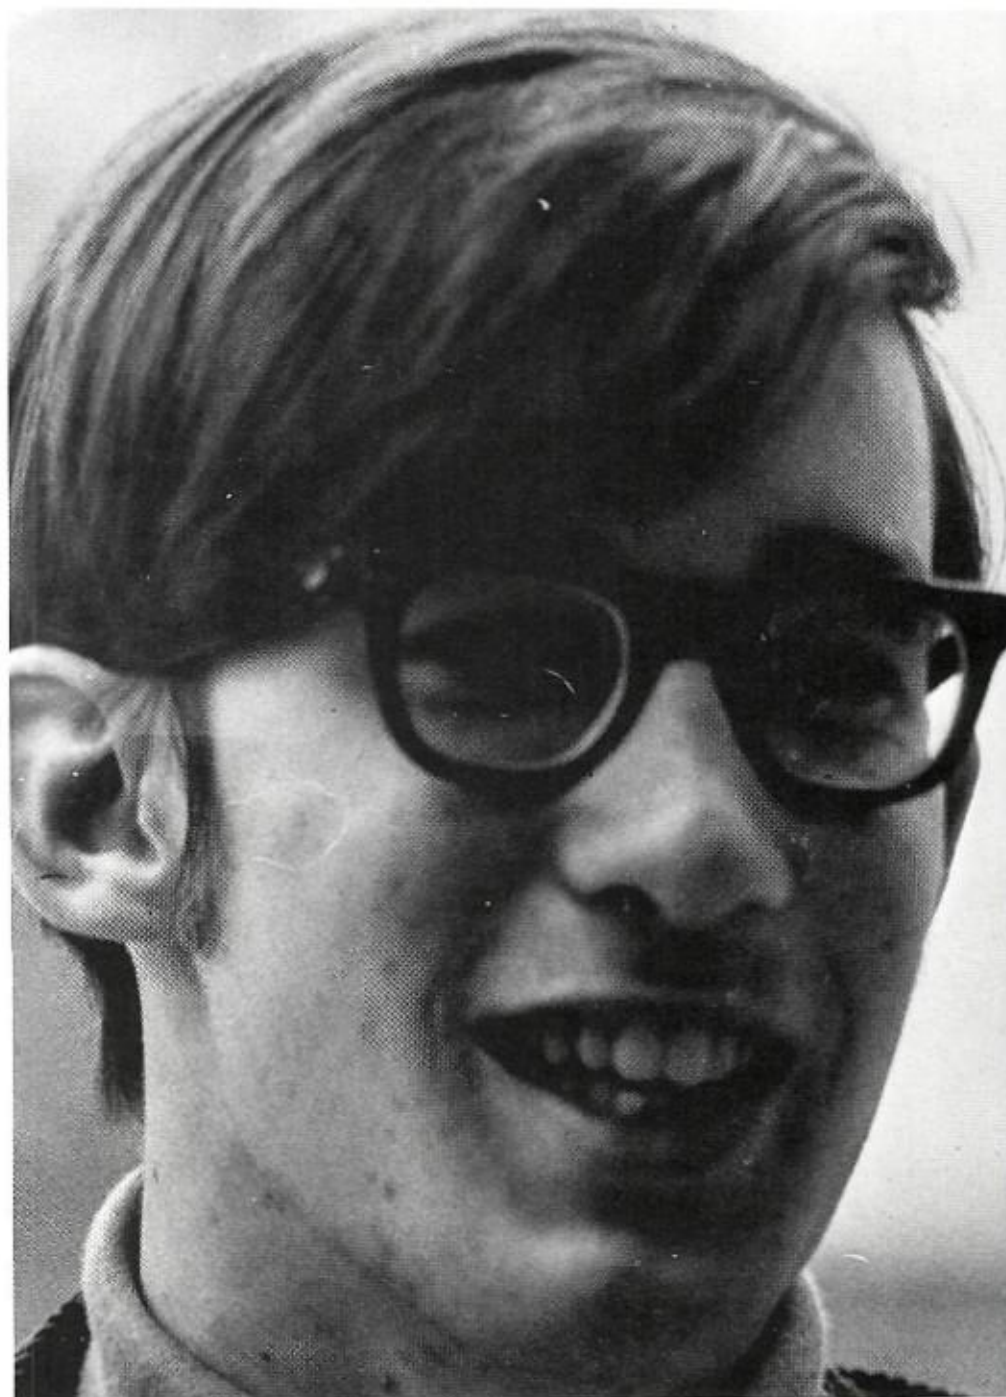

Reagan's Creative Make Up Literary Staff

Consisting of poetry, prose, art and essays the *Ariel*, Reagan's literary magazine, began its third year on a note of enthusiasm.

Articles were submitted beginning with the first month of school. A reviewing board of five examine these items to select the best. From these, the worthy pieces are separated and compiled into the final magazine.

Sponsored by Mrs. Araminta Seal, the publication has approximately 22 staff members. They plan and publicize the *Ariel* and sponsor the Balladeer's Assembly, a musical performance with proceeds going to the magazine.

Spur

Supplement New Addition to '69 Yearbook

Writing copy, assembling pages, taking pictures, and meeting those long dreaded deadlines are but a few of the things in the never-ending cycle of yearbook production.

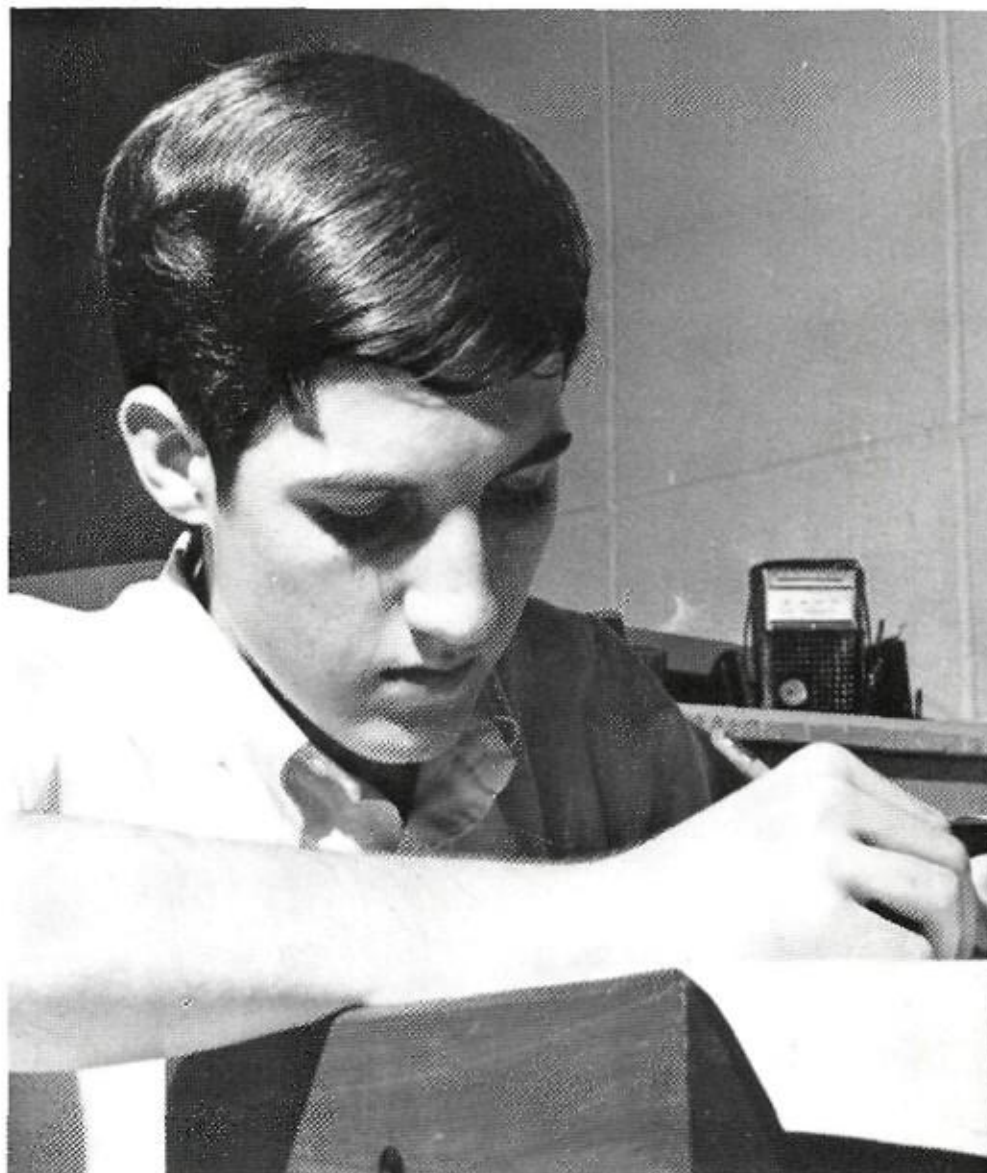

Spur '69 began in the summer under the supervision of Mrs. Glynn Bates. A staff of approximately 12 people made the many decisions that arose in this creative undertaking.

In the developing of pictures, the school darkroom proved both money and time saving for the second consecutive year. Among the bottles of chemicals, papers and filters used in developing pictures, a new enlarger was purchased to replace the one used last year.

Many hours after classtime and many hours attending journalism seminars and workshops keep the yearbook staff members up with current trends.

In June two staff members, Nan Noblitt and Patty Sepulveda, participated in a week-long workshop at Trinity University in San Antonio, working in the yearbook section. There they planned the opening section of the yearbook.

Five members, Patty Sepulveda, Alan Reeves, Nan Noblitt, Mary Harding and Phil Reeves, attended the yearbook division of a one-day workshop September 23. Cover designs and special effects were emphasized at these sessions.

CO-EDITOR ALAN REEVES works late cropping pictures at the lightboard.

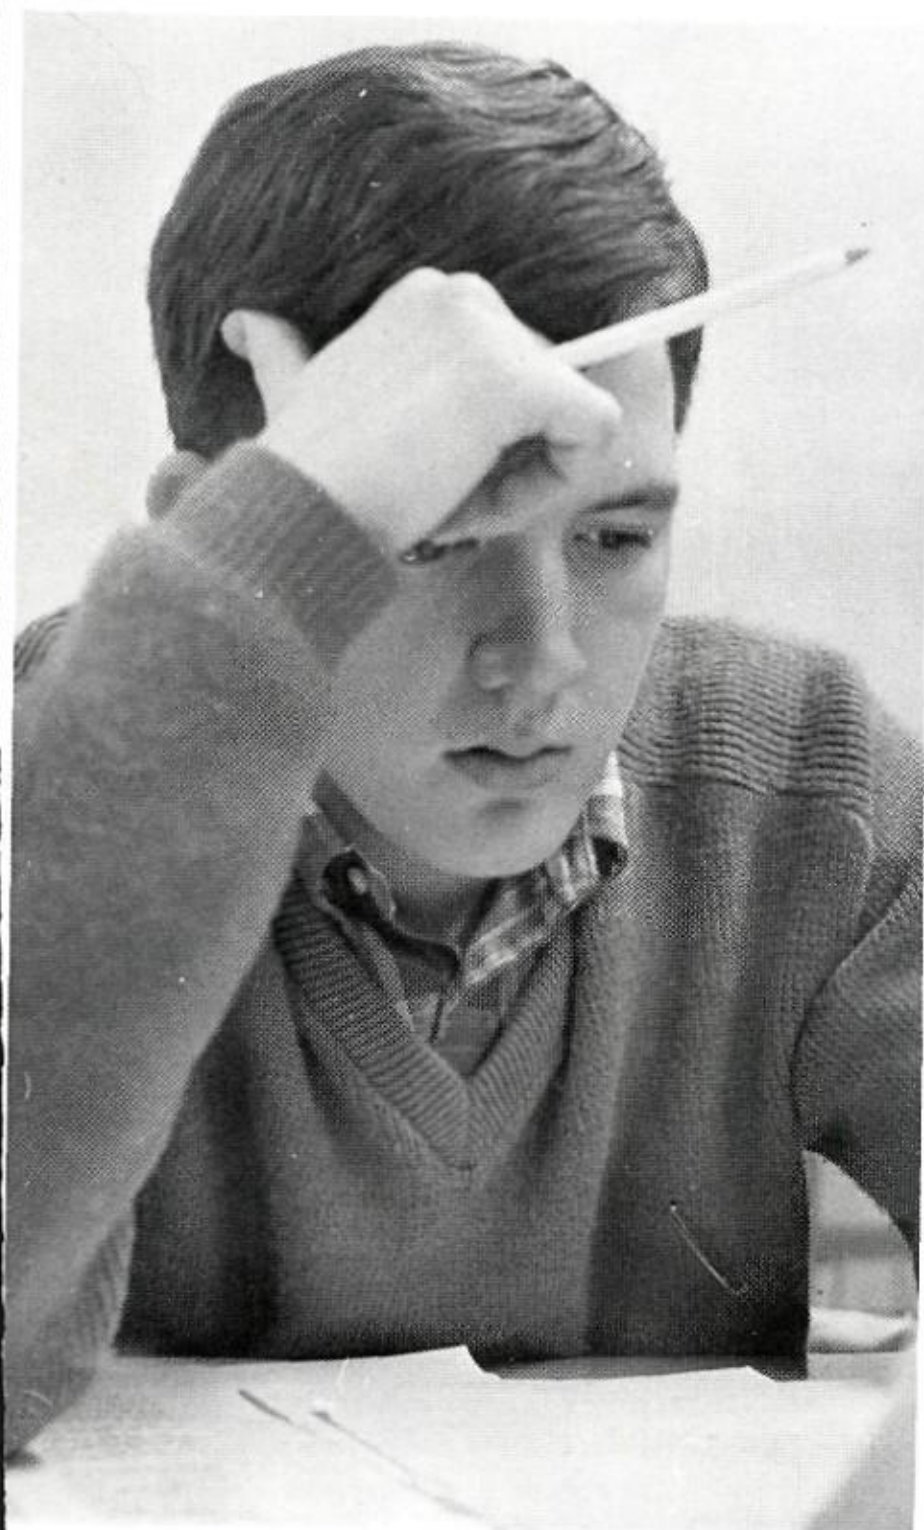

PATRICIA CHEATHAM THINKS over one of the many problems found in laying out advertisements.

PHOTOGRAPHER MIKE PRESTON uses the enlarger to develop pictures while assistant Roger Hill watches the timer.

PHIL REEVES, co-editor of the *Spur*, devotes much time to the production of the yearbook.

ASSISTANT EDITOR Nan Noblitt checks the pages already sent in for mistakes in copy.

COPY EDITOR Patty Sepulveda proofreads brownlines or page proofs, of the administration section.

DIANA CHERNE and Kipi Martin assemble tentative pictures for cutlines and headlines.

Reagan Radar

First Issue Out Opening Day of School

Through the work of the first and second year journalism classes and sponsor, Mrs. Glynn Bates, the school newspaper *Reagan Radar* is published. This is the first year in existence for the second year class, held third period, and also the first time the *Radar* has come out on the first day of school.

Classtime and extra hours after school provide the time necessary to proofread stories, paste ads and to write the copy essential to a good newspaper.

Various outside activities are also involved. In June Suzanne Hardy and Laurel Taylor attended a one-week workshop held in San Antonio at Trinity University.

In August, Kip Martin, Diana Cherne, Pam Johnson, Phil Reeves and Alan Reeves attended a two-day workshop sponsored by the University of Texas Journalism Department. These students along with five others from every high school in Austin had an extensive tour of publication sites in Austin. Among these were the U.T. Journalism Department, the Capitol, KTBC, the American Statesman, TRAC-OR and the Longhorn Stadium Pressbox.

In September students Suzanne Hardy, Kip Martin, Sandra Eichorn, Pam Johnson, Laurel Taylor and Bill Bray attended a one-day workshop-seminar at Trinity University in San Antonio.

EDITOR OF THE newspaper Laurel Taylor reads stories and decides what copy will be used.

PAM JOHNSON prepares stories in rough draft form for typesetting and printing.

Theory Course

Basic Instruction In Yearbook, Newspaper Given

Held second period, the first year journalism class centers around development and use of techniques in the production of the *Radar* and *Spur*.

Instruction in newspaper introduction includes proper headline techniques, how to write a feature or news story and good make-up.

Much the same knowledge is applied to learning about yearbook. Copy, layout and pictures are the essentials and the first year students learn how to combine all three in producing a good annual.

Class members also sold newspaper and yearbook ads and participated in class exercises and assignments.

STEPHANIE GAVIN AND Sharon Bishop hold a classroom conference with Mrs. Glynn Bates, sponsor, about copy for the newspaper.

LEE WALKER, JACK LINAM, Lee Bray, Mary Ann Ramsel and Patty Erdmann look over the copy that will be fitted into the final yearbook dummy.

THOSE FIRST DEADLINES are a real experience for Linda Vandenberg, Kathy McGown and Cindy Bird; the typewriters don't seem to go fast enough.

DIANE COOPER, SAUNDRA EICHORN, Terry Dobbins, Mary Harding and Larry Barron sort out pictures for use in the yearbook.

CAREFUL FILING OF NEGATIVES is a tedious and time consuming, but essential, job performed by Betty Davis, Pat Hudson and Karen Stockton.

PHOTOGRAPHERS DON SHADER and Morris Forbes discuss fine points of camera settings and procedures in developing pictures.

CLASS ASSIGNMENTS REQUIRE effort on the part of Steve Grant, Colleen Evans and Lana Moss.

An accepted part of high school life is the athletic programs which engage many in healthy competition and the activities which promote physical fitness.

For the second year in a row, the Raider football team brought honor and pride to the entire school in the form of another state championship. The basketball, track and baseball teams also received school support as they all had good seasons. While other sports such as golf and tennis were not as popular, the enthusiasm of the participants has given Reagan a good showing in these areas as well.

Varsity Football

New Season Begins Another Climb to Top

HOWARD SHAW SLAMS solidly into a Wheatley ball carrier at the quarterfinals match.

COACH RAVEN RECEIVES congratulations and well-wishes from the Wheatley coach, Henry Carroll.

The steamy locker room was the scene of a jubilant celebration. Ecstatic football players were shouting, "We're number one" and for good reason, as these players had just accomplished a feat that few other teams in the history of Texas Class AAAA football have been able to do. The Reagan Raiders clinched their 2nd straight undisputed state championship and eventually their 2nd straight national co-championship (tied with Coral Gables, Florida) with a 17-11 victory over Odessa Permian.

Many people thought that the Raiders would have a weaker team in 1968. The question was often asked, "What will Reagan do for a suitable encore?" With a determination to win and with strong support, the Raiders accomplished the only "suitable" encore. The team was heartily supported from Churchill to Permian by a school that wanted the Number 1 on the gym to remain there for another year. Spirit, though, was not the sole factor which helped the Raiders to become the successful team they were. The Reagan team of 1968 had some of the most talented players in the city and in the state, but they also had the ability to work as a team. Even though 27 seniors graduated from the 1967 team, the Raiders had three returning all-staters in Donald Ealey, Howard Shaw and Mike Bayer. Ealey and Shaw led the team in rushing, while Emory Bellard and Bayer provided the passing attack. This two-pronged offense of Reagan was one of the best in the state. Ealey and Billy Schott scored more points than any of the other Raiders. Schott scored all of his points by kicking. A surprise addition to the team was Alan Moore, whose magnificent punting helped the Raiders immeasurably.

The Raider defense, Number 1 in the state, was utterly brilliant. The hard tackling of Shaw, Hap Feuerbacher, Jimmy Williams and Jerry Carpenter stopped many offensive drives. Feuerbacher and Williams led the team in recovering fumbles. Rusty Campbell seemingly got to the right place at the right time as he intercepted five passes. James Hendricks led the Raiders in punt blocking with three.

In the rushing department, the Raiders gained 3,227 yards while limiting their opponents to a mere 974 yards. The Raiders overshadowed their opponents in the passing category too. Reagan opponents passed for 943 yards while the unstoppable Raiders threw for 1463 yards. The capability of the Raider defense and offense is shown once again by the fact that Reagan opponents were forced to punt 100 times while the Raiders had to punt only 47 times. The remarkable success of the Reagan Raiders can be best summed up as extremely talented players, superb coaching, an overwhelming support by the student body and a desire to accomplish what many had said could not be done.

Two Presentations Honor Season's Work

CHURCHILL ... On a slightly muddy field, the Raiders overcame the San Antonio Churchill Chargers 28-7. The Chargers stunned the Raiders with a 54-yard touchdown pass after 3 minutes of play. The Raiders retaliated as Donald Ealey scored on a 13-yard jaunt. Gene Sanders scored the next two touchdowns on 7 and 9-yard runs, respectively. The most spectacular play of the evening came when quarterback Emory Bellard unleashed a 42-yard pass to split-end Mike Bayer for 6 points. Billy Schott kicked for 4 extra points. The amazing Raider defense held the Chargers to a minus 10 yards on the ground. Regardless of the Raiders' high score, the Chargers intercepted 4 Reagan aerials.

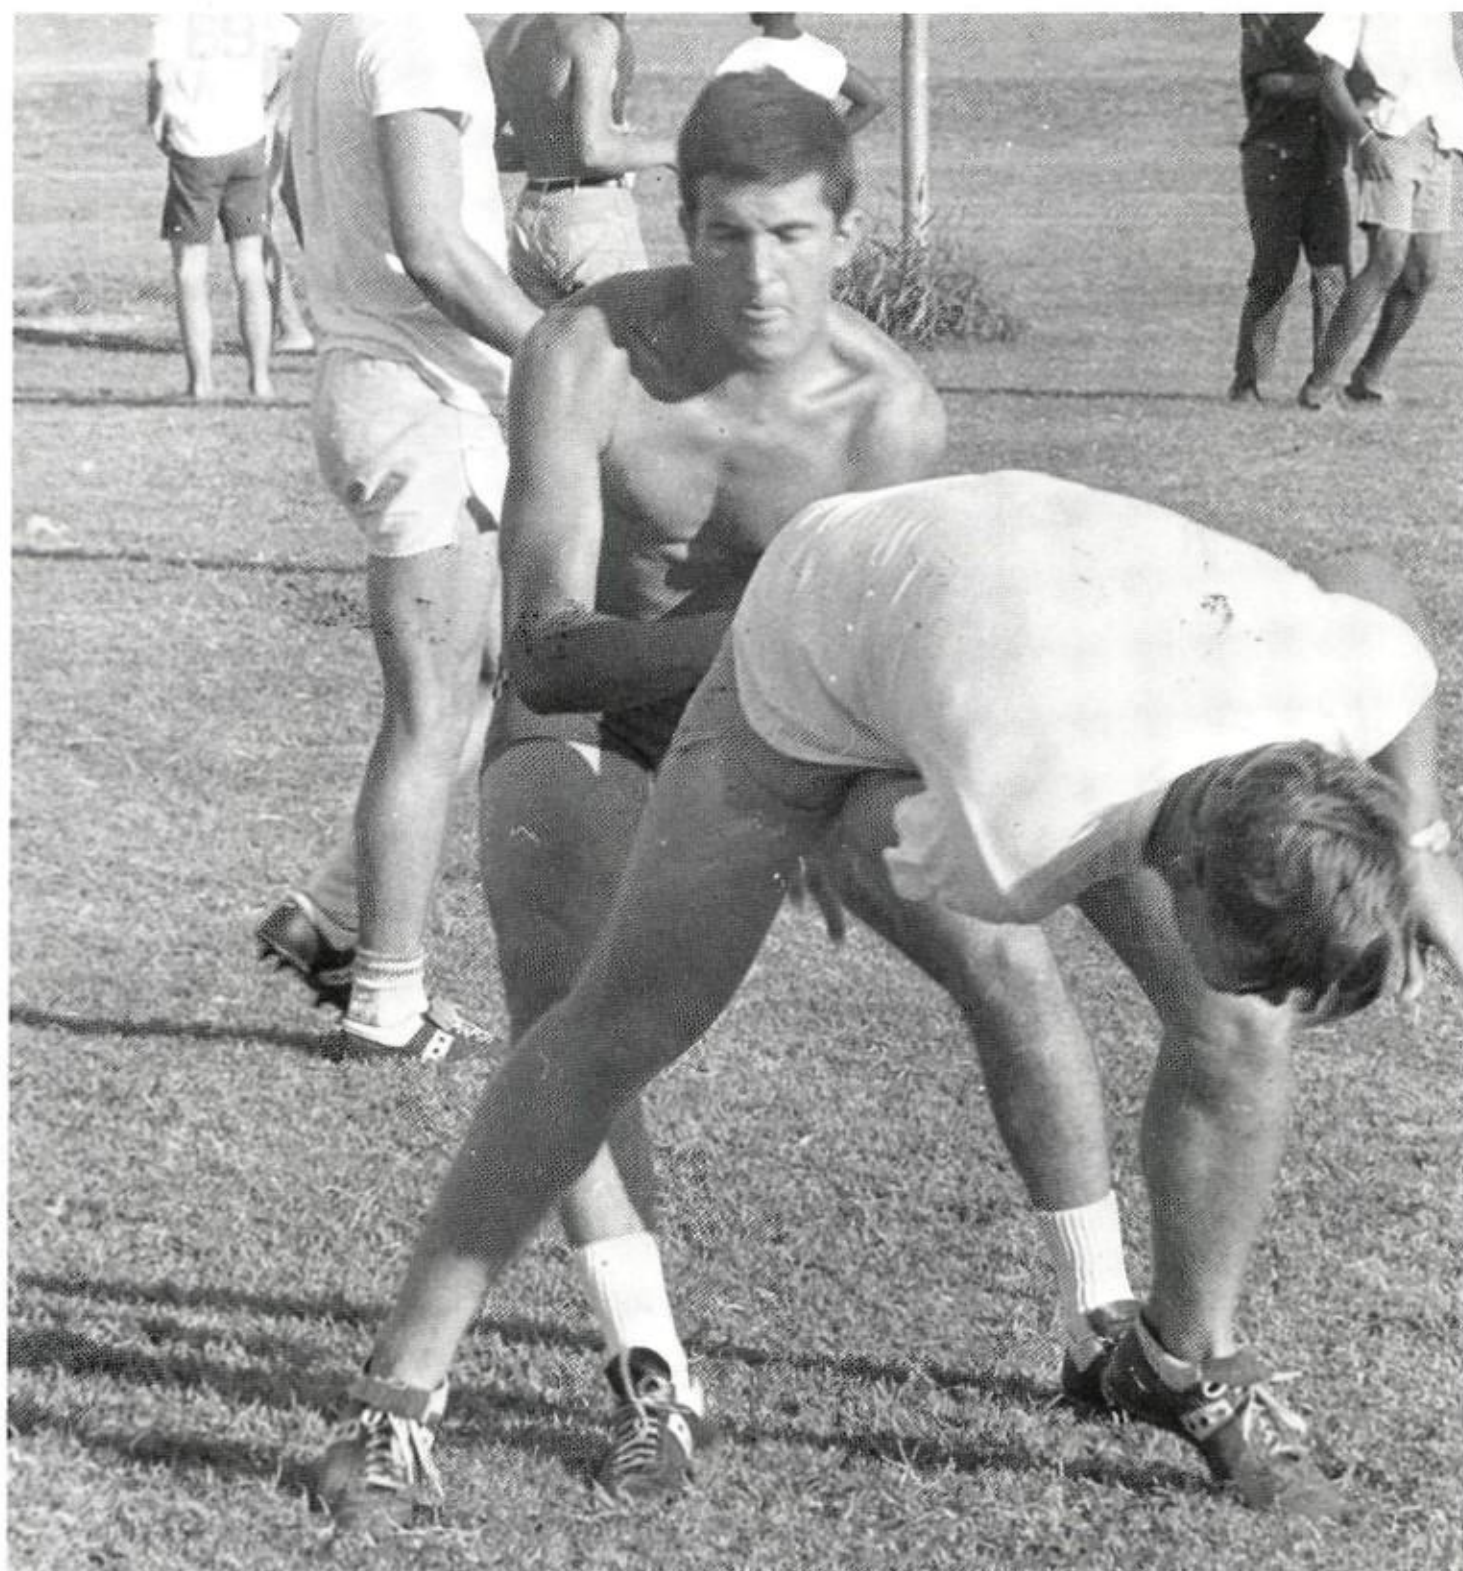

KING ... Following a cancellation of last year's game by a hurricane, the Raiders rode over the Corpus Christi King Mustangs 21-0. Emory Bellard hurled two touchdown passes for the Raiders, the first to Rusty Campbell on a 33-yard toss and the second to Mike Bayer on an 8-yard pass. Donald Ealey tallied the final touchdown on a 5-yard pass. The Mustangs' deepest penetrations were to the 2 and 5-yard lines of Reagan. Fullback Howard Shaw, even though he did not score, led the rushers. Billy Schott kicked the 3 extra points.

ALAMO HEIGHTS ... A tough Raider defense held the previously undefeated Alamo Heights Mules of San Antonio scoreless as the Raiders clinched their 17th straight victory by a score of 21-0. Gene Sanders, Donald Ealey and Howard Shaw crossed the goal line for the Raiders on 3, 1 and 6-yard runs respectively. Billy Schott supplemented the touchdowns with 3 extra points kicks. The matchless Reagan defense held the Mules to one first down and zero yards rushing in the second half. During the entire evening, Alamo Heights could only manage to pick up 4 first downs, 31 yards rushing and 50 yards passing.

TRAVIS ... Fighting a strong wind and costly penalties in their first district game of the season, the Raiders routed the Travis Rebels 35-7. The Reagan touchdowns came from Mike Bayer, Howard Shaw and Donald Ealey, who scored 3 touchdowns. Alan Moore's right foot seemed to be at its best as his punts averaged out to a long 54.7 yards. In the rushing department, Shaw picked up 110 yards with Ealey trailing closely with 99 yards. Billy Schott kicked 5 out of 5 extra points. The Rebels were one of only 7 teams that managed to score on the sparkling Raider defense this year.

ONE OF THE COLDEST, wettest nights in November fell on the night of the Austin High football match. Numbed players watched from the sidelines as teammates battled 30 degree weather and a tough Austin defense.

Dedication Backbone of Winning Team

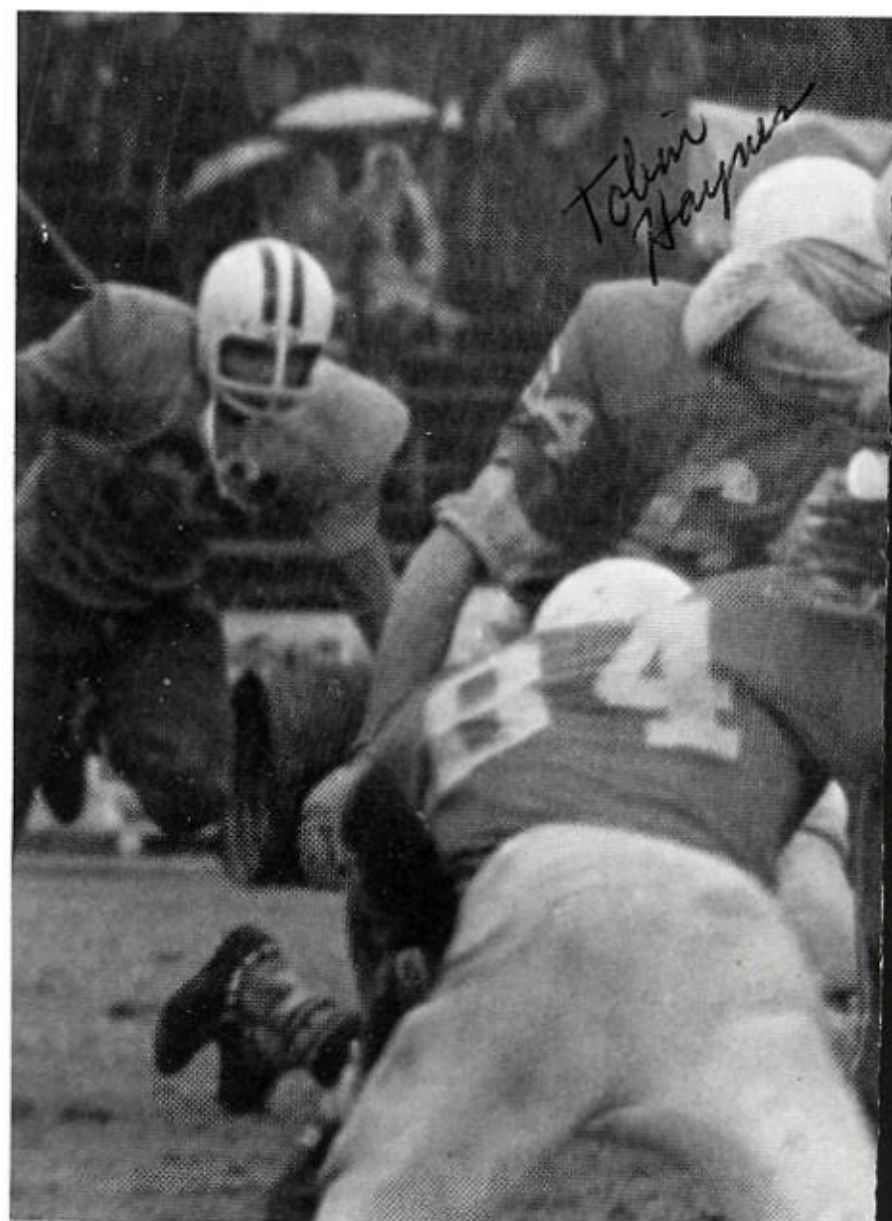

RAIDERS TROT TO their 3rd of 15 victories this season. The victims in this instance were the Alamo Heights Mules.

JAMES HENDRICKS, RESTING from the exhausting game, watches for his signal to return to play.

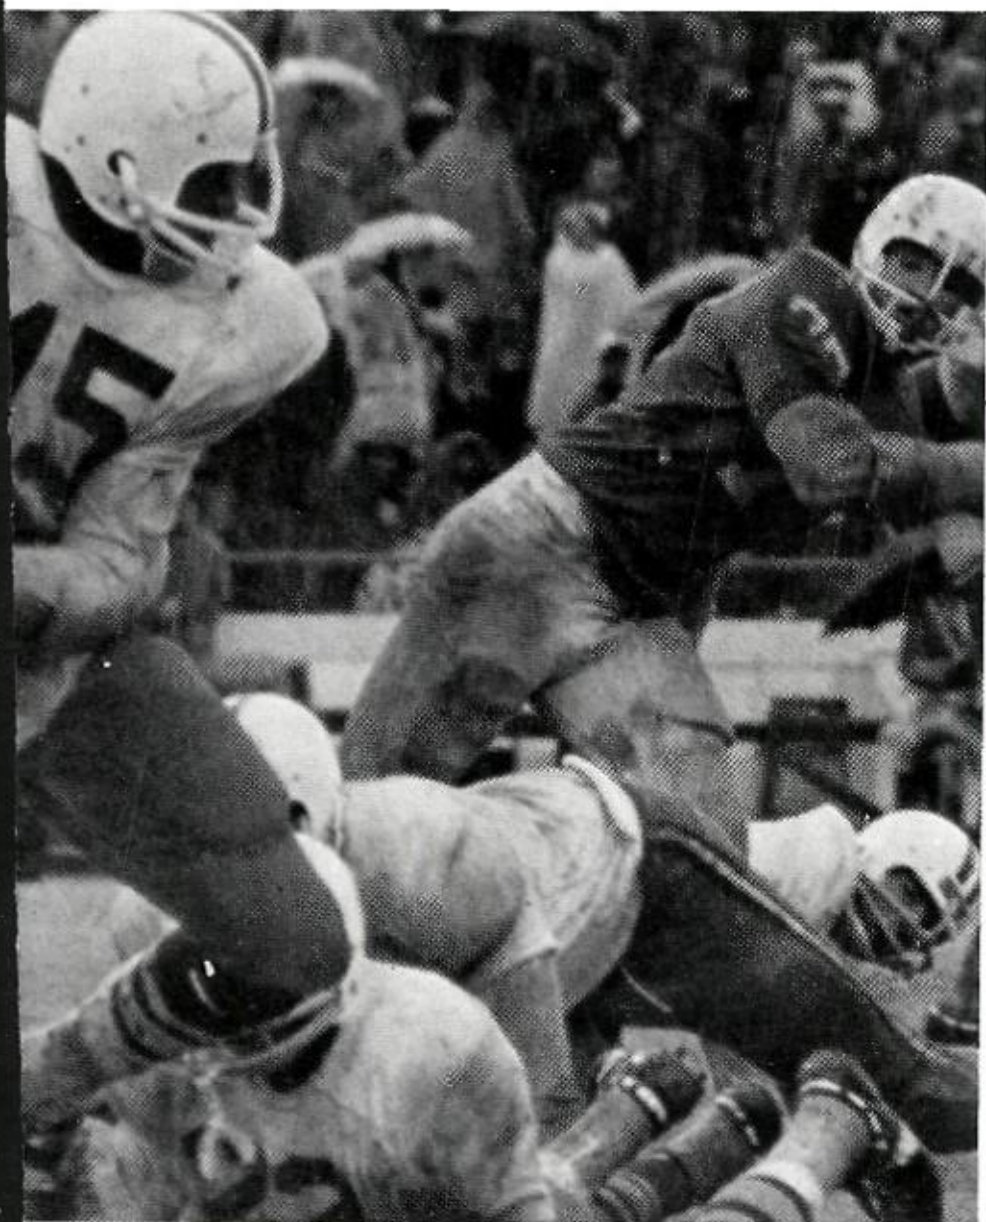

JOHNSTON . . . The rain and the Johnston Rams put up a good fight, but they could not stop the Raiders, who won victory number 19 by a score of 17-7. The Rams were determined, but not as determined as the Raiders were to win the game. In the 1st quarter, Emory Bellard threw a 62-yard bomb to Jackie Linam in the end zone. In the 3rd quarter Bellard again hit paydirt with a 40-yard toss to Mike Bayer. The golden toe of Billy Schott kicked a field goal and two extra points, giving the Raiders a slim 10 point margin over a tough Johnston squad.

CROCKETT . . . With the pinpoint passing of Emory Bellard and an outstanding defense, the Raiders shut out the Crockett Cougars, a team new to the district, by a score of 24-0. The first tally for Reagan came in the 2nd quarter when Billy Schott booted a field goal. Shortly before the end of the half Jackie Linam received a four-yard toss from Bellard in the end zone. Near the end of the 3rd quarter Donald Ealey scampered 6 yards past the Cougar defenders for a touchdown. Mike Bayer tallied the final Raider touchdown on a one-yard plunge. Schott kicked the 3 extra points. The unbeatable Reagan defense held the punchless Cougars to 103 yards total offense.

EMORY BELLARD (11) hands a wet ball off to Donald Ealey (35) during the Miller game.

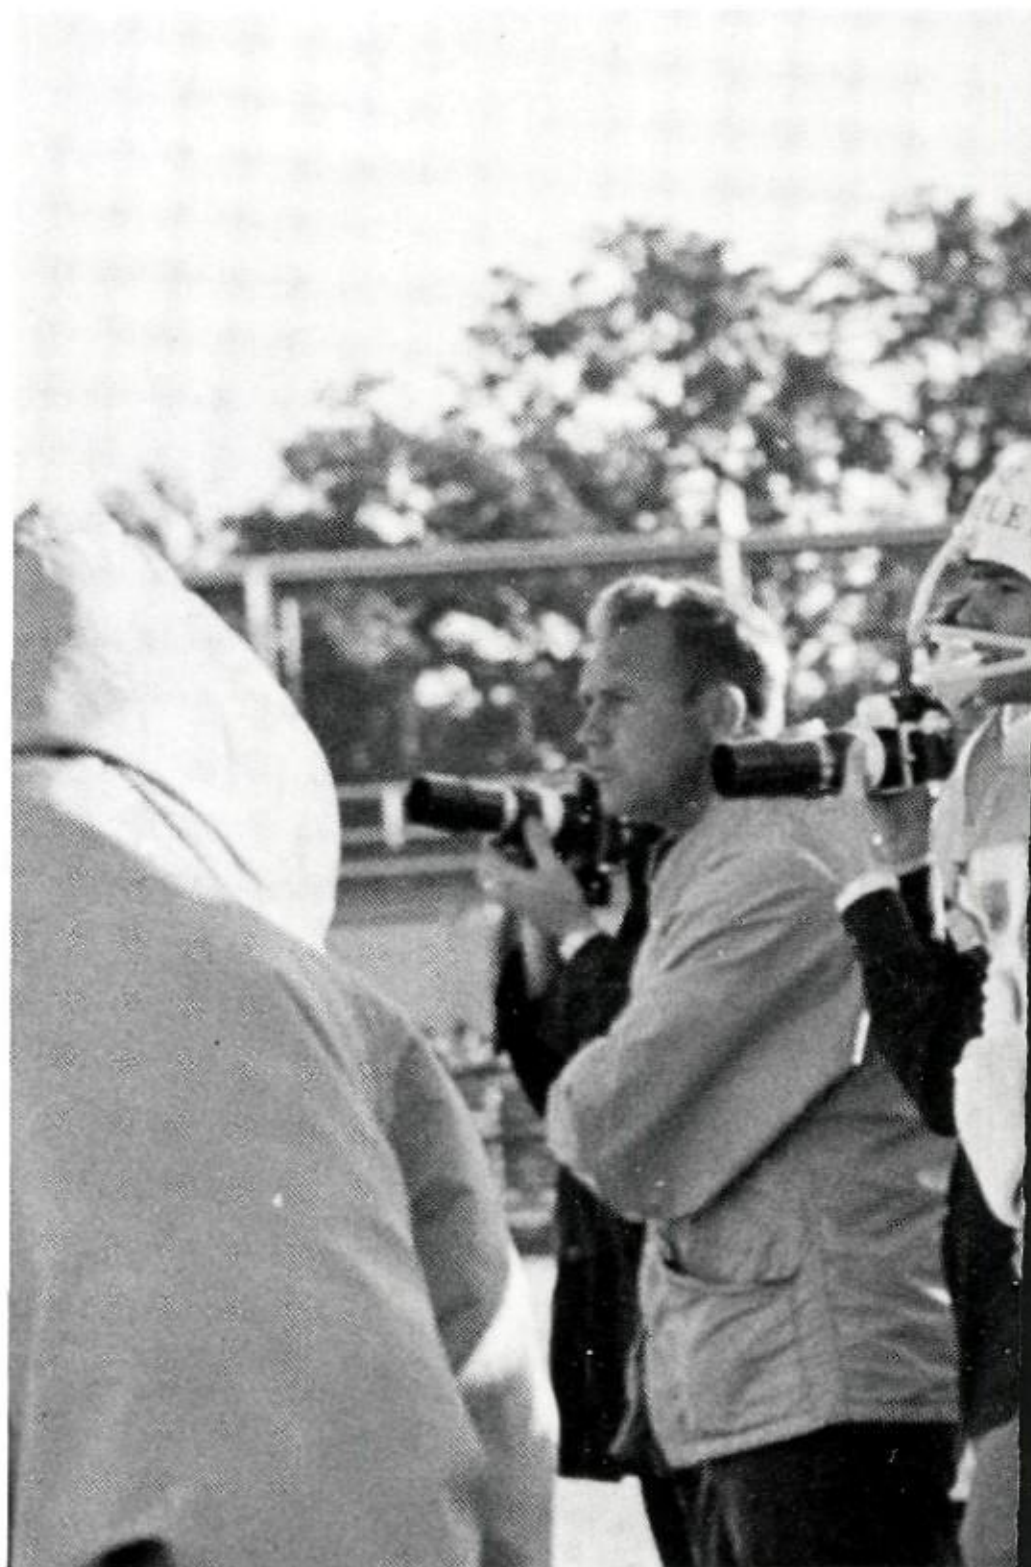

WHILE OTHER PLAYERS had their eyes toward action in the end zone, Tommy Moorman had his mind on the clock at the other end of the field.

BECAUSE RAIN FELL the entire game, number 15 found it rough going in trying to slip past Rickey Smith (84) and Tobin Haynes (64).

Football Captures Some Unique Moods

McCALLUM . . . Victory number 21 for the Raiders came at the hands of the McCallum Knights by a score of 21-0. The Raiders experienced a slow start as they led by a mere 7 points at the end of the first half. This touchdown came from Gene Sanders on a 1-yard plunge in the first quarter. In the 4th quarter Donald Ealey broke the game wide open as he galloped 34 yards before crossing the goal line for the 2nd Reagan tally. Mike Bayer clinched the game for Reagan when he gathered in an 8-yard toss from Emory Bellard for a touchdown. Billy Schott again kicked all of the extra points. The Reagan defense was at its best as McCallum entered Raider territory only 3 times all night and gained only 62 yards offensively.

LANIER . . . On Halloween night the defending State Champions thrashed the Lanier Vikings by a score of 31-0. In the 2nd quarter following a Lanier quick kick, Howard Shaw chalked up the first Raider touchdown. Early in the 2nd quarter Shaw again powered his way for 6 points, which was followed by a Billy Schott field goal later on in the quarter. In the 3rd quarter Jackie Linam darted 20 yards before scoring. After Steve Grant recovered a fumble on the Lanier 27, Robert Miller fired a touchdown pass to Mike Bayer. Billy Schott kicked all the extra points for the Raiders. The Vikings have never beaten Reagan.

Big Plays Spark Washington Skirmish

A DEFENSIVE LUNGE by Tobin Haynes (64) prevents Washington quarterback Larry Foster from completing a pass.

TRAVIS RAVEN TALKS to Mike Bayer concerning the "hip pointer" he received following a catch in which he was hit by a Washington player.

AUSTIN . . . In this contest between two very strong rivals and the two leaders in the district race, the mighty Raiders proved triumphant as they white-washed the Austin High Maroons 10-0. This highly sought victory gave Reagan at least a tie for the district crown, and a berth in the play-offs. Austin High's highly desired revenge was postponed once more. In a steady drizzle and 30 degree weather both teams were at a disadvantage. Early in the 4th quarter Donald Ealey put Reagan on the scoreboard after a 10-yard run. Billy Schott kicked the extra point and with just a few minutes left in the game, a field goal. The incomparable Raider defense held highly rated Doug Baylor to 22 yards and the Maroons to 45 total yards rushing. The Maroons crossed the midfield stripe only once and that was to the Raider 45-yard line.

ANDERSON . . . Clinching their 2nd straight undisputed district crown, the Raiders swatted the Anderson Yellowjackets by a score of 34-6. In the 1st quarter Emory Bellard heaved a 34-yard touchdown pass to Mike Bayer. On a 33-yard sprint Lester Ealey scored for the Raiders in the 3rd quarter. Donald Ealey scored after his brother on a two-yard plunge. Also in the 3rd quarter Howard Shaw powered his way 8 yards for the next tally. Rickey Smith caught a 10-yard toss from Robert Miller for the final score. In this game Billy Schott booted all but one extra point, his first miss of the year. Yellowjacket powerhouse John Harvey was the star of the game by far as he led the rushers of both teams. Harvey, the city's leading rusher, menaced the Raiders all night long. The lone Anderson tally came when Harvey caught a 55-yard bomb in the end zone.

SEGUIN . . . Capitalizing on Seguin's mistakes, the Raiders overwhelmed the Matadors by a surprising score of 40-0. After a scoreless first quarter two of Emory Bellard's passes found the golden hands of Mike Bayer in the end zone. The 2nd half was a different story as the Raiders obliterated Seguin. In the 3rd quarter Gene Sanders scampered 14 yards for the 6 points. Next, Howard Shaw powered over the goal line from 1 yard out. In the 4th quarter Robert Miller ran 9 yards for the touchdown. Billy Schott kicked two field goals of 42 and 20 yards and also four extra points. The peerless Reagan defense was so tough that the Matadors could cross the 50-yard line only twice. The Matadors were held to 4 first downs.

Action Looks Different from Sidelines

MILLER ... In a "sea of mud" in this regional contest the Raiders waded past the Corpus Christi Miller Buccaneers 25-0. The Reagan tallies came from Emory Bellard on a 1-yard run, Donald Ealey on a 7-yard scamper and James Hendricks on a spectacular 22-yard jaunt after he picked up a punt blocked by Tobin Haynes. Even though the rain and mud disadvantaged both teams, the Raiders made the best out of it. The Raiders took advantage of Miller fumbles, a blocked punt and a bad snap from center to drown the Buccaneers.

WHEATLEY ... Even though the San Antonio Wheatley Lions had one of the state's top rated offenses, the team was stopped cold by the mighty Raiders in this quarterfinal contest 37-6. The wind was a big factor in this tilt, but the Reagan offense seemed to work fine with or against it. Billy Schott put Reagan on the scoreboard first with a field goal. In the 2nd quarter, Donald Ealey gave the Raiders their first touchdown. In the 3rd quarter Jackie Linam hit paydirt for Reagan. Next Emory Bellard hit Rusty Campbell on a 20-yard touchdown aerial. Then Bellard found Linam in the clear and hurled the ball 25 yards for the score. The next Raider tally came when Bellard again passed to Linam for 6 points. Schott kicked 4 extra points. The lone Wheatley touchdown as a result of a 42-yard bomb in the 4th quarter.

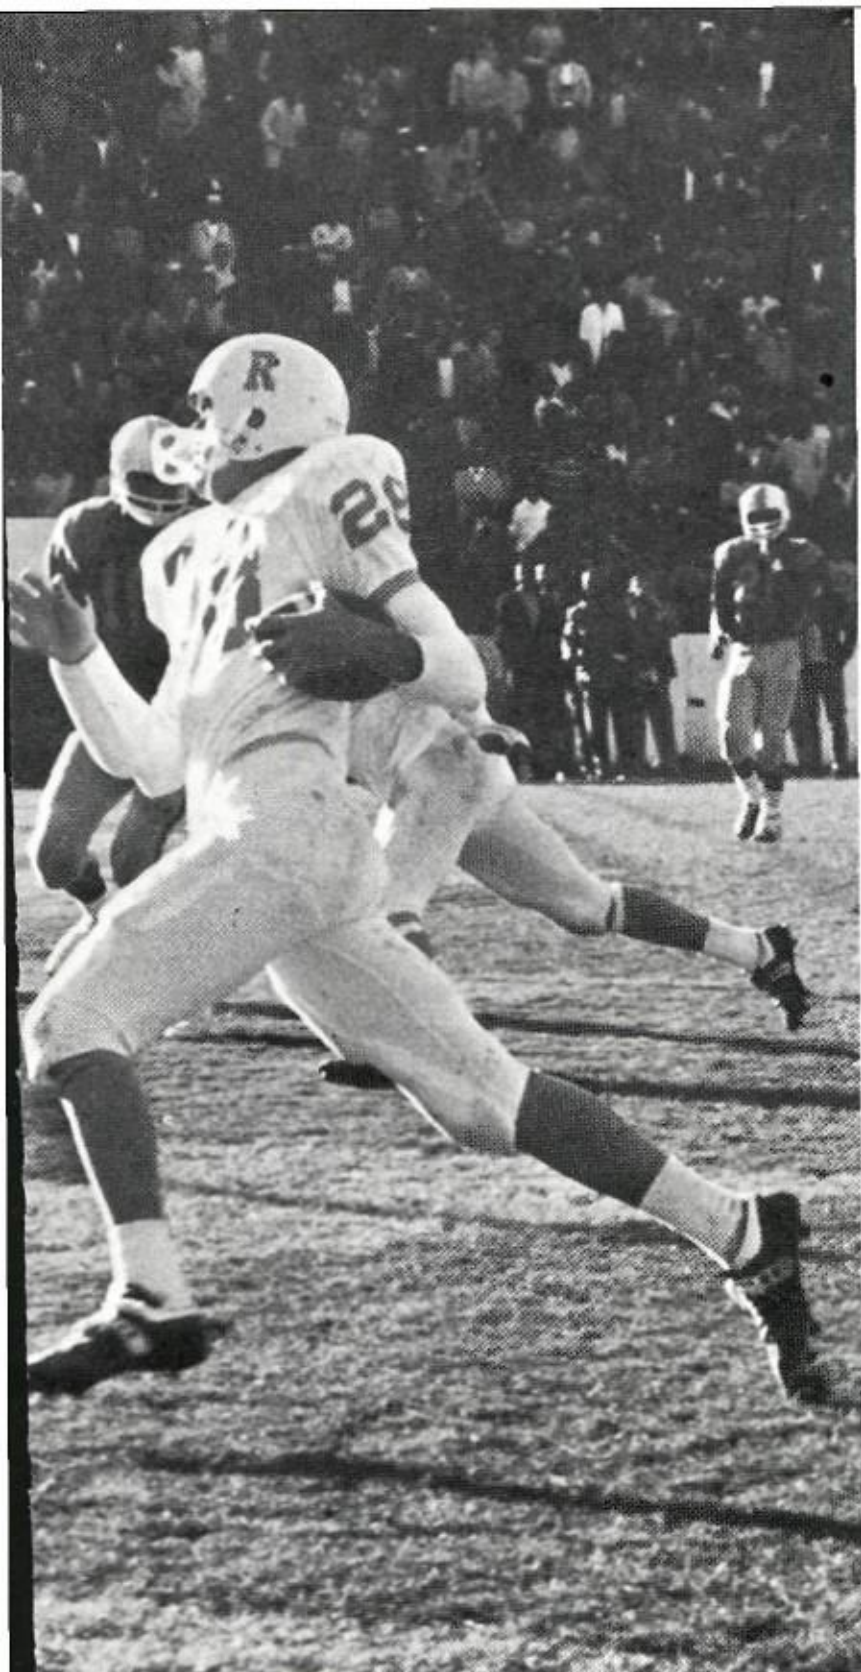

WASHINGTON ... Before a crowd of 35,000 in Rice Stadium, the Raiders toppled the Houston Washington Eagles by a score of 31-13. The first score for either team did not come until the second quarter, when Emory Bellard launched a 30-yard pass into the arms of Gary Morrison in the end zone. Washington scored next on a 20-yard pass from white-shoed Larry Foster to James Cain, both all-state players. Reagan again scored on a 13-yard keeper by Donald Ealey and made the extra point; Washington bounced back to score, but they did not make the extra point. The game remained close until the 4th quarter when Alan Moore intercepted a pass and ran it back for a touchdown. Then Billy Schott kicked a field goal after an interception by Hap Feuerbacher. Ealey scored the final Reagan touchdown after Jimmy Williams recovered an Eagle fumble.

AT THE WASHINGTON game, the Raiders ran through the spirit banner proclaiming their presence.

Raiders Capture 4AAAA Football Crown

TRAINER RANDALL DAY takes upon himself the job of cheering a tired Donald Ealey.

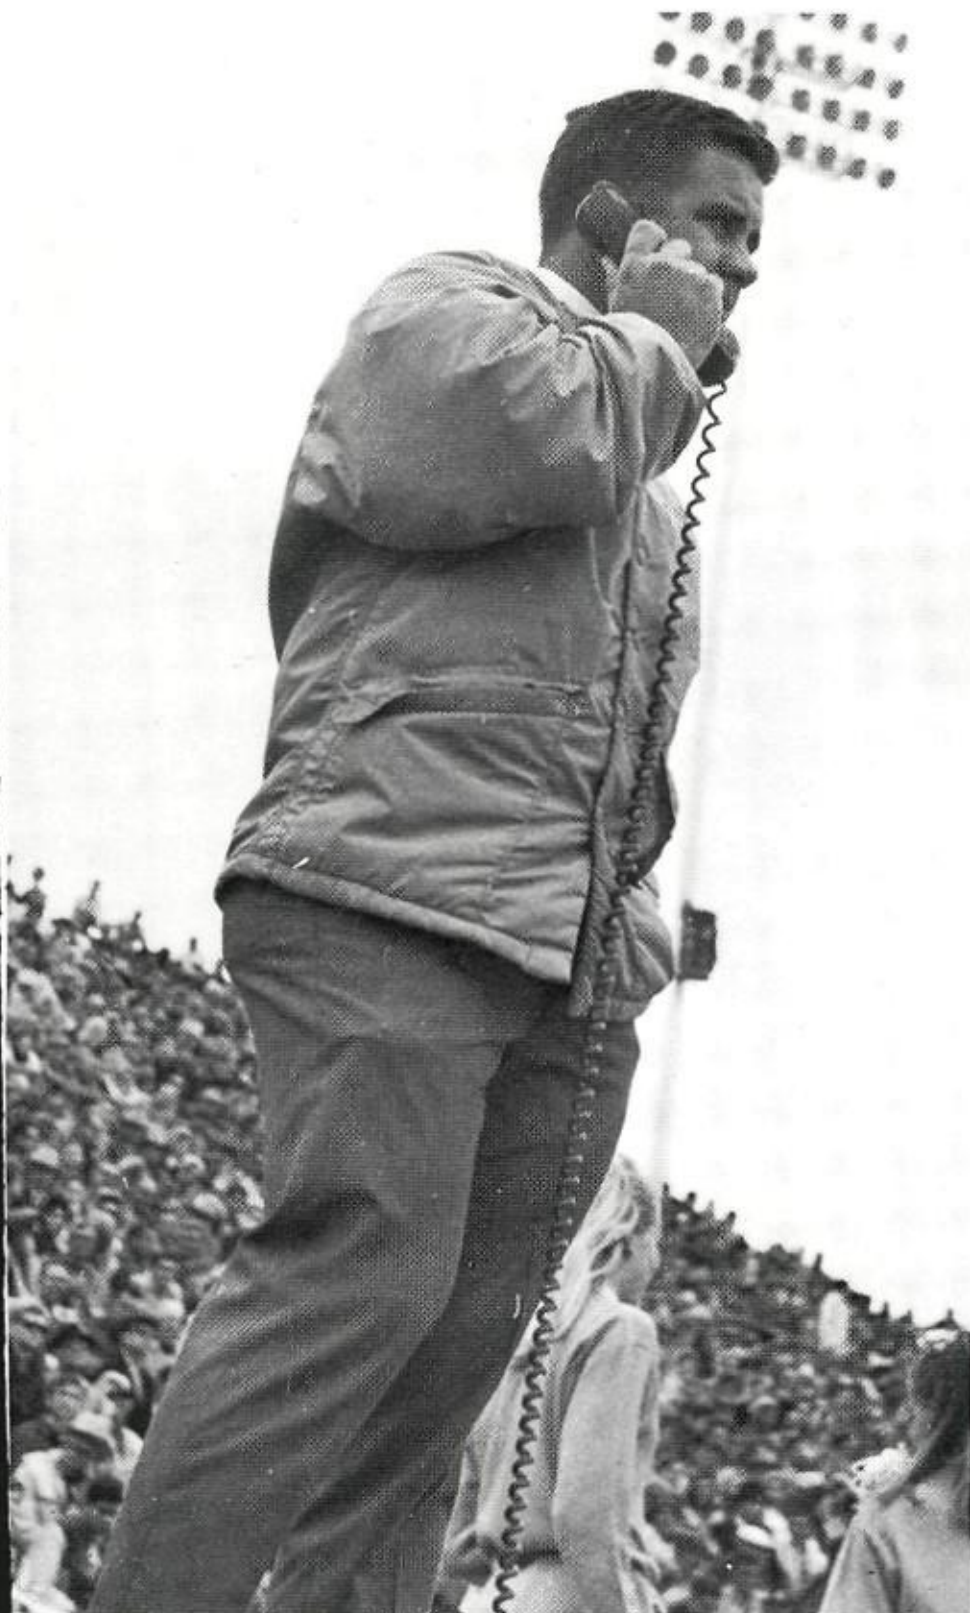

PERMIAN ... Clinching their 2nd straight undisputed state class AAAA championship and their 29th straight victory, the Reagan Raiders rambled past the Odessa Permian Panthers 17-11. It was nip and tuck at first, with Permian taking the lead with a field goal, but the Raiders bounced back to "jinx Mojo." Billy Schott booted his 11th field goal of the year to tie the score. With 2:51 left in the first half, Emory Bellard unleashed a 27-yard pass to Mike Bayer, who crossed the goal line for the tally. Schott kicked the extra point, upping Reagan's lead to 10-3 at the half. In the third quarter Donald Ealey traveled on a 13-yard jaunt into the end zone. Schott again kicked the extra point, giving Reagan a 14-point margin. It looked as if the Raiders had won the game, but Permian was determined to win. The Panthers snapped back and scored on a 10-yard toss. Then the Panthers gained two extra points by virtue of a pass. The paramount Reagan defense made the difference though. They stopped a final Permian drive in Reagan territory, giving Reagan the victory. Odessa ended the season with an 11-4 mark.

THE STATE GAME saw many sure tackles, including this one made on sturdy Mike Bayer (83).

THE FINAL GAME is over; victory is assured and the Raiders rejoice in their second straight championship.

B-Team Football

Posts Season of 7 Wins, 2 Losses

"We expected the team to go undefeated this year because of the fine depth we had," remarked Coach Pat Pennington on the 1968 Raider B-Team. Led by captains Mike Ciccarelli, Gary Valdez and Robert Wright, the B-Team moved through their first five games undefeated. The Raiders met their first defeat at the hands of the McCallum Knights. This loss was a blow to the team after having defeated the Knights at the first of the season. The only other loss for the B-Team came when the Raiders played the Maroons for the second time.

The Raiders resoundingly defeated the Maroons at the first of the season. The B-Team finished 3rd in the city behind McCallum and Austin, who tied for first place. The Maroons and Knights each had only one loss and one tie, while Reagan's team record showed two losses.

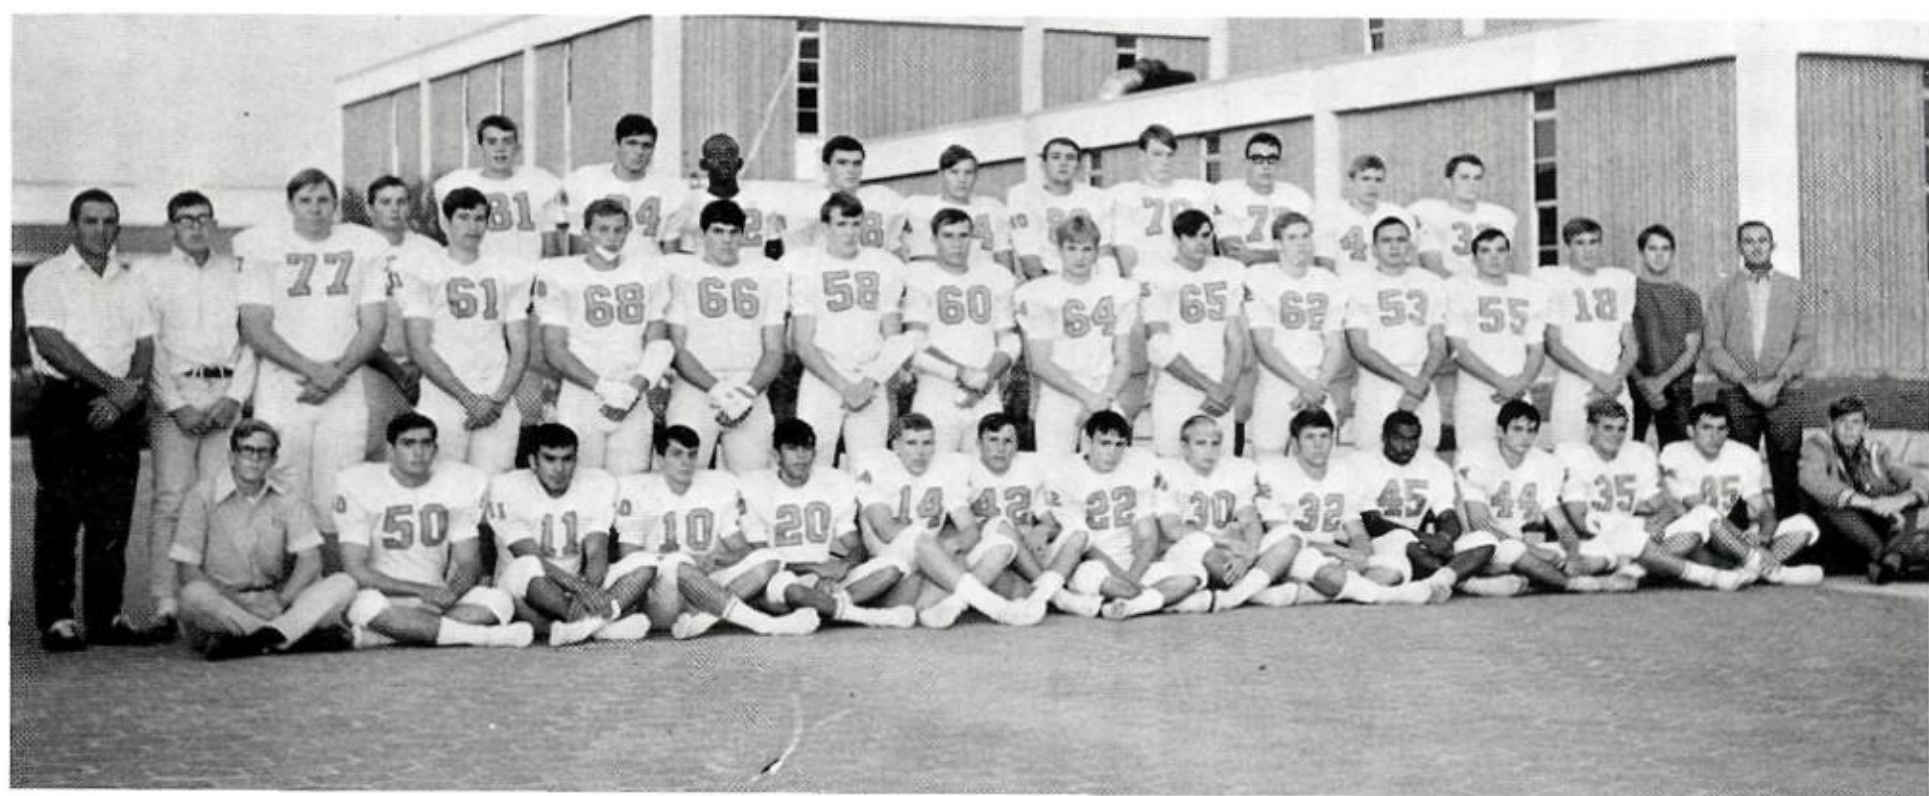

Offensive standouts in the backfield included Johnny Woods, David Halbrook and Mike Ciccarelli. On the line, Bill Osmond, Roger Roeglin (before he moved up to varsity), and Ed McGee did an extremely fine job of blocking. The Raiders scored 286 points on their opponents. Defensively, Robert Wright and Walter Bartosh led the team in tackles, assisted by Larry Sisler, Greg Verheyden and Gary Raven. The strength of the defense is shown by the fact that only 54 points were scored on the Raiders.

Coach Wally Freytag assisted Coach Pennington on the sideline in the 1968 season. Managers in this winning season for the B-teamers were Alan Flentge, Mike Butler and Jeff Smith.

COACHES DEL MOBERG and Dan Schroeder with captains Charles Gilbert, Doug Mitchell and Larry Miller after their city championship is assured.

Great Season of Work, Worry, Wins

For the first time in the history of Reagan, the freshman football team won the city championship, untied with any other school. The 1968 squad went through an undefeated but once tied season led by Coaches Dan Schroeder and Del Moberg. The Raiders, captained by Larry Miller, Doug Mitchell and Charles Gilbert, moved through their first five games with prospects of going undefeated and untied until deadlocked with the Martin Eagles.

Coach Schroeder, commenting on the players said, "Most of our players are small. We had no truly outstanding players, but we had the best overall team effort of any previous freshman team. Many on the freshman team are good prospects for the varsity next year." The Raiders landed seven boys on the first string all-city team, including Robert Easley, Larry Miller, Tom Johnson and David Brizendine on the offense. On defense, Doug Mitchell, Charles Gilbert and Stuart King occupied positions.

Coach Schroeder also remarked that the team worked hard throughout the year and continually improved. The coach called the season "a total success."

Coach Moberg, who assisted Schroeder this season, was very impressed by the freshman defensive effort. The coach stated that the defense was one of the best.

Managers for the team were Randy Teinert, Tommy Prock and Jerry Russell.

Varsity Basketball

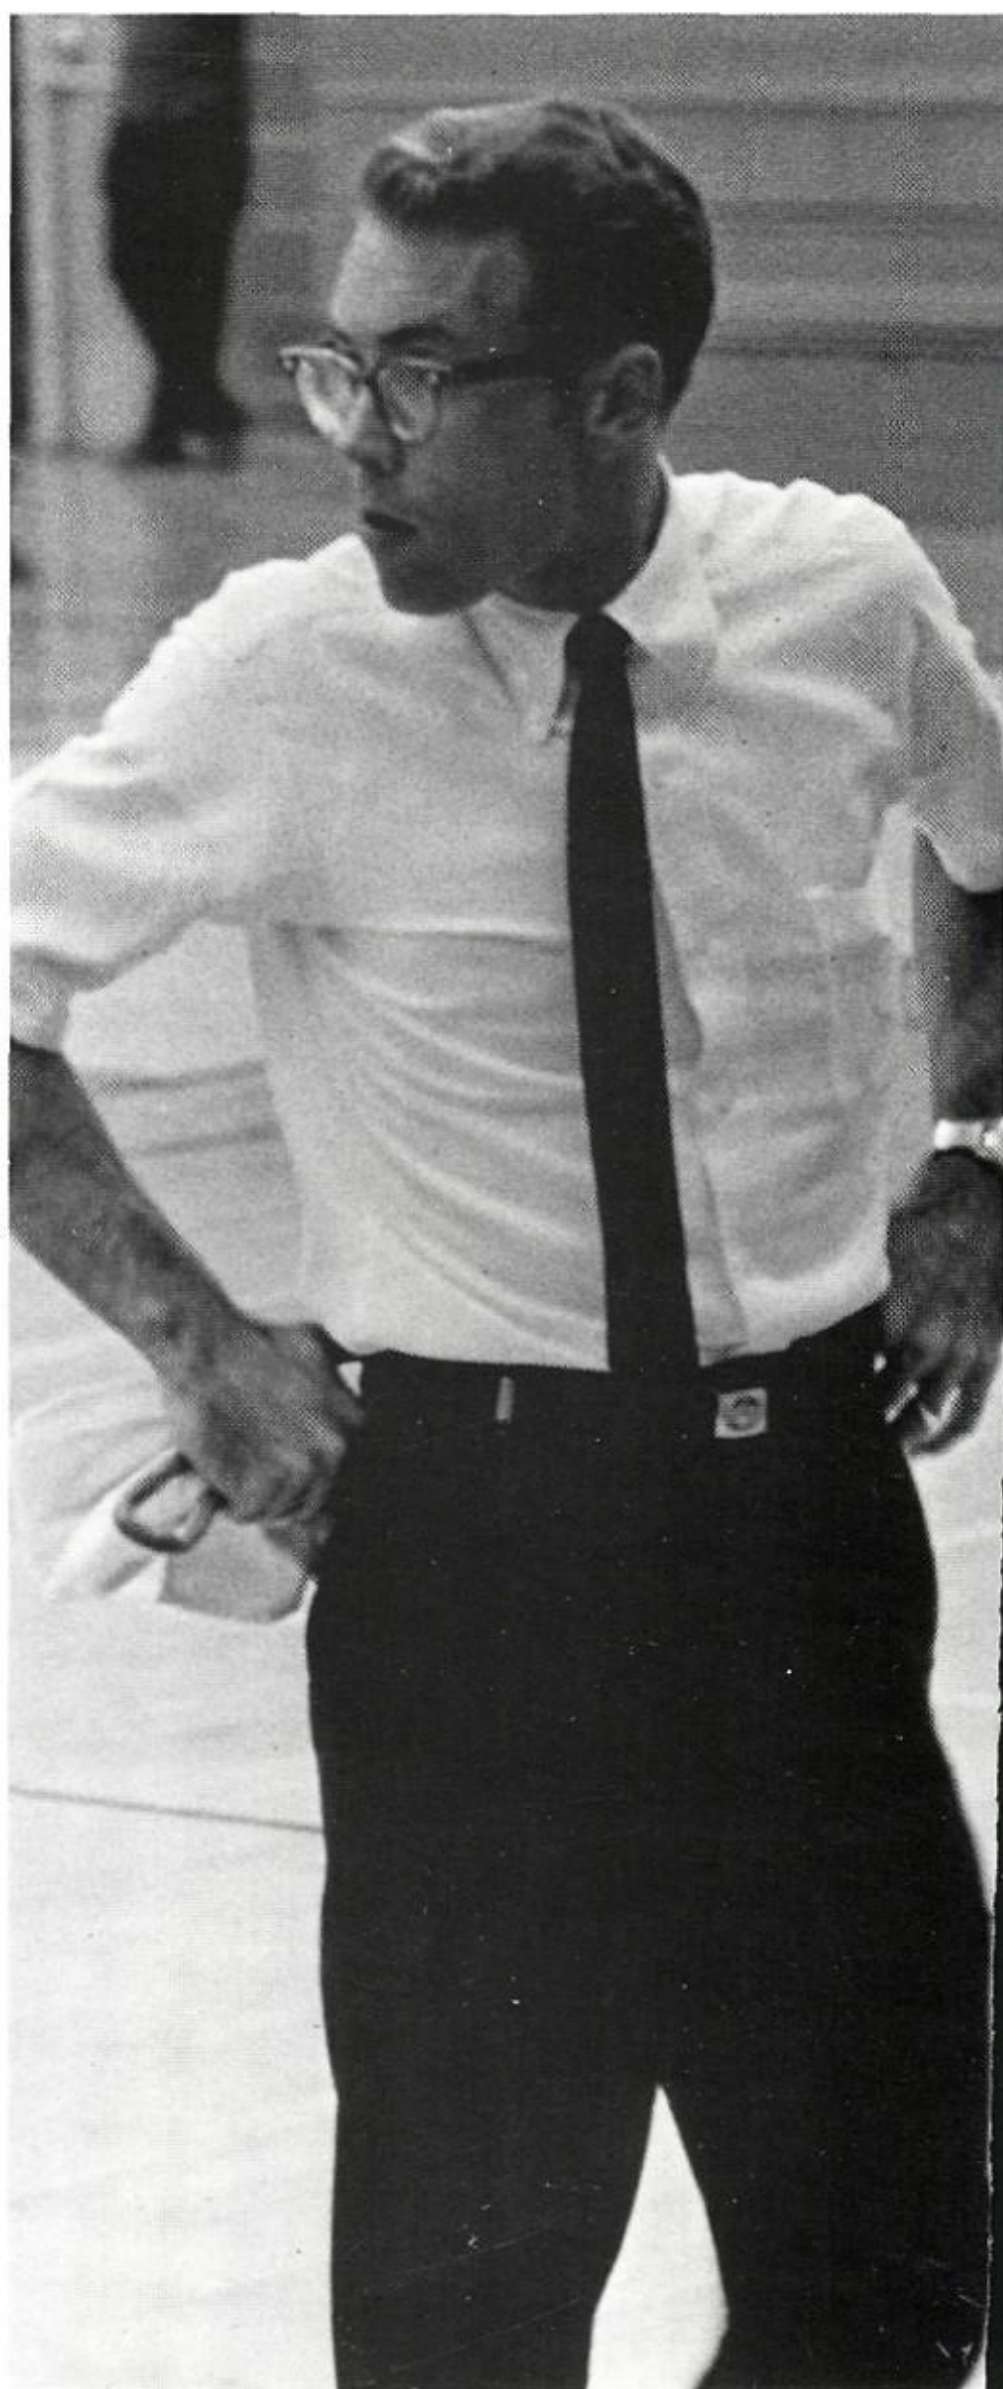

Cagers Capture Third in City Ratings

Despite the length of the football season, the Raider varsity basketball team placed 3rd in district competition, their best season since the first year when Reagan also took 3rd place honors. Coach Del Moberg commenting on the team said, "We have made as much progress as any team. At the end of the season Reagan was as good as any team in the district." The Raiders won 7 out of the last 8 games. Had the football season not extended so far into basketball season, the team might have ended further up in the standings. Mike Bayer and Alan Moore both missed the first 12 games and it took almost another 7 games for them to get into top form.

As for personnel—the Raiders had some of the best. Jack Louis was undoubtedly the outstanding player of the season as he led the team in every department. Louis scoring 677 points, hit 54.6% from the field and 117 out of 148 free throws for a 79.1 percentage. For a career total Louis scored 1,312 points, breaking a district record set in 1958 by a McCallum player. Louis averaged 27.1 points a game. According to Coach Moberg, sophomore Charles Solomon improved way beyond any expectation. Solomon pumped in 236 points for the Raiders. Sophomore Johnny Robinson, who missed the last 6 games, tallied 151 points. Alan Moore scored 113 points. According to Coach Moberg the team scored better in district competition than previous Raider teams. The Coach lettered 10 players including Solomon, Bill Kirk, Jeff Maidlow, Johnny Robinson, Alan Moore, Mike Bayer, Dan Thompson, Waymond Clark, Matt Carroll and Jack Louis and Randy Walker.

The best games for the Raiders were against Austin High on December 20 and against Johnston on February 7. In the contest with the Maroons, the Raiders came out on top with a score of 76-61. Louis went on a scoring spree as he netted 41 points. The Raiders, who led throughout the game, held a 42-25 advantage at the half. The Rams, who were tied for the district lead and number 10 in the state prior to the game, fell by a score of 59-52. This win by Reagan gave Anderson the district championship. Solomon was the star of the game, scoring 22 points and gathering 11 rebounds for the winning cause.

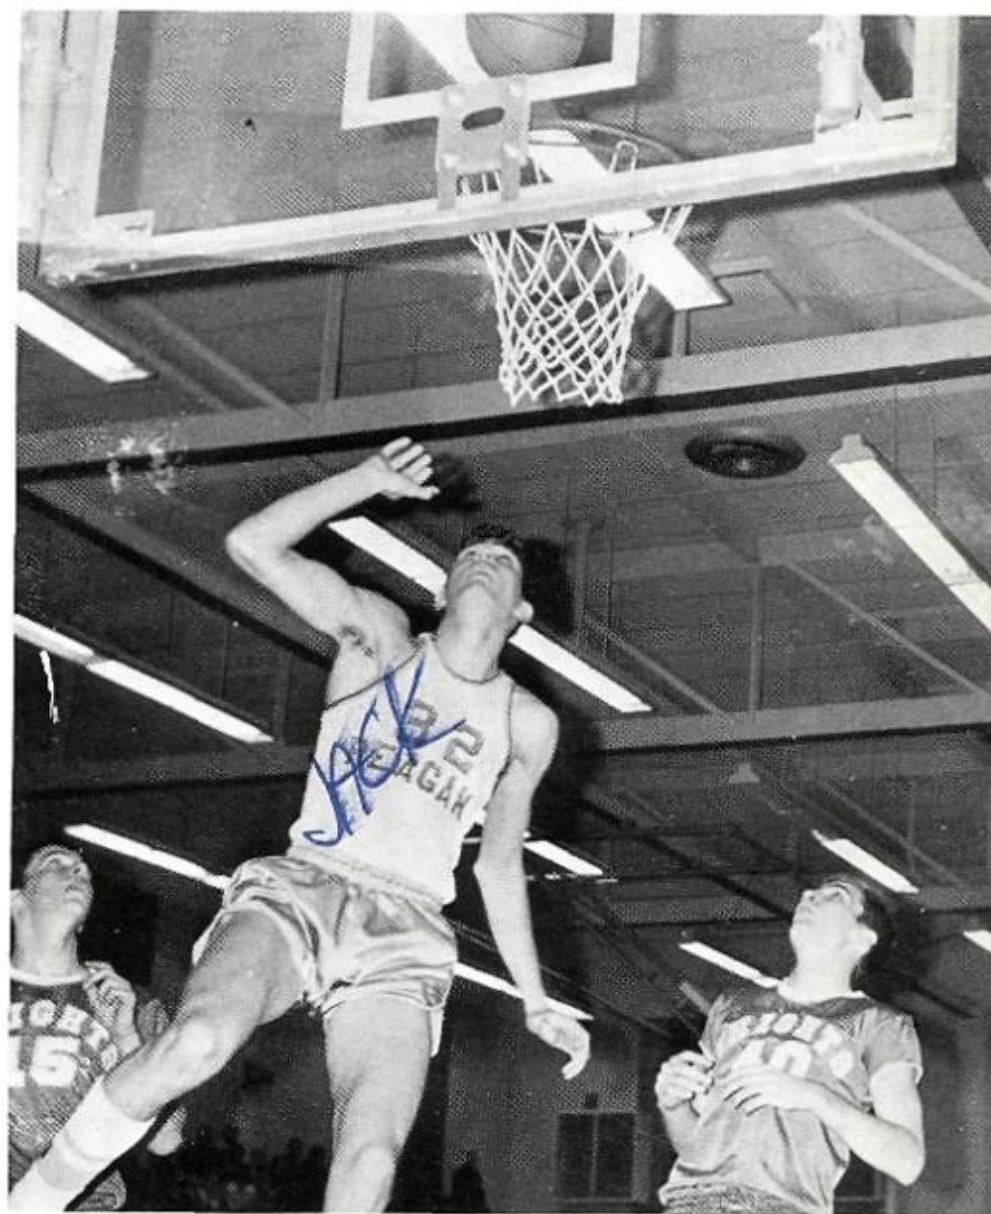

Finishing 3rd with a 16-9 season record and a 10-4 district record, the Raiders moved up from a 6th place finish last year. The 1968-1969 season was the best effort by a Reagan varsity basketball team since a 3rd place finish in 1965-1966.

B-Team Basketball

Clinch 2nd Place in Strongest Year

"It was our strongest, best all-round B-Team that we have had at Reagan," commented Coach Pat Pennington on the 1968-1969 B-Team basketball squad. Ending the season with 12 wins and 2 losses, the Raiders captured 2nd place behind the Johnston Rams. The team, whose 2 losses were at the hands of the Rams, was affected by the length of the football season, as the coach had to frequently miss practices because of scouting trips. Even with five sophomores on the varsity, Coach Pennington stated that even the 3rd string could have started for the B-Team.

The best offensive effort for the Raiders came against Lanier. The team scored 44 points in 10 minutes; the final score was 76-49. High point man during the season for Reagan was junior Greg Verheyden, who pumped in 242 points for a 13.5 average. Sophomore Ricky Sellstrom scored 138 points, while sophomore Ernest Brown tallied 89 points. Verheyden and Sellstrom led the team in field goals with 77 and 58 respectively. Verheyden hit 77% of his free throws, while Geary Louis hit 66%. Other top scorers for the team include Steve Wenzel and Mike Foster. The talent of the team can best be shown by the fact that only one person, Verheyden, held a permanent starting position; the other starting places were rotated among 10 of the 15 players on the team. Bob Nicholas served as manager for the team.

Freshman Basketball

New Talent Discovered for Future Teams

Selected to place fifth in pre-season polls, the Reagan freshman basketball team took fourth place in city competition with an 8-5 record. Coach Dan Schroeder summed up the season with, "We didn't have an outstanding record, but we had a good effort in most games and we do have some future prospects for the varsity team."

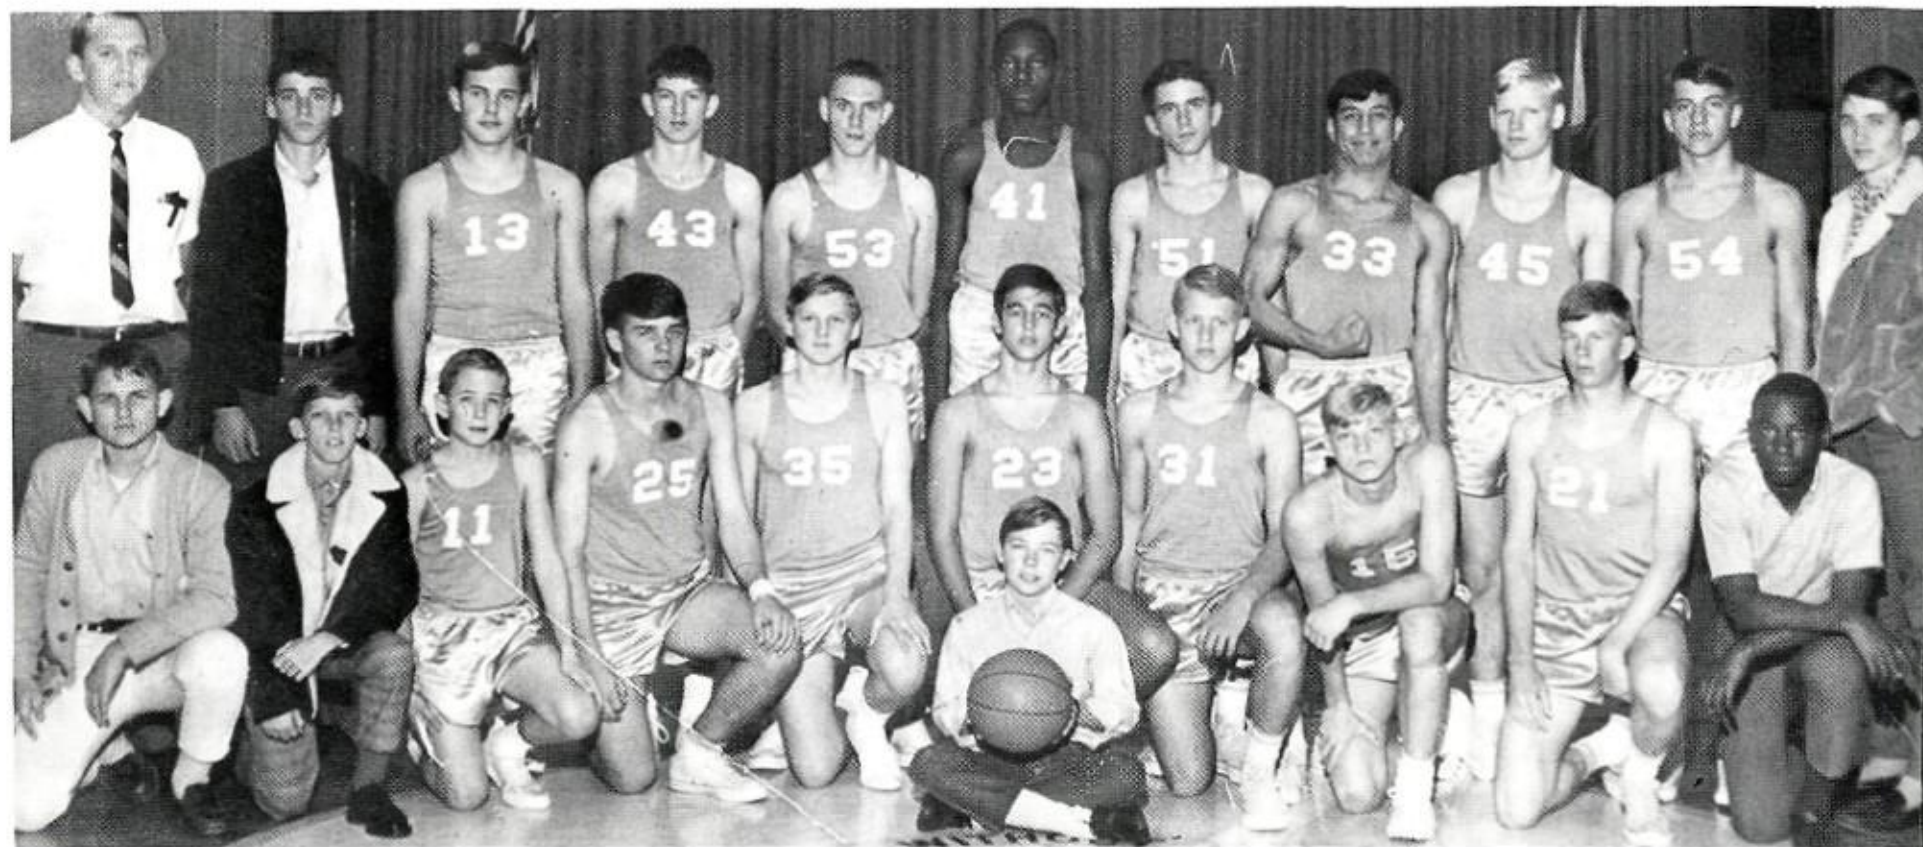

The team finished behind Martin and Kealing, who tied for first, and Murchison. The freshmen scored 589 total points for a 45 point average per game. Opponents scored 486 on the Raiders for a 37 point average. The best offensive effort was against O'Henry, while the best defense game was with Crockett.

The leading scorer for the freshmen was David Brizendine, who scored 123 points, for a 9.4 average. Other top scorers included Brian Hill with 111 points and Mark Porter. The top man at the free throw line for the Raiders was Ricky Prewitt, who hit 57% of his throws. In rebounding, Porter led the team with 79, while Brizendine gathered in 67. Brizendine also scored the most points in a game with 17 and the most rebounds with 15. Last year the Raider freshmen finished third in city competition. Managers for the team were Tommy Prock and Buddy Scott.

Track and Field

Eight Lettermen Return from Last Year

With eight returning lettermen from the 1968 district champion squad, the 1969 Raiders track team was well prepared for the season. These lettermen included Alan Moore, Leven Deputy, James Hendricks, Rickey Wheeler, James Whisenant, Gene Sanders, Jerry Carpenter and Mike Bayer.

The workouts began early in the 2nd semester with head Coach Glen Swenson handling the track events and Coach Wally Freytag taking charge of the field events. The Reagan spikers participated in a meet every week from the middle of February to the middle of April. Several of the more important meets included the Blinn College Invitational in Brenham, the Aldine meet, the New Braunfels meet, the Austin Invitational, the district meet, the A & M Consolidated meet in Bryan, the Texas Relays and the Regional meet. A special addition to Reagan's schedule was the Federation National track meet in the Astrodome, where the Raiders performed along side of several Olympians. The strength of the Raiders lay in the fact that they picked up many 2nd and 3rd places in each meet, instead of just a few 1st places, thereby accumulating more points. The top opponents for the Raiders were Anderson and Austin High. The managers for the team this year included Mike Callan, Stanley Chennault and Tommy Turner.

PARTICIPATING IN THE HIGH JUMP are from left, Waymon Clark, Ernest Brown, Alan Moore, Randy Walker.

Baseball

'Play Ball' Sets Spring Pace for Players

BASEBALL MEMBERS include, *bottom row from left*, Hap Feuerbacher, Jackie Linam, Reece Simril, Ricky Sellstrom, Larry Foley, Gary Valdez, Michael Epperson; *second row from left*, Buster White, Tommy Frank, Robert Miller, Ricky Smith, Geary Louis, Troy Schultz, Alan Moore; *third row from left*, Terry Cooper, manager; Rusty Campbell, Greg Verheyden, Billy Armstrong, Don Denny, Mike Foster, Lee Walker, Larry Crooks.

With five returning lettermen, the 1969 Reagan varsity baseball team began workouts early in February in preparation for the season which began on March 5. Coming back from the 1968 team which finished third in district competition were Don Denny, Rusty Campbell, Lee Walker, Alan Moore and Robert Miller. Two of the more promising prospects were Rickey Smith and Buster White. On this squad of 30 boys, Coach Carroll Lundin cited no one boy as being particularly outstanding as the team was relatively inexperienced with only five returning lettermen. Of the 30 boys in the baseball program 15 boys also play B-Team.

Some of the boys played both varsity and B-Team, whenever they were needed most. In the district contests there was a tight race, with the McCallum Knights and the Johnston Rams giving the Raiders the toughest opposition, as these teams had the most returning lettermen from the 1968 season. Prior to the opening of district play, the team played in nine practice games.

Golf

Talent in Putting, Driving Necessary

With only two returning lettermen from the 1968 team, the 1969 varsity golf team was relatively inexperienced as compared to other schools in the district. Those returning from last year were Dennis Bethke and Don Gilbert.

The team was dominated by sophomores as there was only one senior and only four juniors. The golfers participated in the Tournament of Champions in San Antonio, the Austin Invitational, Galveston Ball tourney and the District Tournament, along with playing in several dual meets with other Austin schools. Coach Duane Moore, in his 1st year as the Raider golf mentor, was pleased with the overall performance of the team. Bethke is the only player slated to graduate. The team, which practiced after school, usually played at Morris Williams golf course.

Boys Tennis

Players Compete in State Tournaments

"A relatively young team with good upset potential" is how Coach Kermit Heimann described the 1969 Reagan varsity boys tennis team.

Returning lettermen from the 1968 team which placed 3rd in district round robin play include senior Terry Russell and juniors Doug Smith, David Smith and Jim Gates. The team, which began working early in the semester, was chosen by the coach. First, Coach Heimann held tryouts from which he selected a certain number of boys, then held an elimination tournament for the final selection.

The top players on the team are Doug Smith and Jim Gates, whereas the rest of the team was fairly evenly matched. Through continuous play-offs throughout the week a player has a chance to move up in the ratings.

In district competition, the top opponents for the Raiders were Austin High and McCallum. While the team plays local schools in round robin competition every Tuesday, the major tournaments in which the team participated were the San Angelo, the Austin Jaycee, the Waco, the Austin Independent School District, the Baytown and the district tournaments.

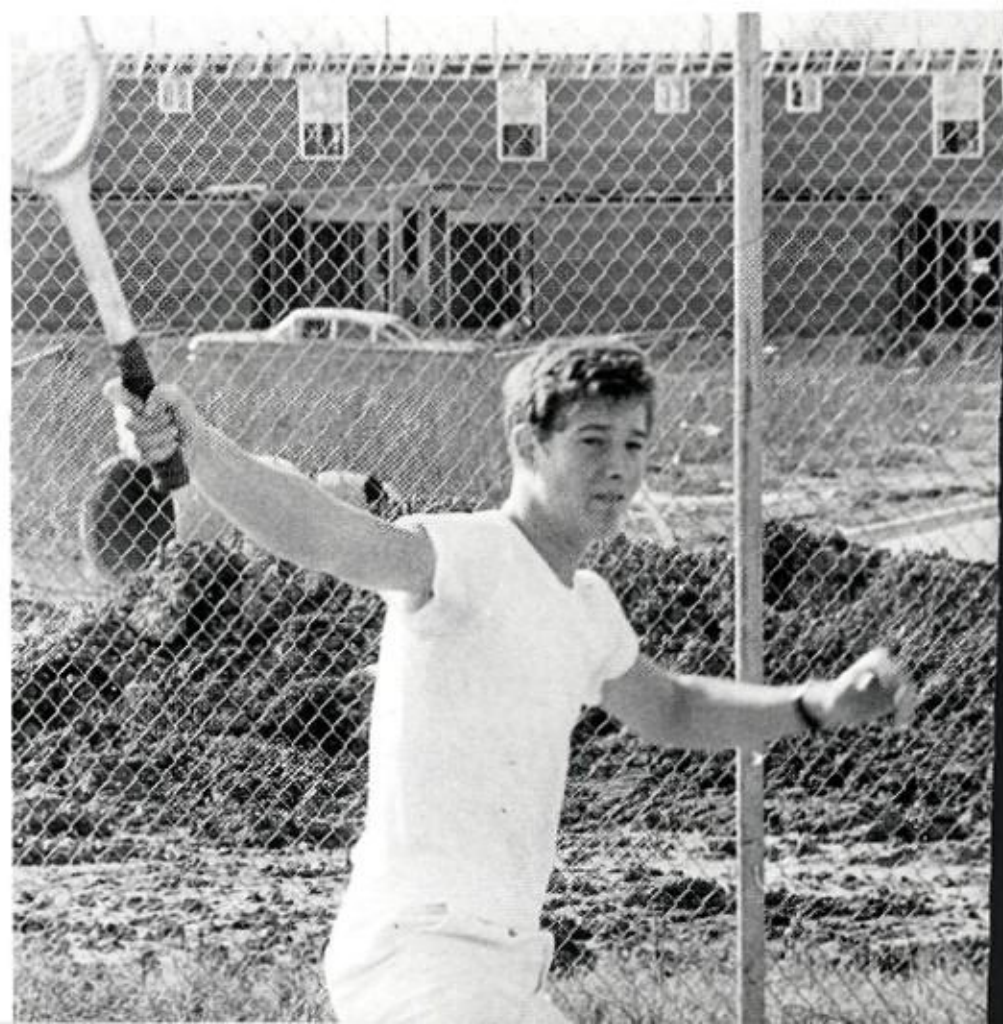

Coach Heimann called the freshman team the best ever at Reagan. Those seeing a lot of action were Kent Smith, Steven Knight and Ralph Pitzer.

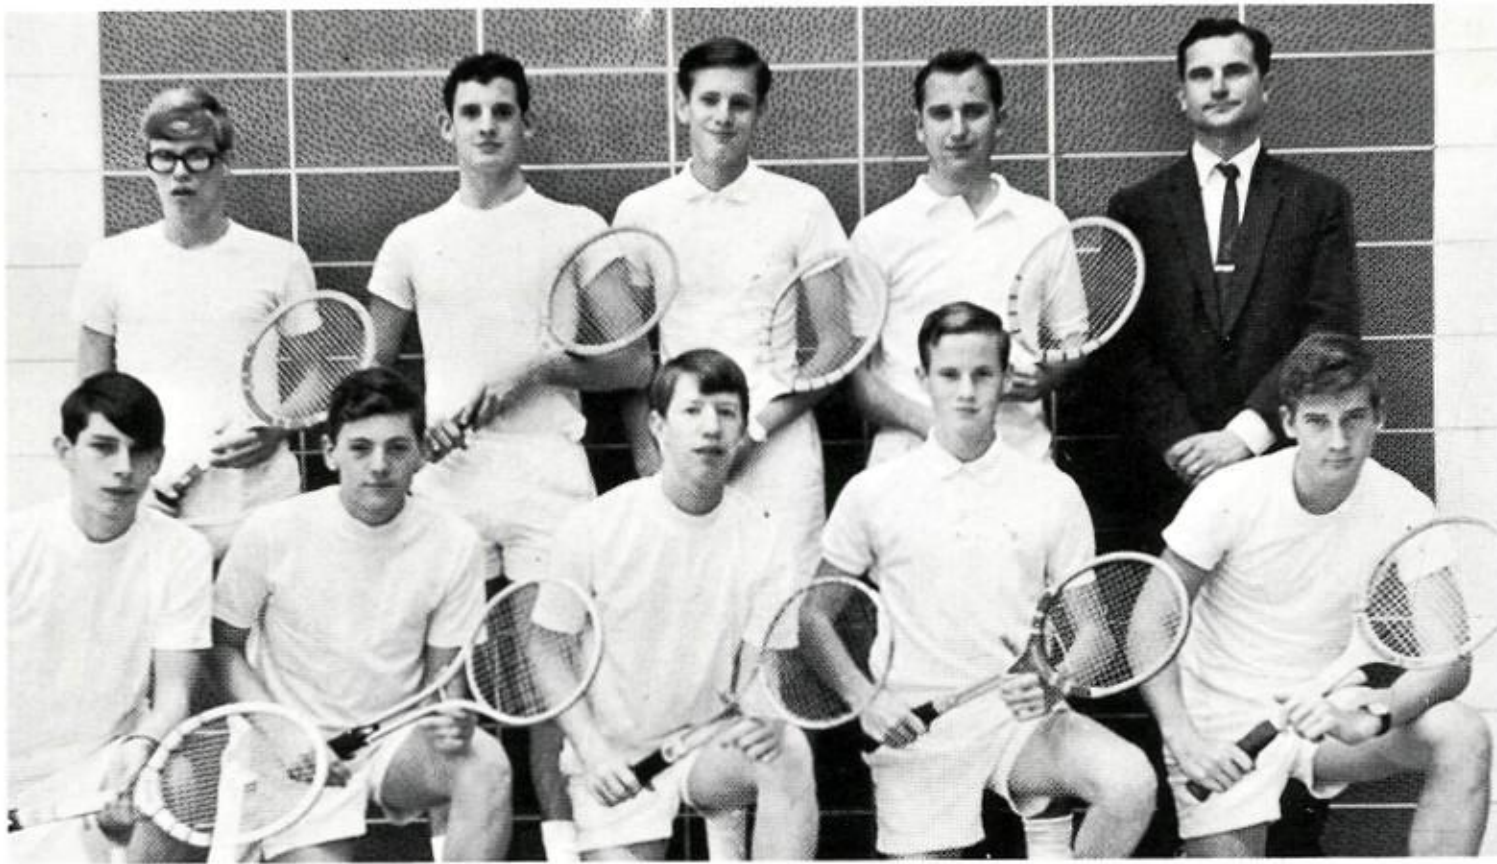

JIM GATES AWAITS his opponent's serve.

Girls Tennis

Schedules, Practices Hard for Netters

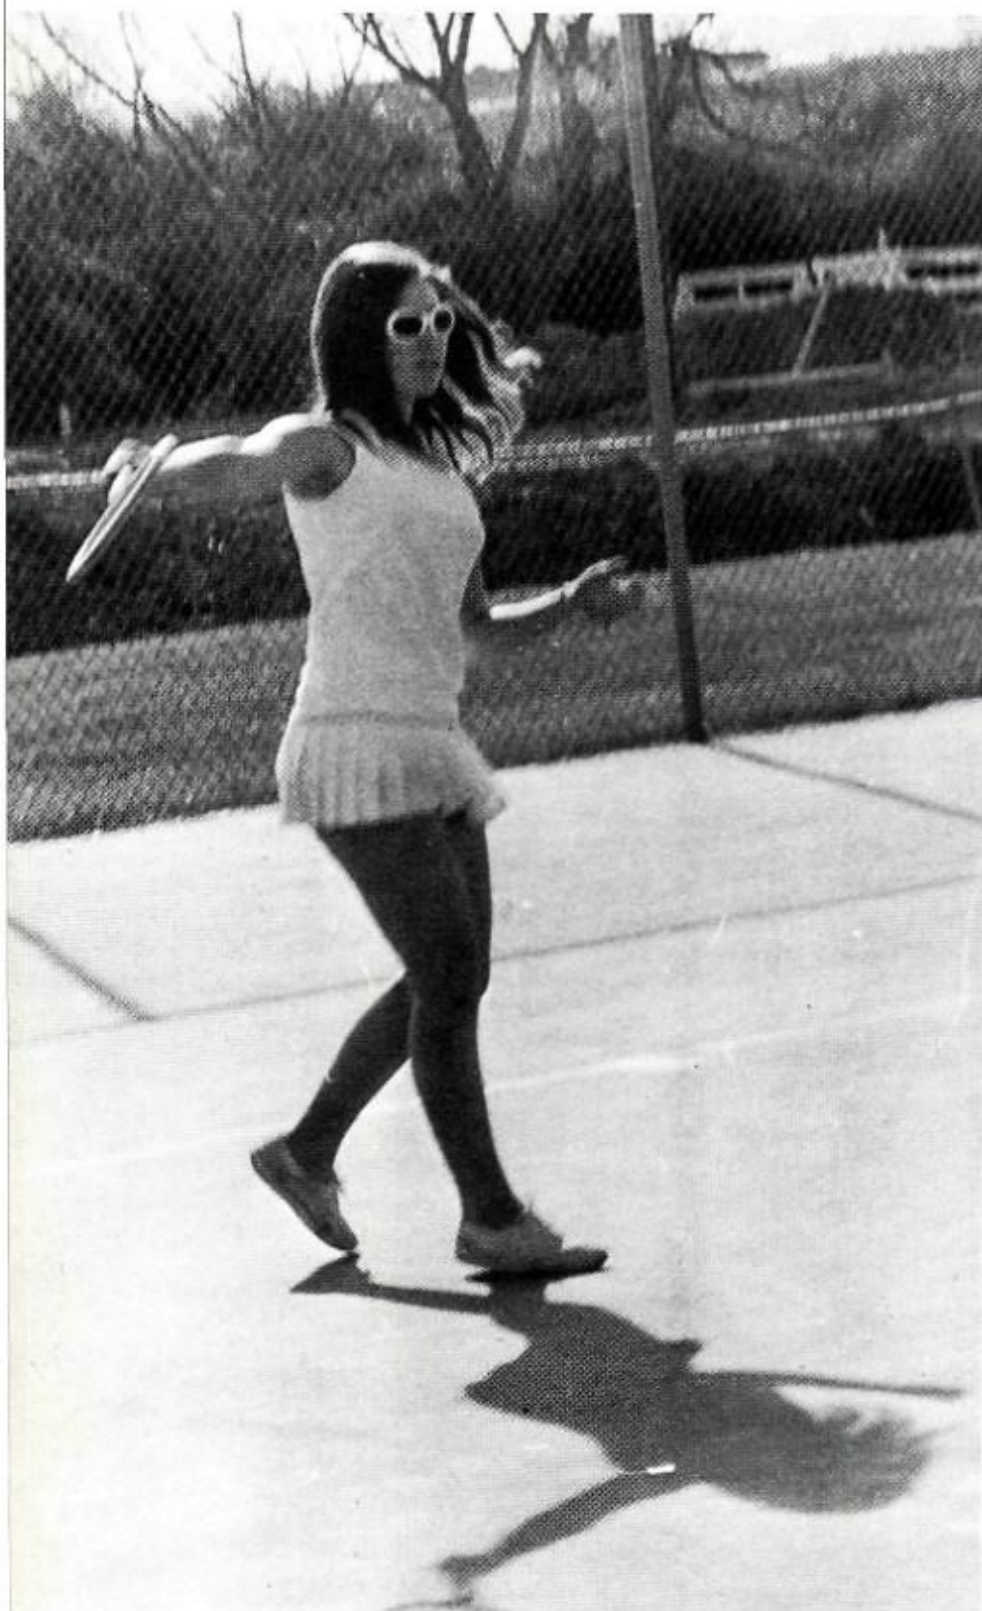

Tryouts for the Girls Tennis Team were conducted by Jean Collard, the new team coach, in late December.

Returning lettermen this season are Kipi Martin and Patty Erdmann, both seniors, and Robin Howard, Dee Combs and Carol Adkisson, juniors.

Returning members are Judy Wlascinski and Eleanor McKenna, juniors, and Patti Prewitt, senior.

New members not having competed before are senior Connie Seidenberger and sophomores Carol Stapper and Karon Schmoker.

These girls participated in Interscholastic League competition as well as in various tournaments throughout the state and at Caswell Tennis Center.

Varsity Cheerleaders

Work Involves Many Announcements, Signs

ADANA PEARCE—*Senior*

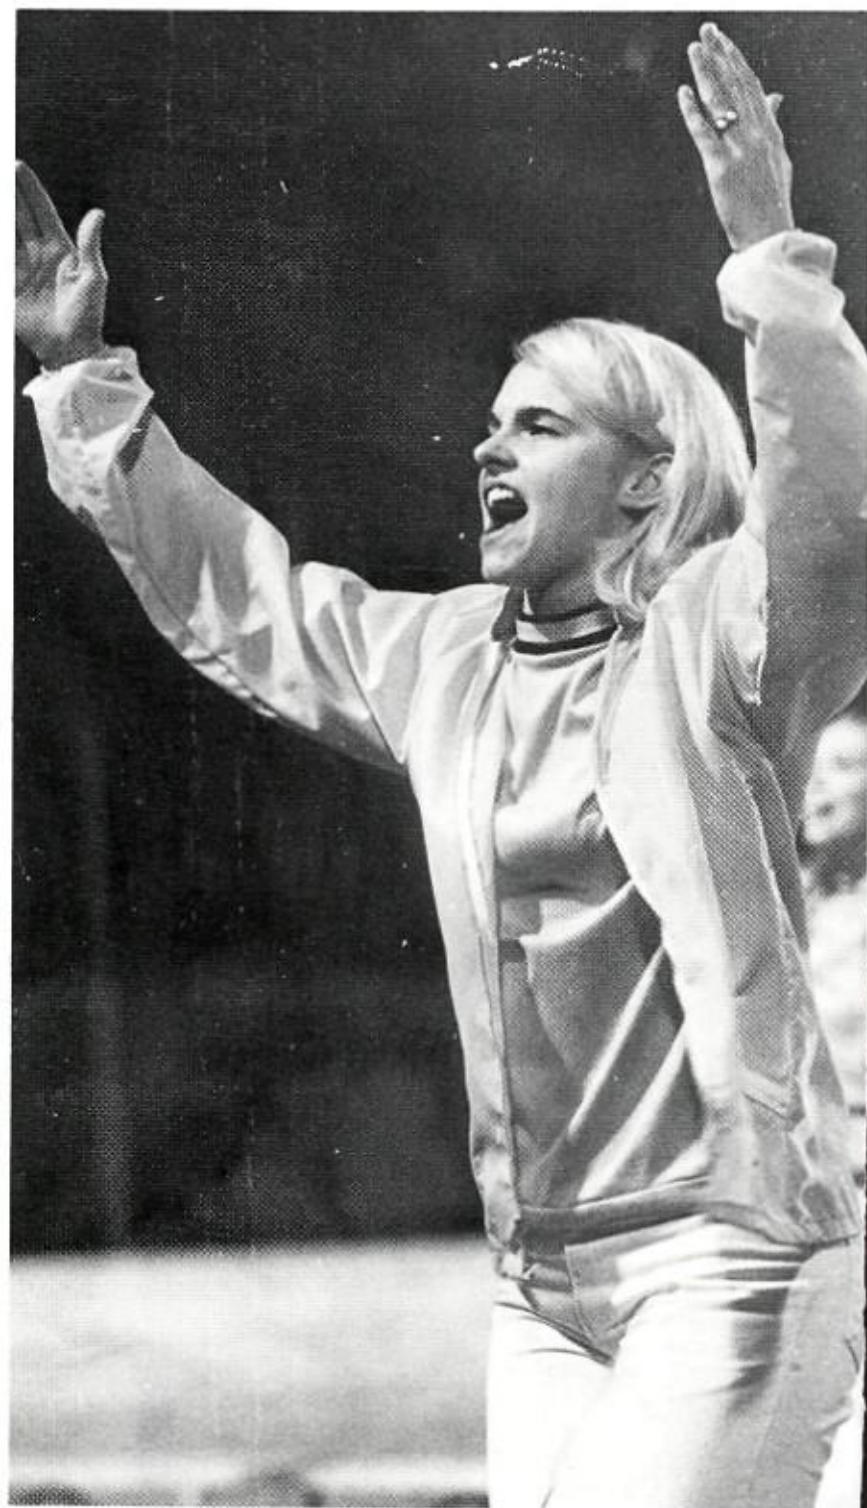

DIXIE SCHROEDER—*Junior*

Typifying the enthusiasm of the school and working diligently for team spirit with announcements and pep rally skits, the cheerleaders had a long nine months.

Beginning the school year with a long football winning season, the cheerleaders often found it hard to keep spirit up for each game.

The large colorful run-through signs at each football game and the banners at basketball games were just a few of the many tasks assigned to the cheerleaders. The student body knows very little of the time and effort spent by the six girls to boost winning spirit for winning teams.

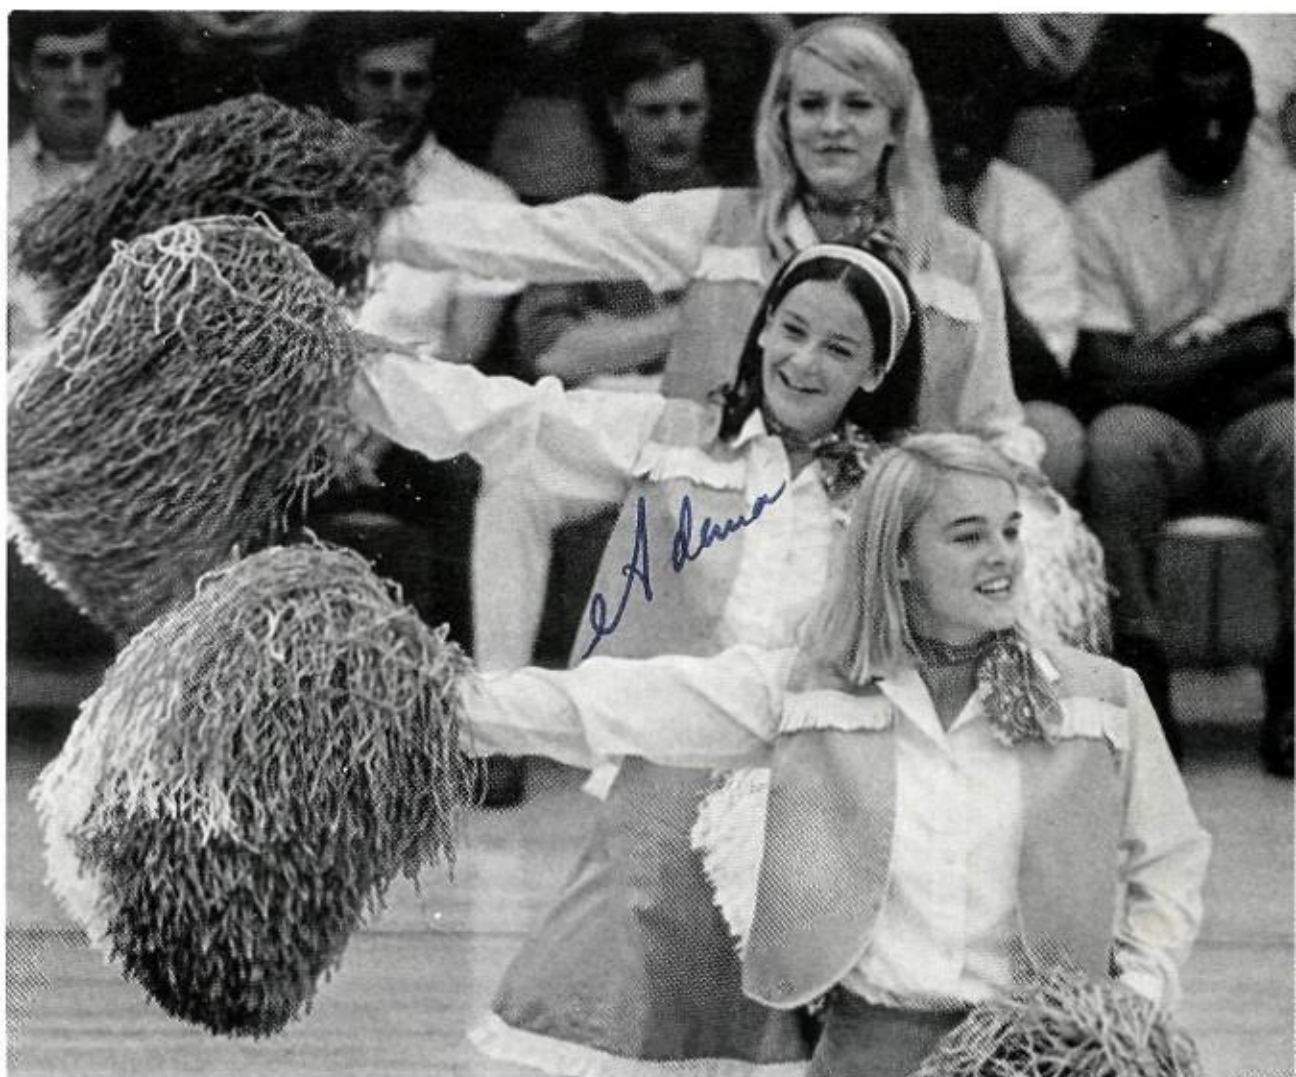

Senior cheerleaders Adana Peace, Patty Erdmann and Linda Green, along with juniors Connie Humphrey, Dixie Schroeder and Martha Gaddis, were seen at each game battling wind, rain and cold to lead a student body in team support.

B-Team Cheerleaders Raising Support Involves Clever Skits over PA

Marilyn Poole, Trish Wheeler, Debbie Tatum and Beverly Walker were the hard working cheerleaders who attended all the team's basketball and football games, forsaking homework and hobbies frequently.

The B-Team football squad took third place in the city, while the basketball team held second place in the ratings, giving the cheerleaders a good season, reward enough for their efforts. Their advertising of B-Team games by clever skits over the PA brought more supporters out to the games.

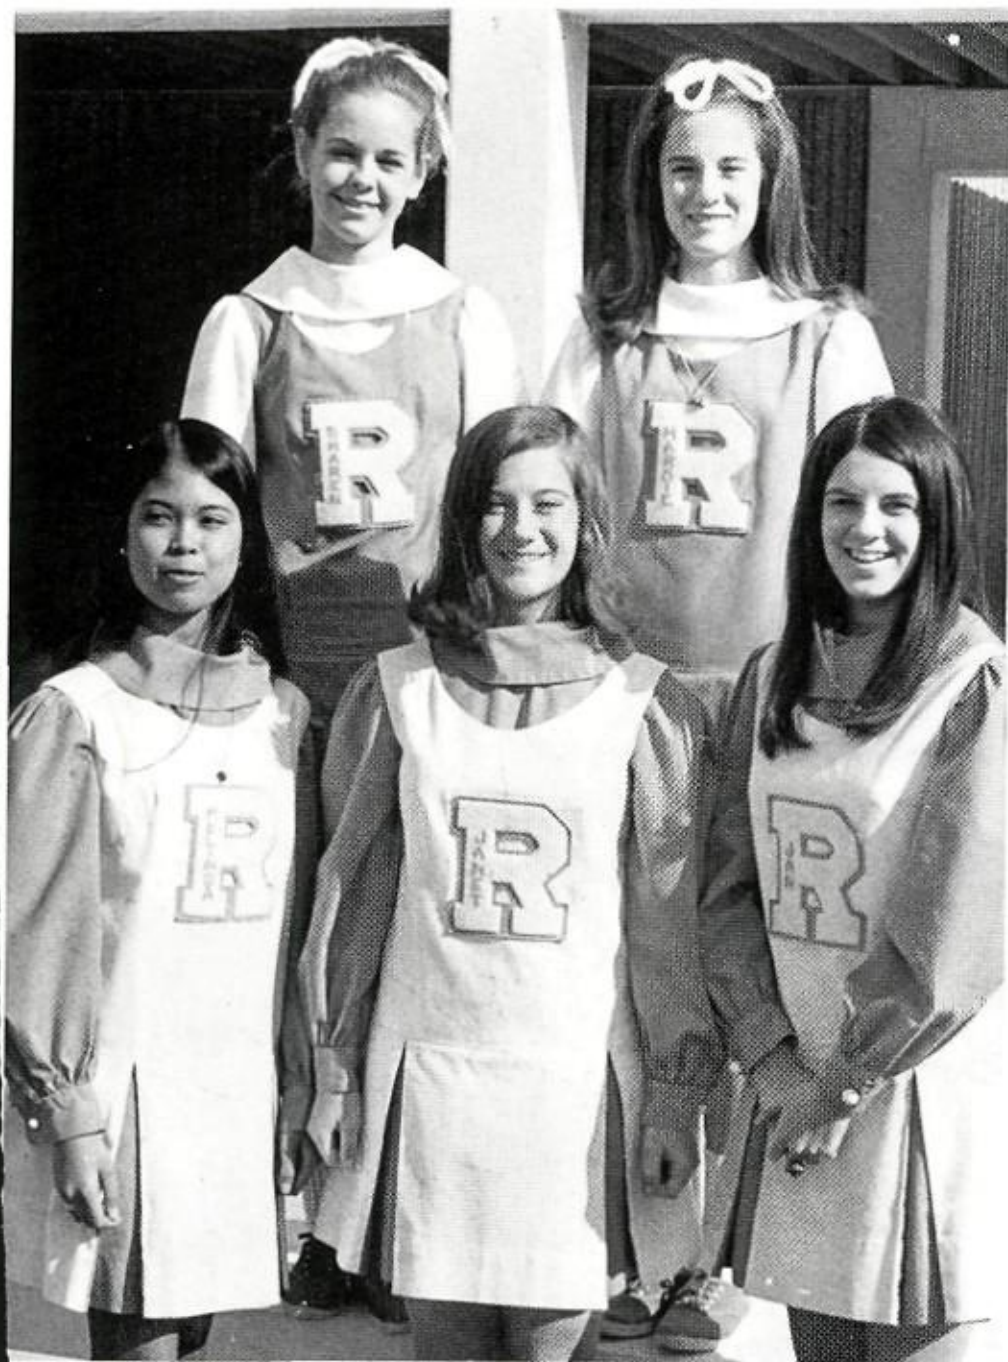

CHEERLEADER PRACTICE isn't all work, from Debbie Tatum's and Marilyn Poole's expressions.

Spirit-Boosting Big Responsibility

MELINDA MALLARI, JANET MASCHMEYER, JAN CORRAN, bottom row from left; SHAREN SCHIER, MARGIE KNIPPA, second row from left.

Freshman cheerleaders faced a big job early in the year, beginning with the winning season of the freshman football team that brought them the city championship. Attending all games required much time, and other activities were second to spirit-boosting.

The cheerleaders' season continued through February when the fish basketball team completed its season.

Freshman cheerleaders for '68-'69 are Melinda Mallari, Janet Maschmeyer, Margie Knippa, Jan Corran and Sharen Schier.

AT THE GAME with Lamar Junior High the Reagan and Lamar cheerleaders exchanged greetings.

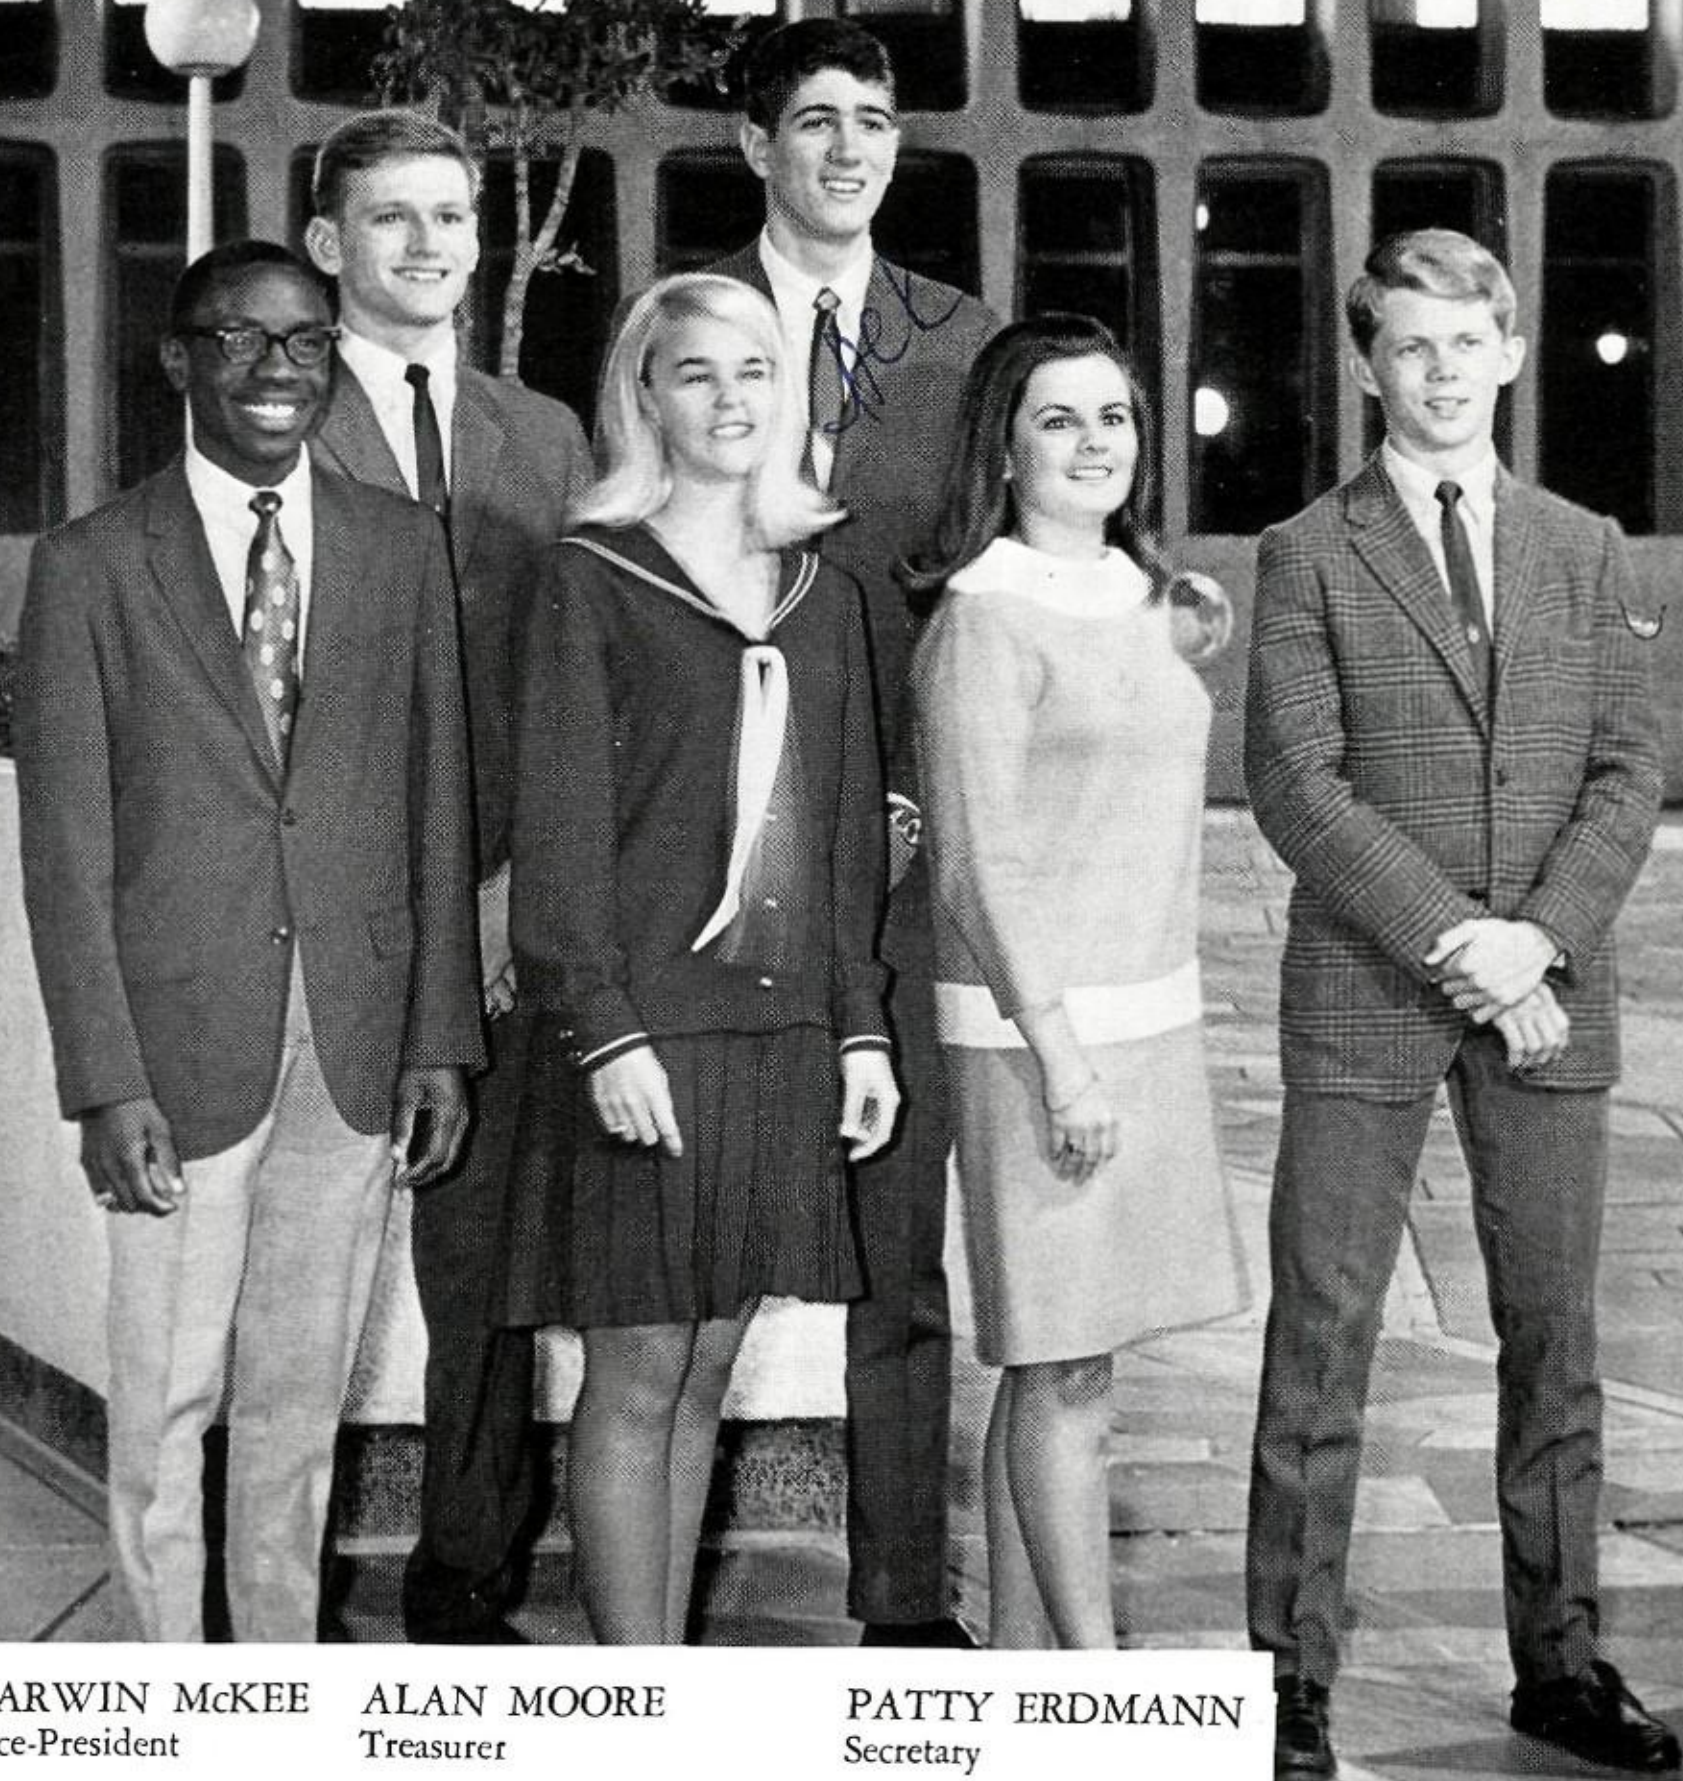

THE CHEERLEADERS EXHIBITED much exuberance and vitality at all football games.

The faculty and students bestow special honors upon the students they feel are most deserving. Each of the four classes elects its favorites, and the other honors voted upon by the entire school are designated to certain seniors. The faculty elects Mr. and Miss Reagan and Most Likely to Succeed, while the coaches select Most Athletic.

Senior Favorites

JUDY BRYANT MIKE BAYER

The senior class chose Mike Bayer and Judy Bryant as its class favorites. Judy is well-known to her classmates for her enthusiasm and friendly disposition. She was in the Beauty Review and also was a Student Council Committee Head. Mike was also class favorite for his junior year. Being president of National Honor Society, a Student Council Committee Head, and very active in sports completes his list of activities.

Junior Favorites

DIXIE SCHROEDER STEVE PHILLIPS

Varsity cheerleader Dixie Schroeder and football player Steve Phillips were elected class favorites by the junior class. Dixie was active in promoting school spirit and she is also in Student Council. Steve, besides engaging in sports, has been a class officer for the past two years.

Sophomore Favorites

DEBBIE ALEXANDER
WAYNE BRADFORD

Debbie Alexander and Wayne Bradford were honored by the sophomore class, which elected them as Favorites. Debbie Alexander is a class officer this year and a member of Student Council. Football and being known as a great guy occupy most of Wayne's time.

Freshman Favorites

CAROLYN FERRARI DANNY BONNETT

The newest class at Reagan selected to honor Carolyn Ferrari and Danny Bonnett as Freshman Class Favorites. Both students came to Reagan from Pearce Junior High, where they were known to most classmates for their outgoing personalities and friendly dispositions.

Most Athletic

MIKE BAYER

The coaches selected Mike Bayer to honor him as Most Athletic. Mike played on both state championship football teams at the cornerback position. He also engages in basketball at the end of the football season. To achieve such an honor from the coaches, a good team spirit must be shown and an ability to work with others and a desire for perfection in a sport must be possessed.

Most Likely to Succeed

JACK LOUIS MARCELLA MICHELL

Each person has goals he hopes to accomplish in his lifetime. It takes special ambition and talent to succeed in today's highly competitive world. Selected by the faculty as the students they feel are Most Likely to Succeed were Marcella Mitchell and Jack Louis.

Best Sense of Humor

STAN VOLKER LINDA GREEN

Varsity cheerleader Linda "Bird" Green and Stan Volker, HR3 president, were elected to the post of Best Sense of Humor by the entire student body. They both are well known to students and faculty alike for their wit and pleasing personalities. A good sense of humor is a rare gift and it makes use of man's ability to laugh and enjoy himself with others.

Mr. and Miss Reagan

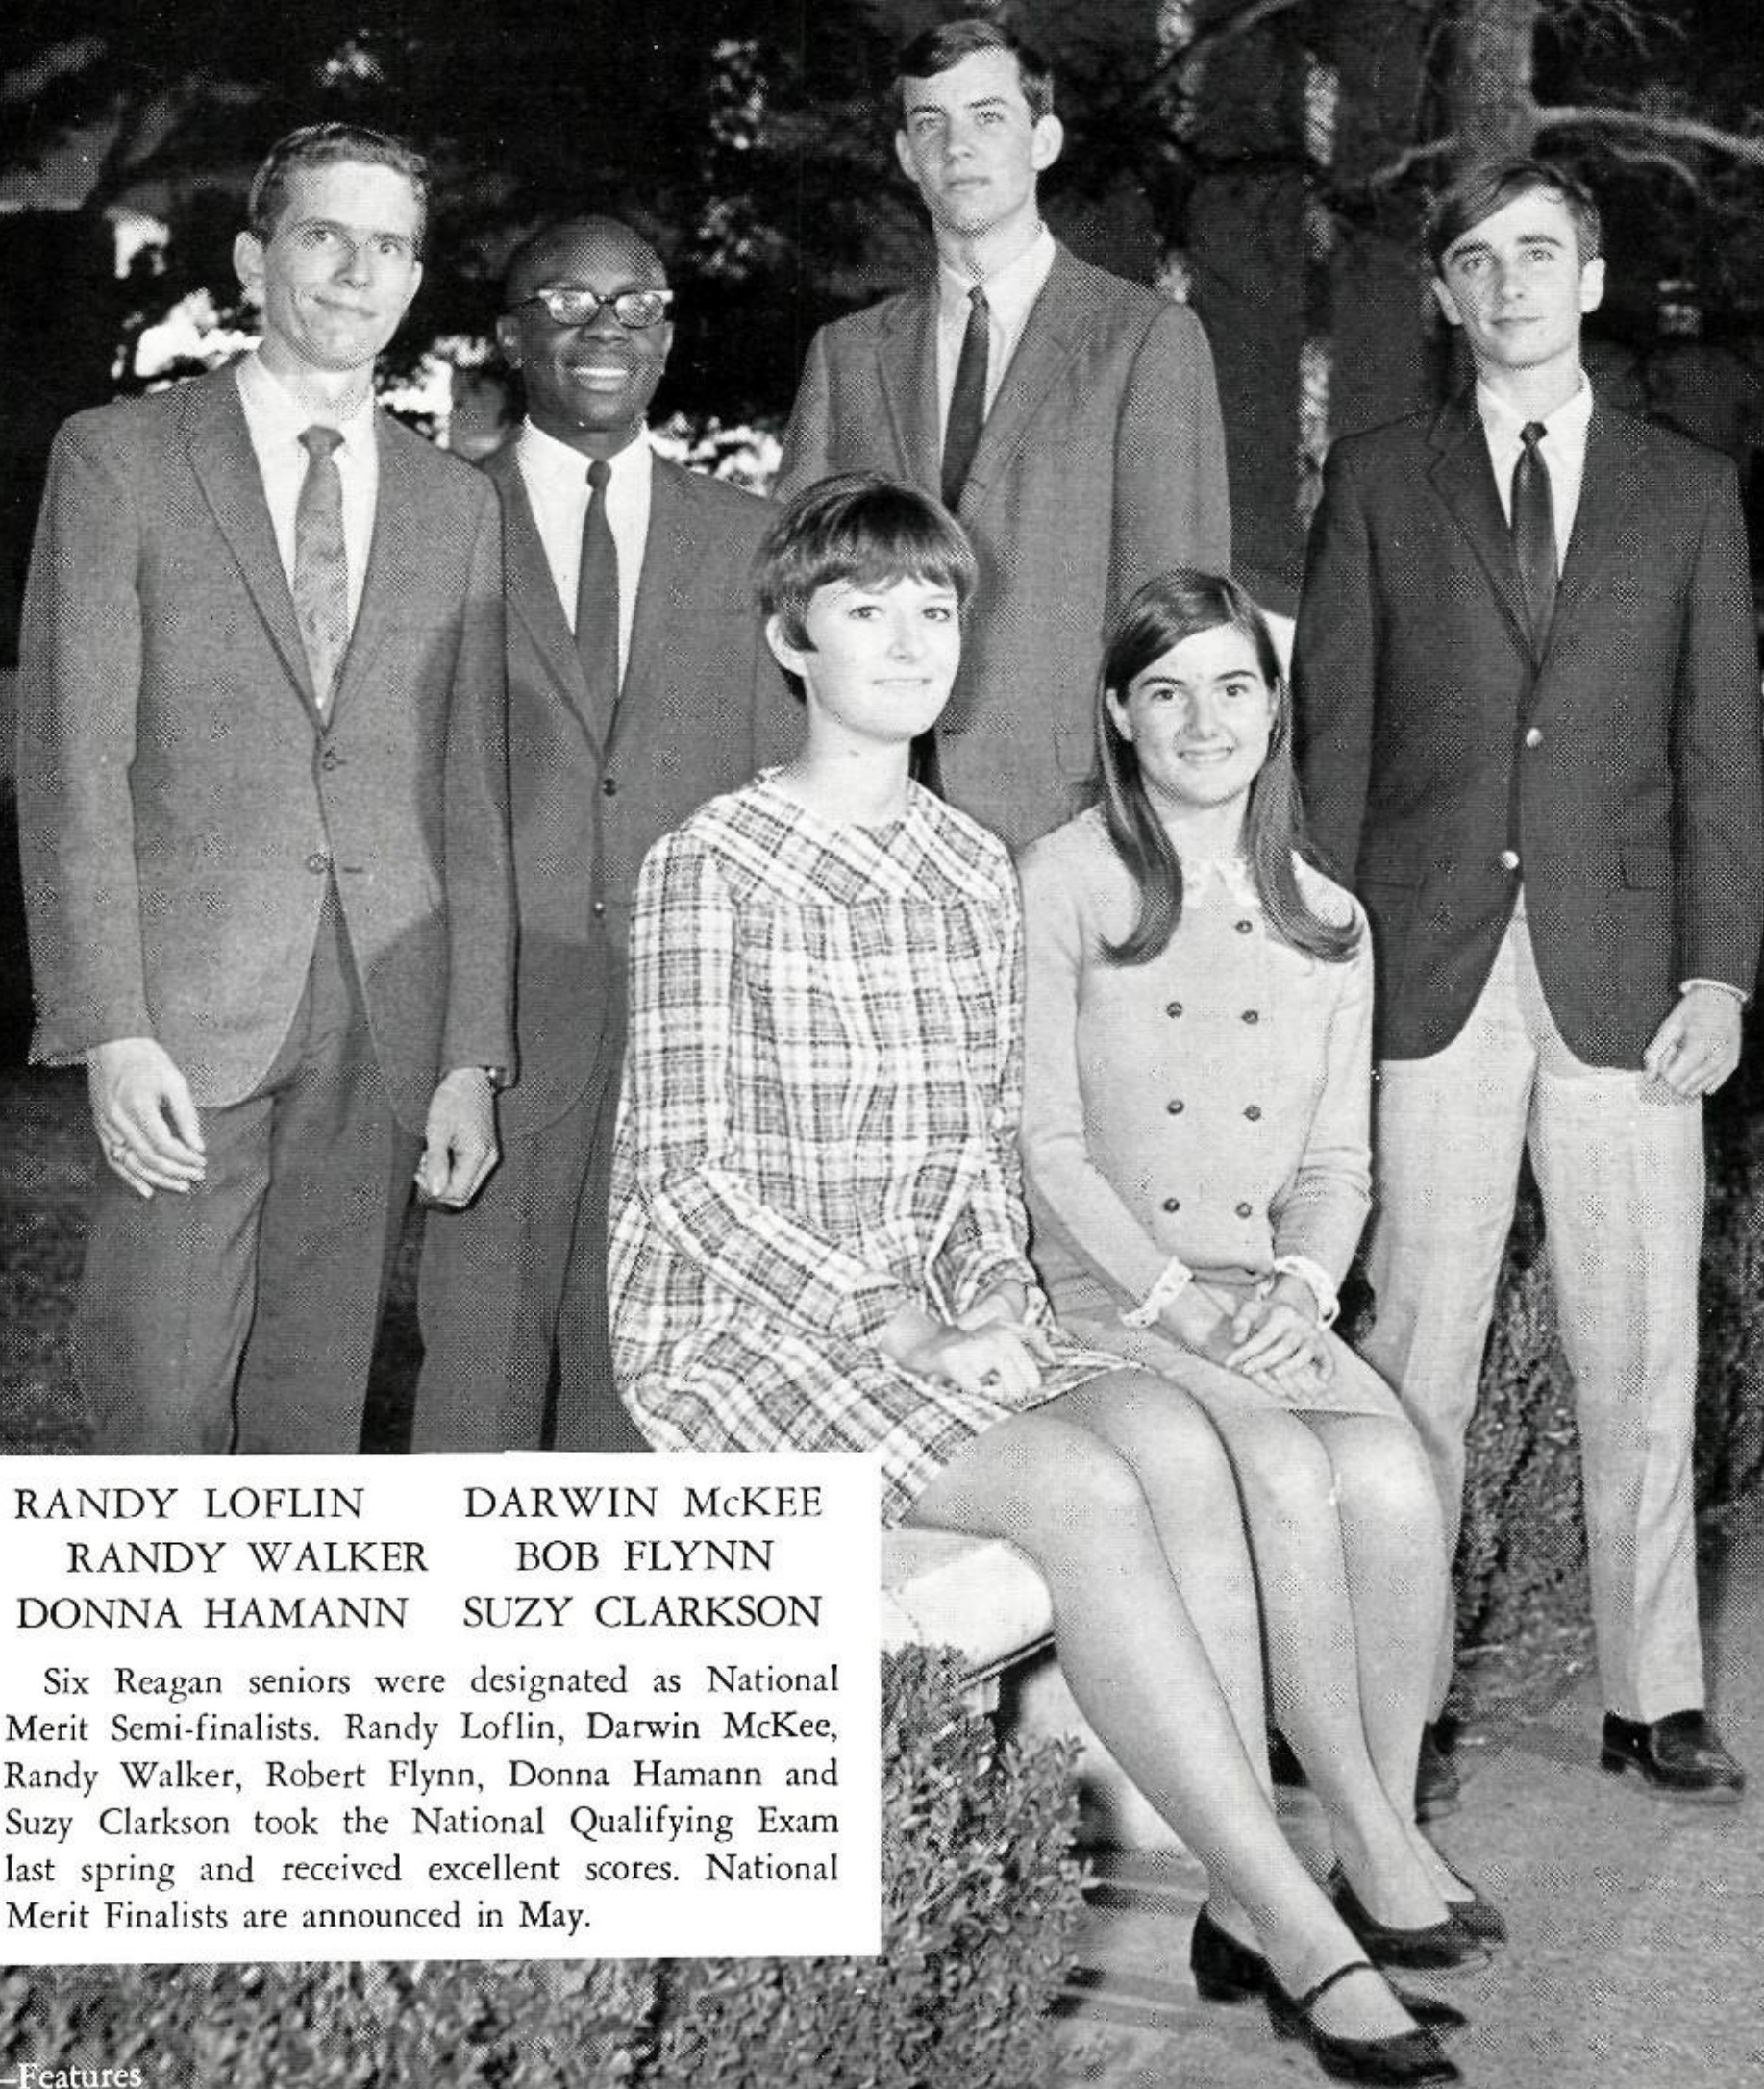

MIKE BAYER

ADANA PEARCE

One of the highest honors which can be achieved at Reagan is to be selected as Mr. and Miss Reagan. The faculty elected the girl and boy they feel best typify the concept of the ideal high school student. Adana Pearce and Mike Bayer were so honored this year by the teachers.

National Merit Semi-Finalists

RANDY LOFLIN DARWIN McKEE
RANDY WALKER BOB FLYNN
DONNA HAMANN SUZY CLARKSON

Six Reagan seniors were designated as National Merit Semi-finalists. Randy Loflin, Darwin McKee, Randy Walker, Robert Flynn, Donna Hamann and Suzy Clarkson took the National Qualifying Exam last spring and received excellent scores. National Merit Finalists are announced in May.

DAR Good Citizen

BETSY HESS

This young lady must have a charming personality and good character. Betsy Hess, senior, was selected by the Daughters of the American Revolution to be Reagan's DAR Good Citizen. She was parliamentarian of the Fall Student Council and the high school coordinator of Austin's Walk for Development, a youth mobilization project affiliated with the United Nations.

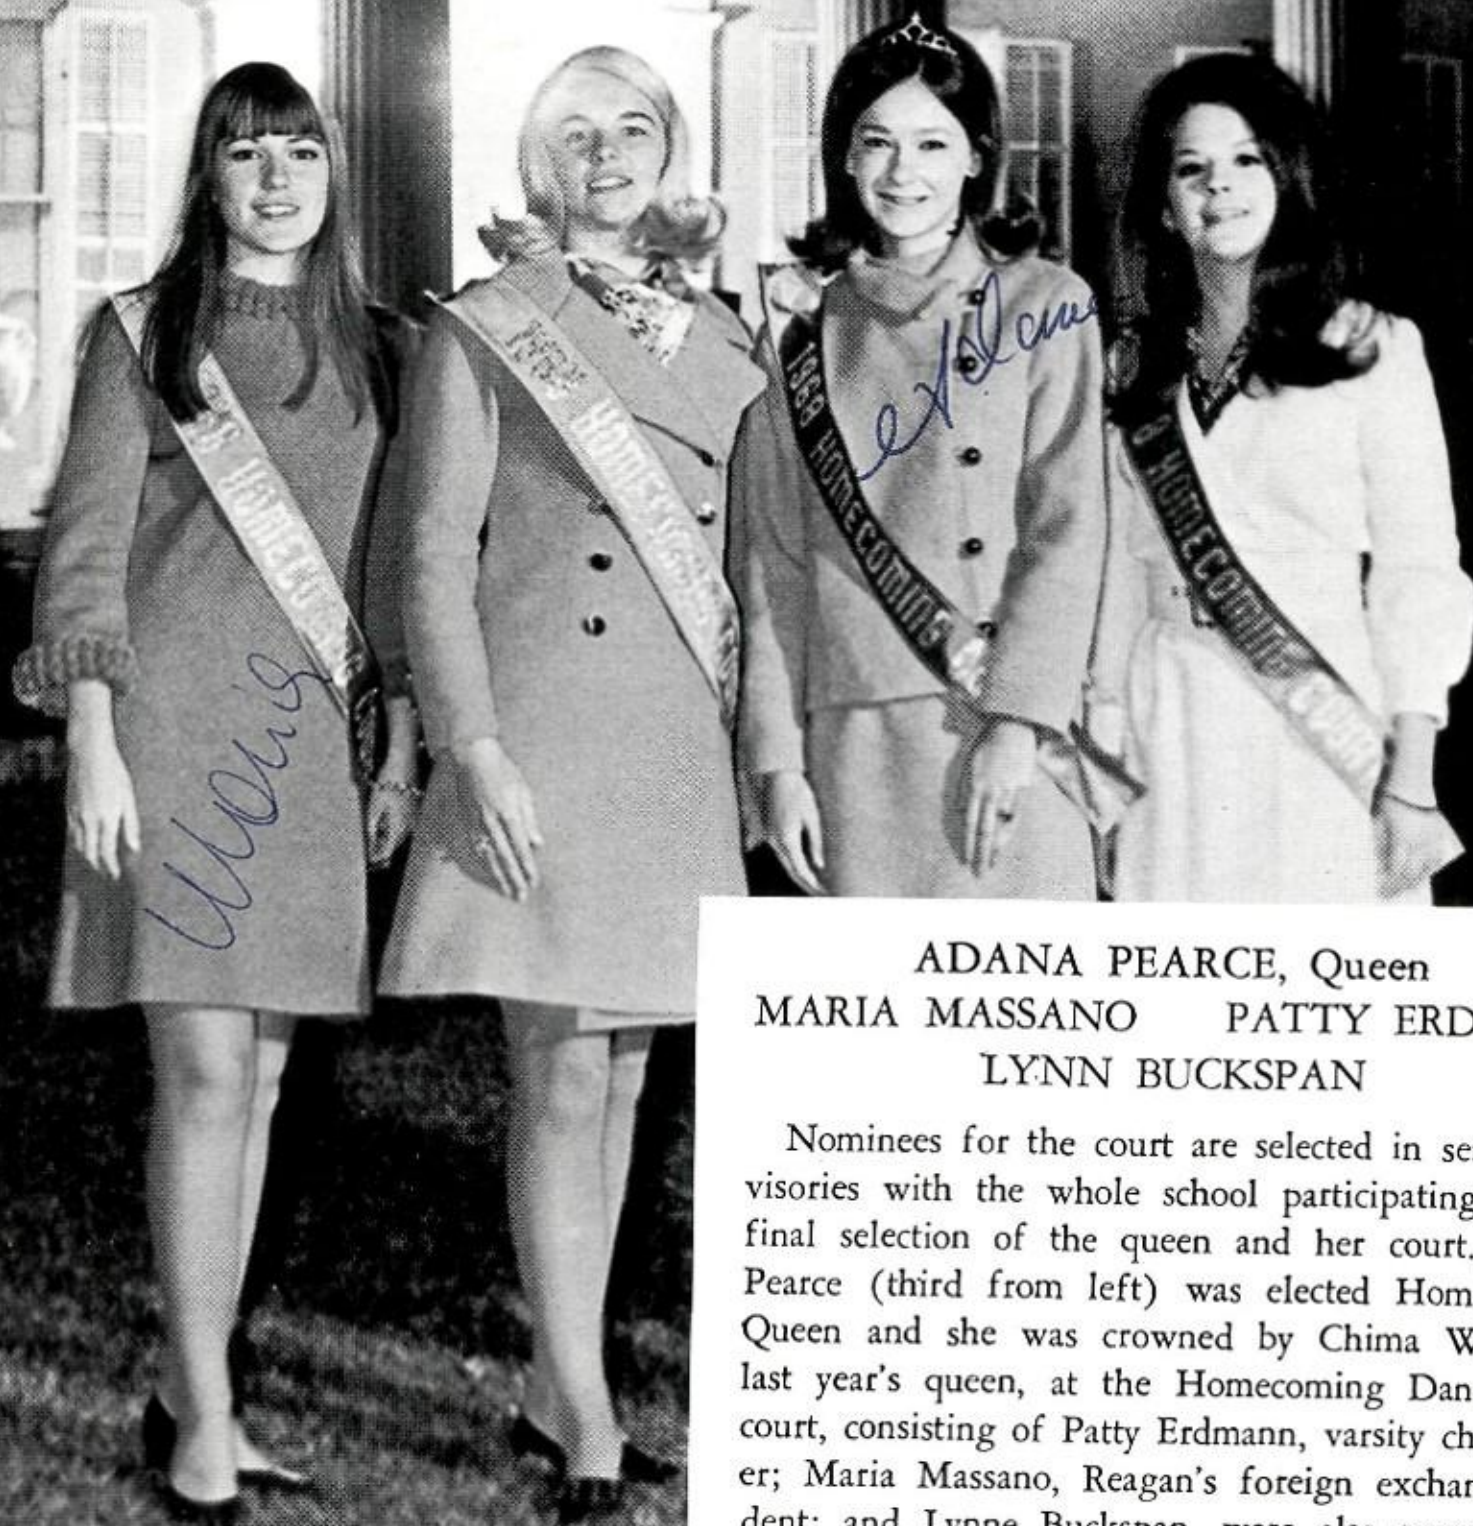

King Grin and Queen Smile

ADANA PEARCE STEVE DARBY

Best known to those at Reagan for their bright smiles are seniors Adana Pearce and Steve Darby. Adana is a varsity cheerleader and known to most students; she is also in Student Council, to which she devotes much of her energy. Steve Darby is known by students to be a very friendly guy who is also a member of the Student Council.

Homecoming Court

ADANA PEARCE, Queen
MARIA MASSANO PATTY ERDMAN
LYNN BUCKSPAN

Nominees for the court are selected in senior advisories with the whole school participating in the final selection of the queen and her court. Adana Pearce (third from left) was elected Homecoming Queen and she was crowned by Chima Williams, last year's queen, at the Homecoming Dance. Her court, consisting of Patty Erdmann, varsity cheerleader; Maria Massano, Reagan's foreign exchange student; and Lynne Buckspan, were also presented at the dance. The homecoming festivities were held after the victorious Reagan-Austin High game.

ROTC Court

MARY TAIT, Queen
SUZANNE MAIDLOW SKEETER SMITH

At the ROTC ball held January 18 Mary Tait, sophomore, was crowned the ROTC Queen. Skeeter Smith and Suzanne Maidlow were announced as runners-up. Held in the midst of a "Peace through Youth" theme, the ball provided the big social event of the year for all cadets.

The administration of Reagan has a big job in the education of the 2,231 students of the school. This learning process would not be possible without those who make lesson plans, answer questions that help the student to understand, score papers to evaluate student progress, plan experiments and field trips and lead the interesting discussions that make school worthwhile. Each of the 113 teachers at Reagan is responsible for the students under his guidance. Understanding and knowledge make a firm foundation for all, and teachers receive satisfaction from knowing they are a larger part of the future.

Administration

Principal Hill Takes Pride in Youth Of Reagan

PRINCIPAL . . . It takes more than a few degrees and some years teaching experience to make a principal. While coping with hundreds of problems, J. Davis Hill, principal at Reagan, is a friend to teachers and students alike, and his interest in the welfare of the school endures from the first bell to the last.

Mr. Hill received both his B.S. and M.S. degrees from West Texas State. He also studied architecture at the University of Texas. He has taught Industrial Arts and also has coached several sports such as football, basketball and track. White Deer, Amarillo, Marshall, and Galveston are schools where he first taught before coming to Austin, where he was principal at Porter Junior High for eight years. Such school experience is invaluable in helping a principal with the difficult decisions that have to be made.

Mr. Hill is very proud of Reagan, and his pride in the faculty and students of the school has made the motto "Not Without Honor" come alive.

PRINCIPAL J. DAVIS HILL takes an active part in school activities, here introducing cheerleader Adana Pearce.

School Board

Eight Members Review School Policies

DAVE SMITH, vice-president of the school board, demands the attention of his fellow members while pointing out important facts concerning the HEW desegregation plans.

SCHOOL BOARD . . . Busy is the word that best describes the board members of the Austin Independent School District. The main duties of the Board are to review school policies, change outdated ones and initiate new ones whenever the need arises. Heading the School Board as Superintendent is Dr. Irby Carruth, who has held that position since 1950. Seven other members, elected for six year terms, make up the rest of the Board.

Like many school districts throughout the South, the Austin School District was faced with the threat of having its federal funds taken away if it did not find a more efficient means of desegregation in the public schools. It met this challenge with a promise to have a solution by January, 1969. This it did.

Another decision by the Board changed the section of Austin north of Runberg Lane from the Reagan to the Lanier School District. This decision was made in order to meet the rising student population of Reagan.

Austin's School Board is to be commended for its interest in the youth of such a large city. Without its members the operation of this school, as well as the many others in Austin, would be impossible.

Reagan Office Headquarters for Advice

ADMINISTRATIVE PERSONNEL . . . Secretaries are invaluable assistants to the principal, deans and counselors. They are kept constantly busy with such responsibilities as an accurate attendance record, completed school forms and a myriad of small tasks which must be done to make the school run smoothly. The registrar's primary responsibility is to post grades and to keep a record of credits earned by each student.

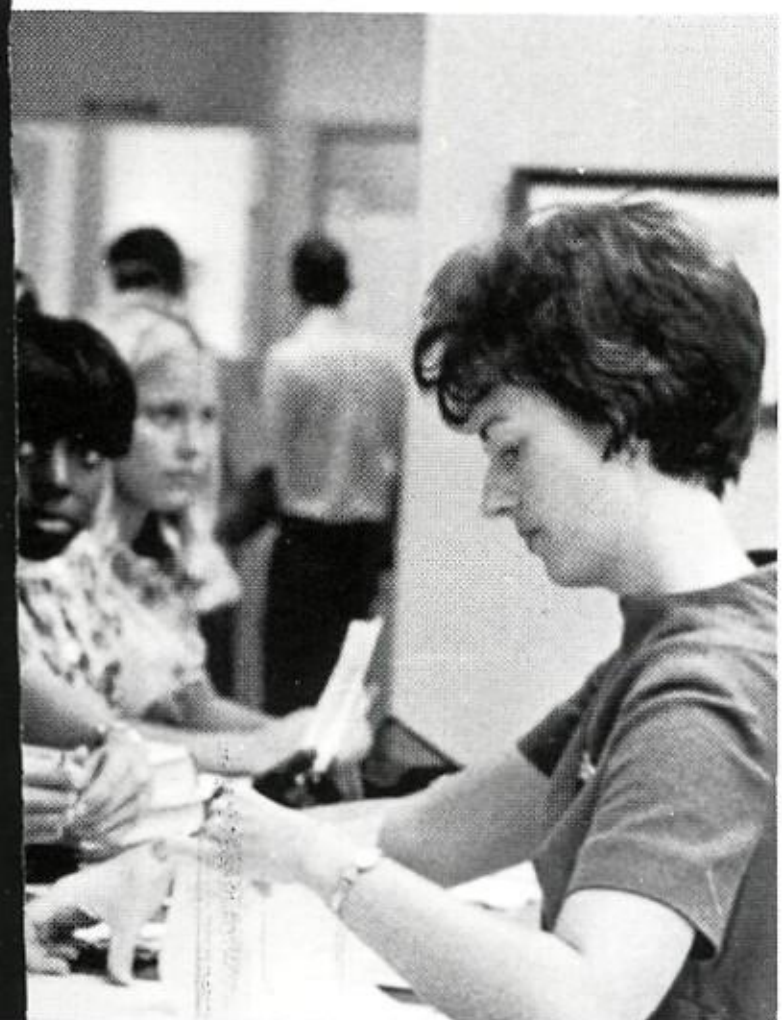

Each class at Reagan has its own counselor. The counselors help students plan schedules and they make available much information on colleges and current scholarships for students desiring assistance. Besides giving advice and furnishing college and job information, they administer such exams as the DAT and PSAT, which are aptitude tests, and they prepare schedules for the many students, which is their biggest job.

The counselors begin work in mid-August when classes are organized and planning begins for the new school term.

English Courses Geared for University Study

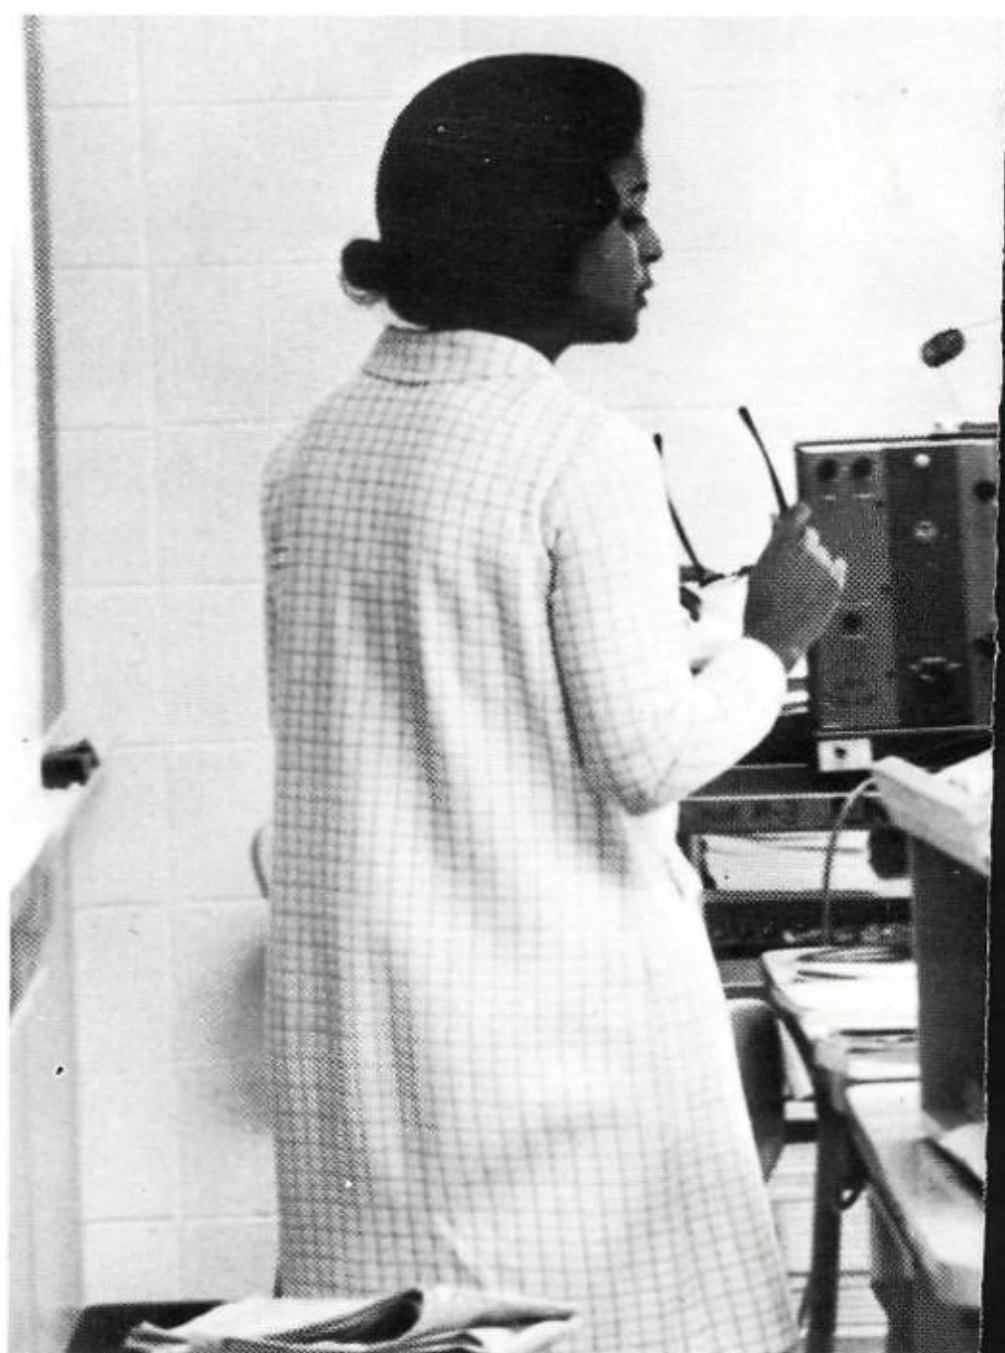

ENGLISH DEPARTMENT . . . Courses in the English Department are designed to give students a well-rounded approach to grammar and literature. In grammar both the traditional approach and a thorough linguistical study of the language are employed. Themes, book reviews and novels complete the planned curriculum designed to present to the student the meaningful literary works of the past and present.

The English Department of Reagan is geared toward giving the student a firm base for university English courses. Novels such as *Moby Dick*, *Silas Marner*, *The Crucible*, *Huckleberry Finn* and *The Scarlet Letter* are some that are studied for their literary significance. These books provide a firm background for students so that they may draw relationships between the novel and present time.

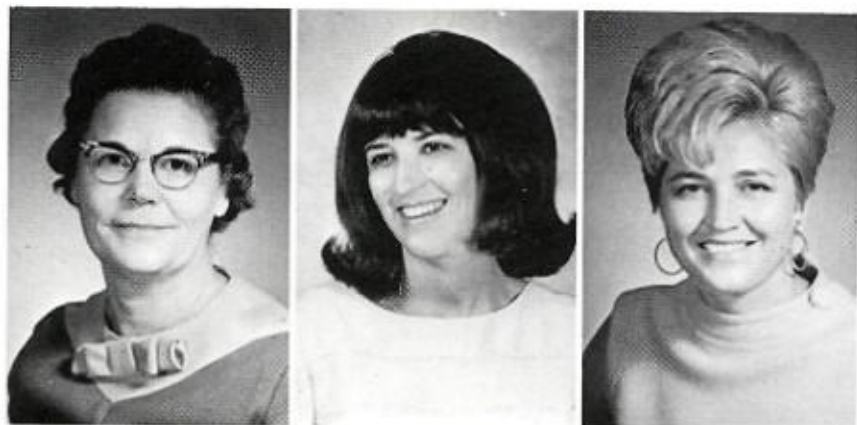

Open to all seniors who have creative ideas and are recommended by teachers is the Creative Writing class. These students are allowed to express themselves freely and sometimes write to music. Many of the submissions to the literary magazine, the *Ariel*, come from this class.

Usually selected by 12-B students, World Literature broadens the student's literary background by going into famous novels and works.

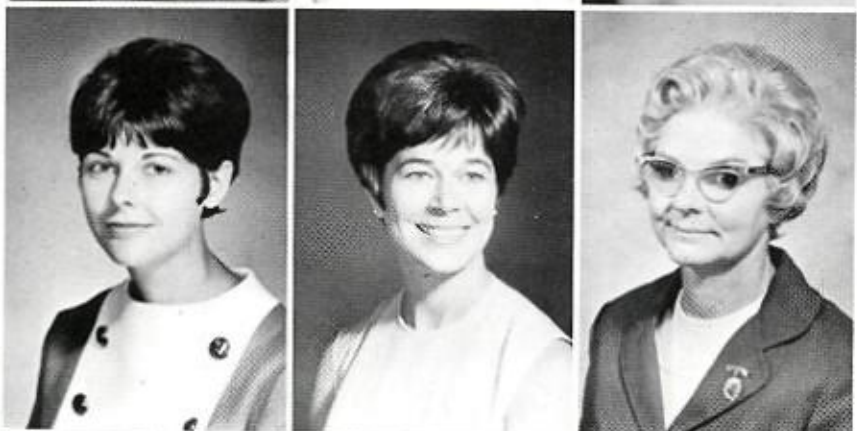

Also a part of the English Department are the journalism classes where the *Spur* and *Radar* are produced. The advanced class serves as a lab where second year students put into practice the basic facts about newspaper and yearbook production learned in the first year class.

Languages

Communication Aim of Teachers, Students

FOREIGN LANGUAGE DEPARTMENT ... Never before has communication played such an important part in world affairs. In high school, students must begin to respect the traditional customs and ideas of other countries. This is one of the purposes of Reagan's Foreign Language Department. Besides the classical Latin, Reagan offers three contemporary foreign languages—French, German, and Spanish.

Salve is one of the first words that Latin students learn. From this fundamental expression, they acquire a wide vocabulary that helps them understand the history of certain English words as well as the vocabularies of the five Romance languages. Although Latin is no longer spoken and is often called "dead," students seem to revive it as they study the cultural aspects of ancient Rome.

French students find it difficult to master the guttural sound of the language. They also learn that French is as hard as English when it comes to silent syllables. Songs, plays and novels are an active part of the curriculum.

Guten Tag and *Auf Wiedersehen* are common expressions heard around all German classes. The language lab is quite valuable, as it is to all modern languages. Several classes had Mrs. Edda Hodnett, a native German, as their teacher, while others learned under Mrs. Dorothy Strieber, who has also lived in Germany.

Spanish is perhaps one of the more useful languages that students take, since Texas is so close to Mexico, and the Spanish have had such a great influence on the state's culture.

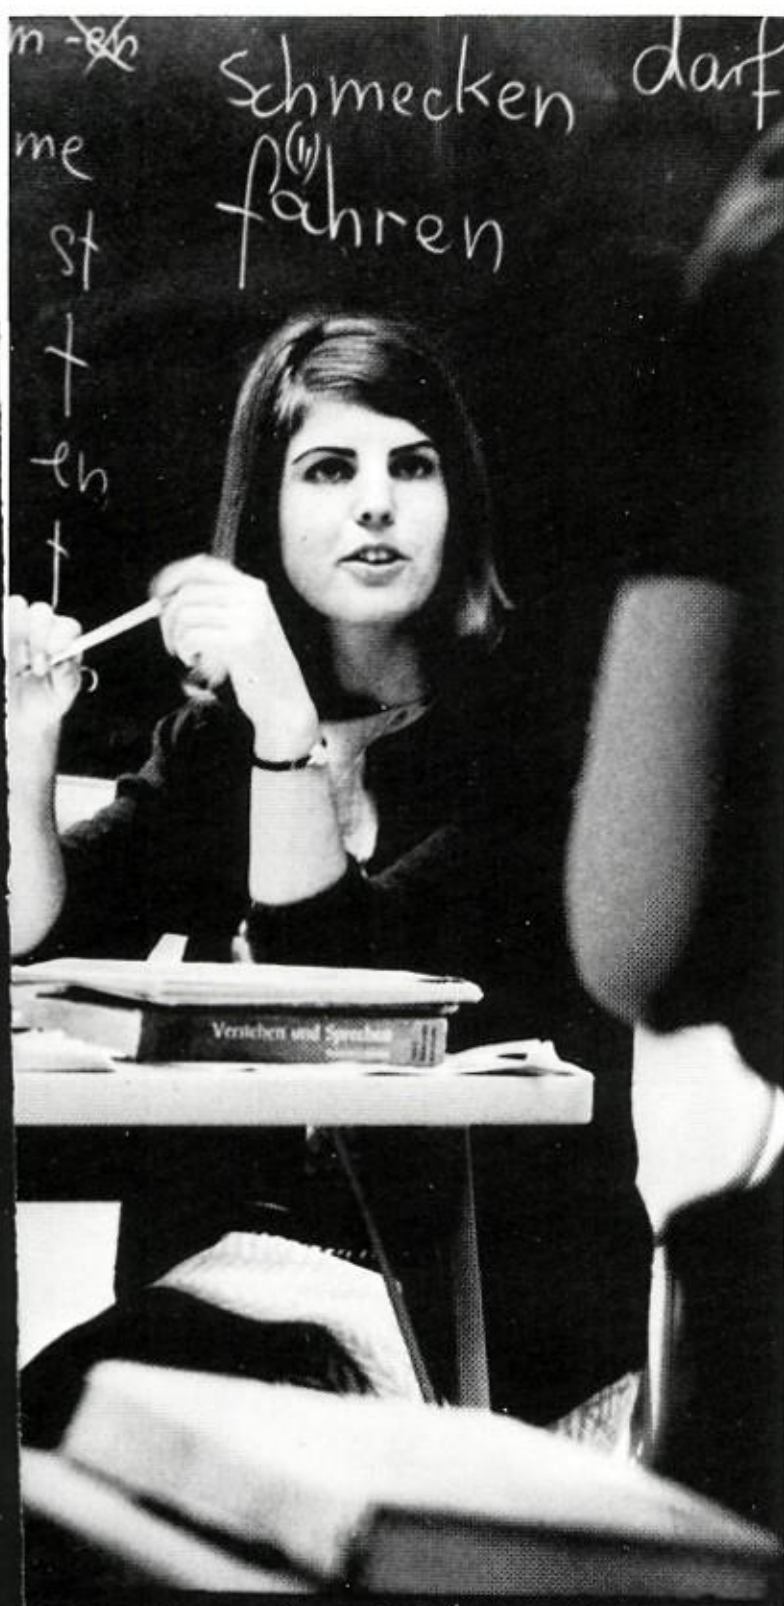

WATCHING FOR STUDENT mistakes in French pronunciation requires concentration from Charles Griggs.

LATIN TEACHER Mrs. Cora Fuller sits quietly while students continue on translations, declensions and verb conjugations.

STUDENTS IN LANGUAGE CLASSES utilize the tapes and equipment in the lab to perfect accents and speech patterns.

LISTENING WITH RAPT attention to one of her students is Mrs. Edda Hodnett.

Social Studies

Current Events Dominates Study

SOCIAL STUDIES DEPARTMENT . . . This year was special for all social studies classes because of the Presidential elections. Only once in four years are students able to observe such an important event and discuss the issues of the candidates.

World geography is a freshman course where students learn about all the countries of the world and the people who inhabit them. A world history class begins by studying the beginning of man and actually presents to the students the progress man has made and the problems that had to be overcome. American history concentrates on America's history from the days of the explorers up to the present time of growth and expansion in the country. American history and world history are also taught in unique combinations with English in two team-teaching efforts. The two classes, involving sophomores in World Culture and juniors in American Culture, take a new approach to studying the development of literature with events in history.

Civics is a semester course taken by seniors, dealing with the national government and its operations. State and local government are also closely studied by civics students.

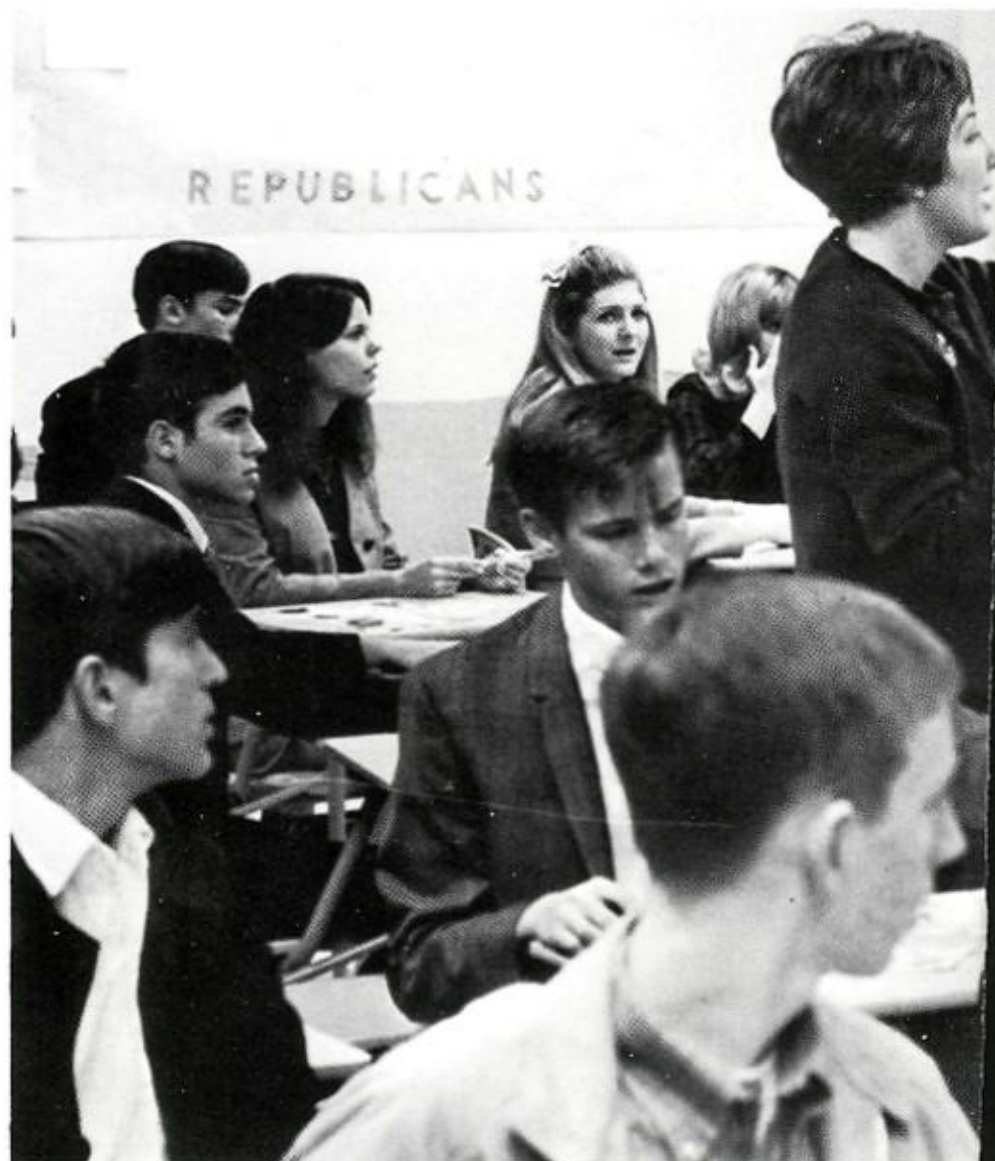

Special courses like Economics and Texas History are offered as electives for those who have completed the required social studies courses. Texas History gives students a better knowledge of the unique history of the Lone Star State, and Economics deals with complicated matters of corporation finance, business cycles, money values and inflation and deflation.

IN BRIAN SCHENK'S Texas History class, Manette Dodge gives one of the many class reports.

STUDENT DISCUSSIONS ABOUT civil rights and other controversial subjects fascinate Frank McDonald.

MRS. BETTY FRANKS directs the making of collages in her American Culture class. The class is a combination of American History and American Literature.

ALL SHAPES AND SIZES of graduated cylinders are used to acquire close liquid measurements.

IN CHEMISTRY Jim Leigh and Clifford Frank examine the properties of gas formation.

ONES WHO TAKE PHYSIOLOGY, such as Joe Cotton, learns approximately 50 of the 600 skeletal muscles of the body.

SCIENCE DEPARTMENT . . . The intricate composition of the atom, the mystery of sound, and the marvels of the human body are all studied in different branches of science.

The first high school science class is general science, where students learn the basic ideas which serve as foundations for the more specialized forms of science. Such a specialized course is biology, where all forms of life—from the simplest amoeba to the remarkably efficient human body—are studied.

Chemistry involves a study of the composition of all matter. All the elements and their combinations that form all the substances of this world are examined by chemistry students. Chemical reactions and the properties of different mixtures and compounds are studied by experimentation and individual lab work on the part of the students. The last six weeks is devoted to qualitative analysis, where each student performs a series of experiments in order to determine what elements make up his sample of unknown solution.

Physics is a study of electricity, light, sound and speed. The knowledge of many formulas is necessary for students to work the problems which concern velocity and light. Physics undertakes the exploration of some of science's more difficult aspects. Through lectures, films, experiments and individual lab work, students develop a knowledge of scientific methods which the scientist uses to analyze and unlock nature's mysteries.

MRS. MARY VESELKA FINDS that use of the overhead projector is easier to illustrate important problems than the blackboard.

MATH DEPARTMENT ... For centuries math has been a useful instrument in helping man progress. A basic understanding of math fundamentals is necessary for every person living in this world of machines and computers.

Reagan's math department offers a wide range of classes, Related Math I to Analytical Geometry or Elementary Analysis.

Related math can be taken by those who feel they need more math before taking Algebra I and II. First year algebra stresses graphing, factoring and work with equations.

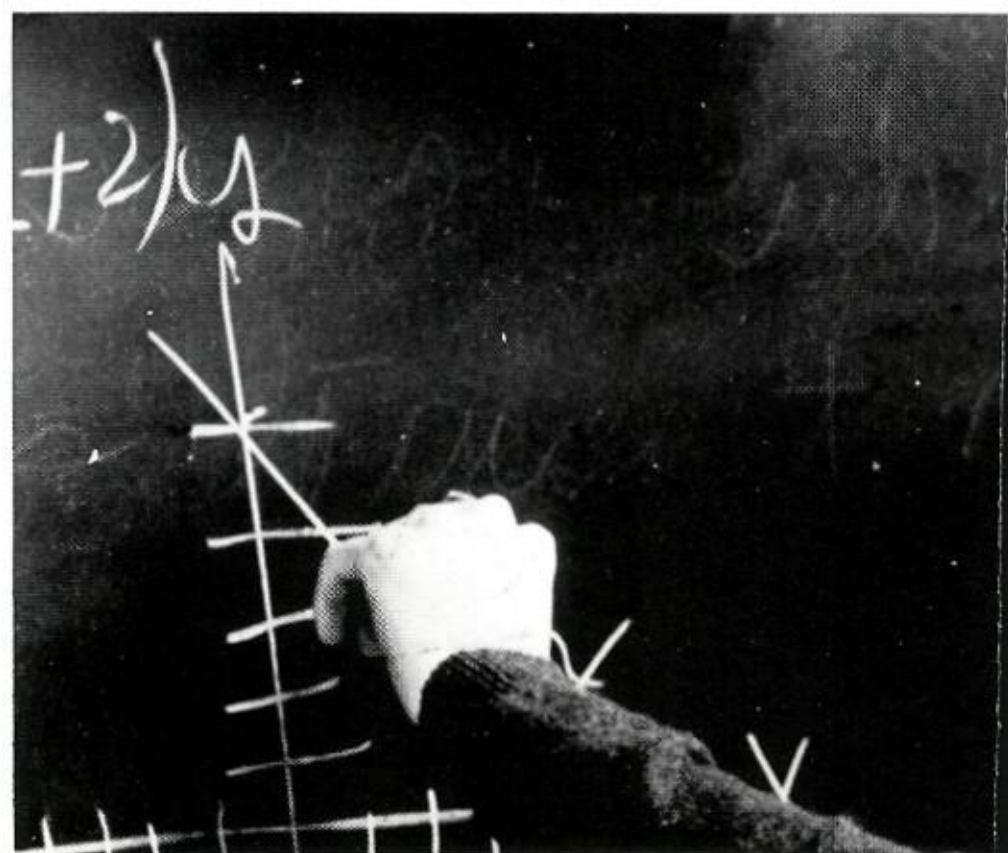

Geometry is the study of the relationships that can be found in triangles, parallel lines and circles. Students are required to apply theorems in order to prove the validity of proposed relationships.

Algebra III and IV is for college-bound students, and it includes more graphing, some logarithms and work with imaginary numbers.

Trigonometry, Elementary Analysis and Analytical Geometry are the more advanced math courses. One semester each, they are for students who have finished the required courses and wish to continue in their study of math.

GEOMETRY TESTS present problems and relationships which Joel Hubbard find are hard to solve.

GRAPHING, an essential part of algebra and other maths, is demonstrated to the class by Mike Showalter.

Fine Arts

Music and Art Main Interests for Many

FINE ARTS DEPARTMENT ... Representing the Raiders at halftime performances during football games and participating in contests and the many activities and functions of the school is the Reagan High School Band.

Designed to inspire a more appreciative feeling toward good music is the orchestra. The instrumental music course aids in developing the talents of many young musicians.

Boys' and Girls' Choir, the Reagan Chorale and the Madrigals make up the contents of Reagan's choral department. These groups participate in many profitable projects throughout the year and help to add to the school spirit.

Art is used in the overall makeup of the school. Posters and pictures hang in the halls and in classrooms. Classes in art further the already obvious talents of the gifted artists of Reagan High.

REAGAN BAND DIRECTOR R. B. Hunger takes a break from band-leading long enough to welcome his audience to the Ice Cream Social.

Industrial Arts Practical Techniques Learned in Vocational Program

INDUSTRIAL ARTS DEPARTMENT . . . Reagan's Industrial Arts Department includes classes in woodworking, metals, auto theory, drafting, Distributive Education and Industrial Cooperative Training. Students in woodworking learn about basic construction, design and the special techniques that help perfect a talent for handicraft.

Those taking metals learn how to operate such tools as welding torches to make their special projects for class.

General drafting, architectural and mechanical drafting involve the use of T-squares, triangles, and compasses in creating detailed drawings of a house or a complicated piece of machinery.

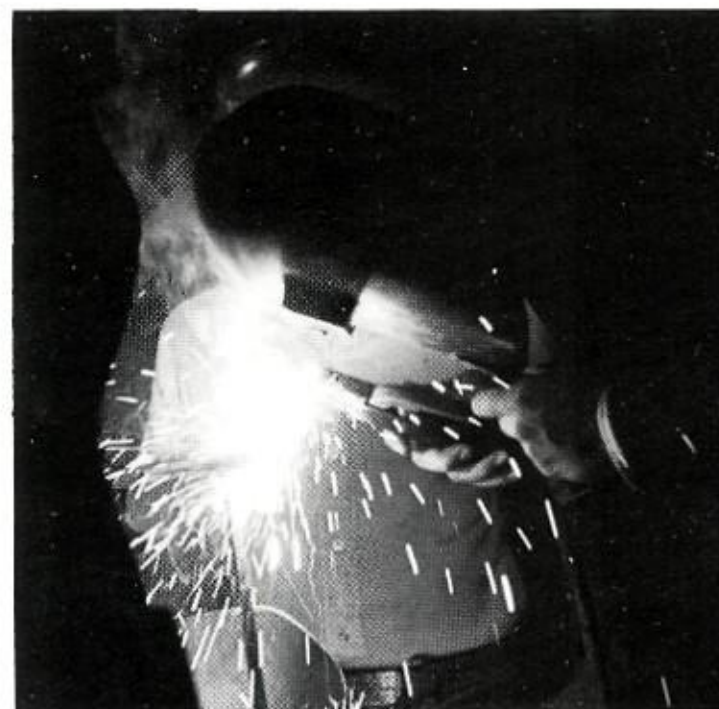

DE and ICT students attend school for only half a day and spend the rest of the school day in an on-the-job training program. While earning a salary, these students learn the responsibilities of steady employment.

Homemaking

Home Operation Requires More Than Class Time

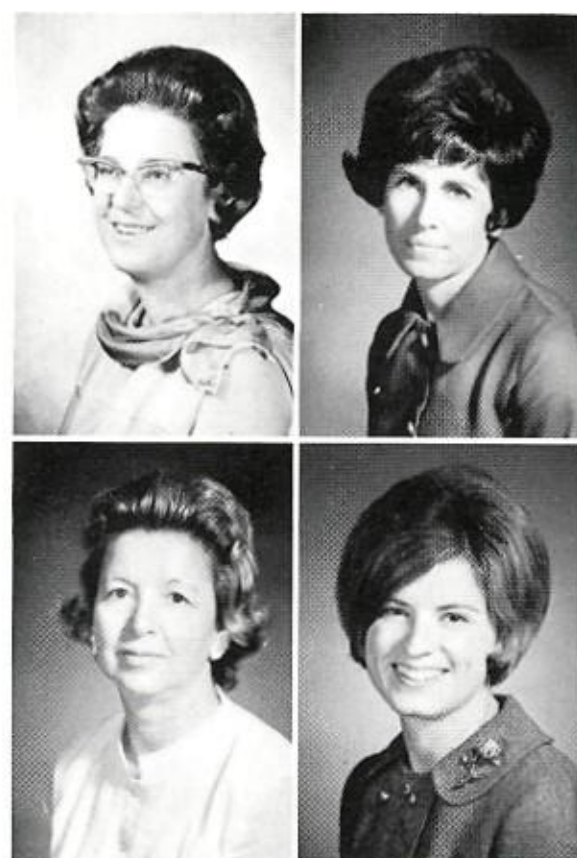

HOMEMAKING DEPARTMENT . . . Developing skills in sewing, foods and home decoration is the task of the homemaking course. In clothing classes a student works at his own level of capability. Basic and advanced skills are taught in the sewing of garments and simple accessories.

Planning, preparing and serving meals are the basics of a foods class. Knowing the utensils in a kitchen and learning labor-saving devices aid the young homemaker. Kitchen maintenance and arrangement are also on the agenda.

Home Decoration serves to inform as to various periods and styles of furniture. All aspects of furnishings and accessories go into this course.

Business Department

Business Skills Developed by Practice

DEBBIE TATUM TRIES unsuccessfully to keep her wandering mind on typing.

BUSINESS DEPARTMENT . . . Students in the Business Department at Reagan become adept at the skills used in the business world.

Typing I, one of the more popular courses, teaches the students the keyboard and the parts of the typewriter. In Typing II the procedures for sending business correspondence such as letters and telegrams are studied with workbook exercises as aids. Typing III and IV are more advanced with emphasis on speed and accuracy.

Shorthand teaches a brief, concise form of writing, and bookkeeping trains the student to keep correct and accurate records. These are special skill courses. Business law gives the student a first-hand knowledge of the problems encountered in big business.

PE DEPARTMENT' . . . Shortly after the beginning of school a number of new pieces of calisthenics equipment were added in the boys' gym for use in physical education classes. Squat racks, a leg press machine, two new bench presses, four exergenic exercisers and four new sets of barbells aid in body building and achievement of overall physical fitness.

Archery, golf, volleyball and tennis are only a few of the sports learned in girls physical education. Correct procedures and good sportsmanship are stressed, and each girl is expected to perform according to her capabilities.

Another important aspect of PE is the required health course which is only one semester. Taken by juniors and seniors, the classes teach civil defense and first aid procedures. Drugs and smoking are studied as well as sex education.

Special Areas

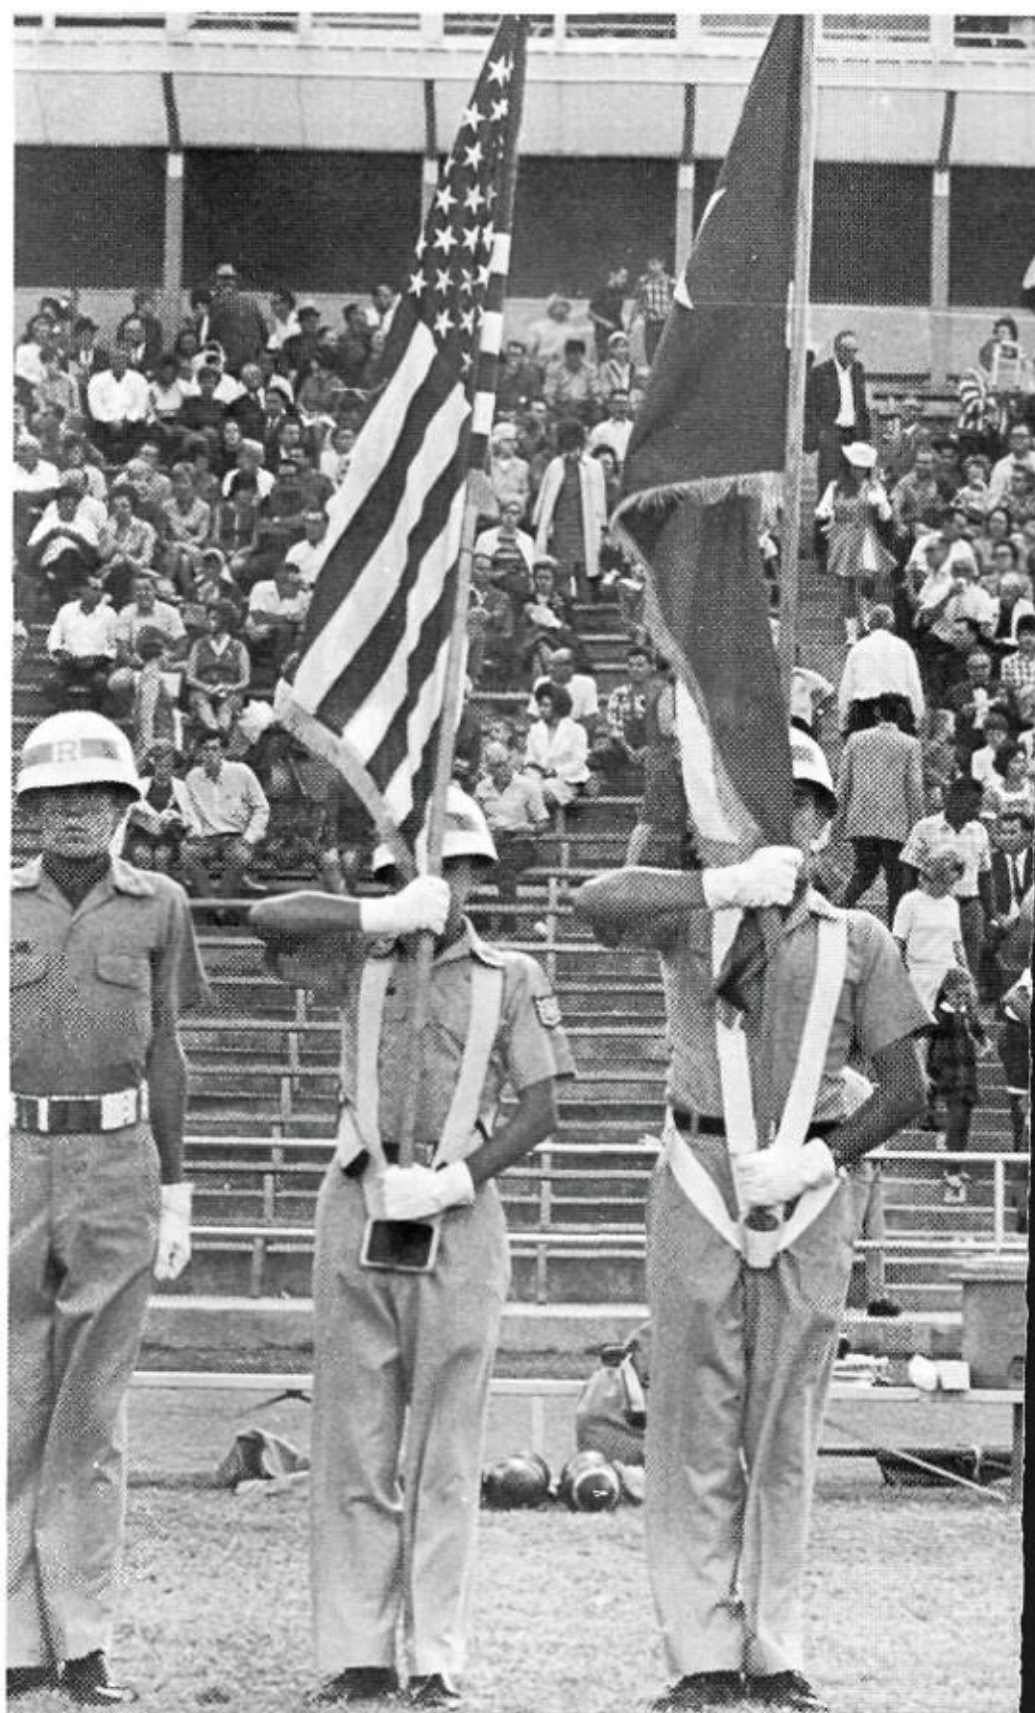

ROTC, Library, Special Education, Driver Education Finish Curriculum

ROTC ... Besides promoting a high sense of duty and leadership, the Reserved Officers Training Corps teaches cadets basic military drills and customs. The cadets participate in honor guards, flag raising ceremonies and honor courts, and they also perform volunteer work for the Veterans of Foreign Wars. Their studies include aerospace technology, the scientific exploration of space, and the complicated biological and physiological aspects of space travel. First year cadets went to Lackland Air Force Base in San Antonio, second year cadets traveled to Bergstrom Medical Center, and third year cadets visited NASA, the huge space center in Houston, in a special trip planned by the groups.

LIBRARY ... Reagan's library, which contains approximately 10,000 books, is under the direction of Mrs. Jessie Bennett. It is used by students as a place to study or to acquire more information for their themes and special reports. The librarians sponsor an orientation for freshmen in early September to acquaint them with the library's system of operation. The library is now forming a collection of films and records which will be available to all teachers.

SPECIAL EDUCATION ... Reagan has special classes for slow learners and students with hearing defects. In these classes, the students receive help in subject areas as well as help needed because of birth deficiencies. These students may transfer from any high school in Austin if they wish this help.

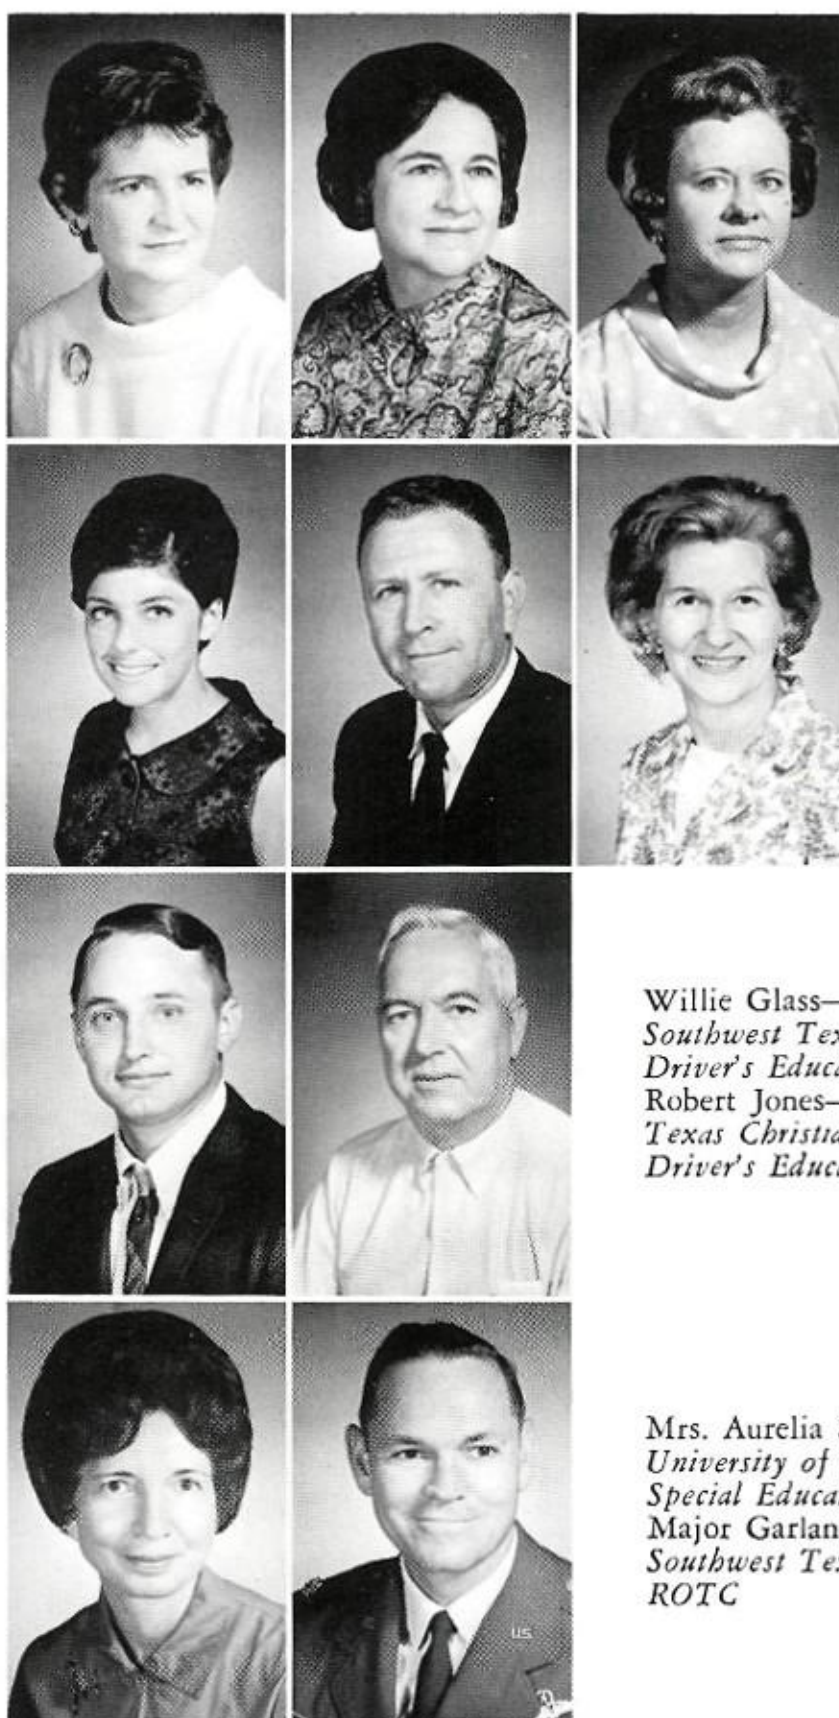

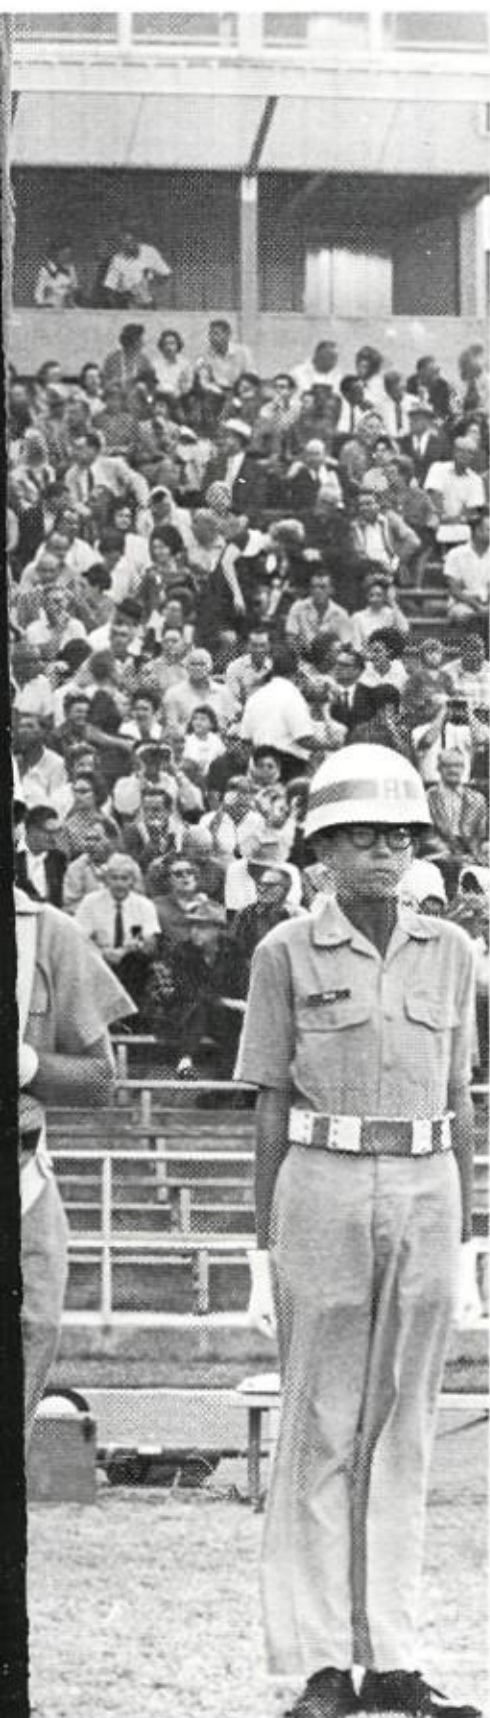

DRIVERS EDUCATION ... Courses in theory and behind-the-wheel training are required by the state in order for a student to get a driver's license before his eighteenth birthday. For six weeks driver's theory is taught to a student so that he can obtain a driver's permit. At the minimum age of sixteen, behind-the-wheel training can enable a student to get his license early.

TEACHING ONE OF the Special Education classes is Mrs. Aurelia Shiflet. Students such as Delia Garza receive the attention they need.

For nine months, 2,231 students at Reagan unite in search of an education. All four classes have a spirit and pride within themselves proven by sign-painting activities and honor roll competition. The separate pride of each class still leaves room for an overwhelming sense of school spirit seen in the bleachers at a football game or on the stage when diplomas are received.

The senior class of '69 represents the completion of one full cycle of high school education. They were Reagan's first terrified freshmen who now look to the future with the promise of tomorrow.

MARCELLA MITCHELL CAPTURES the attention of the Freshman at the pep rally. It is an unwritten custom that Freshmen stand.

Throughout the extended football season the merchants and businessmen of Austin gave their support to the football team. Their marquees and painted windows full of encouragement and praise were up for all of Austin to see. In the Reagan publications, the *Spur* and *Radar*, these businessmen give their support to the school in still another way. The feeling of unity in the community was a source of pride for all involved and without the support given to each school endeavor by the city, Reagan would not have reason to be so proud of her accomplishments.

ADANA PEARCE LAUNCHES a clean-up-your-campus campaign as vice-principal Roland Johnson hopes he doesn't have to pick up any more lunch trays.

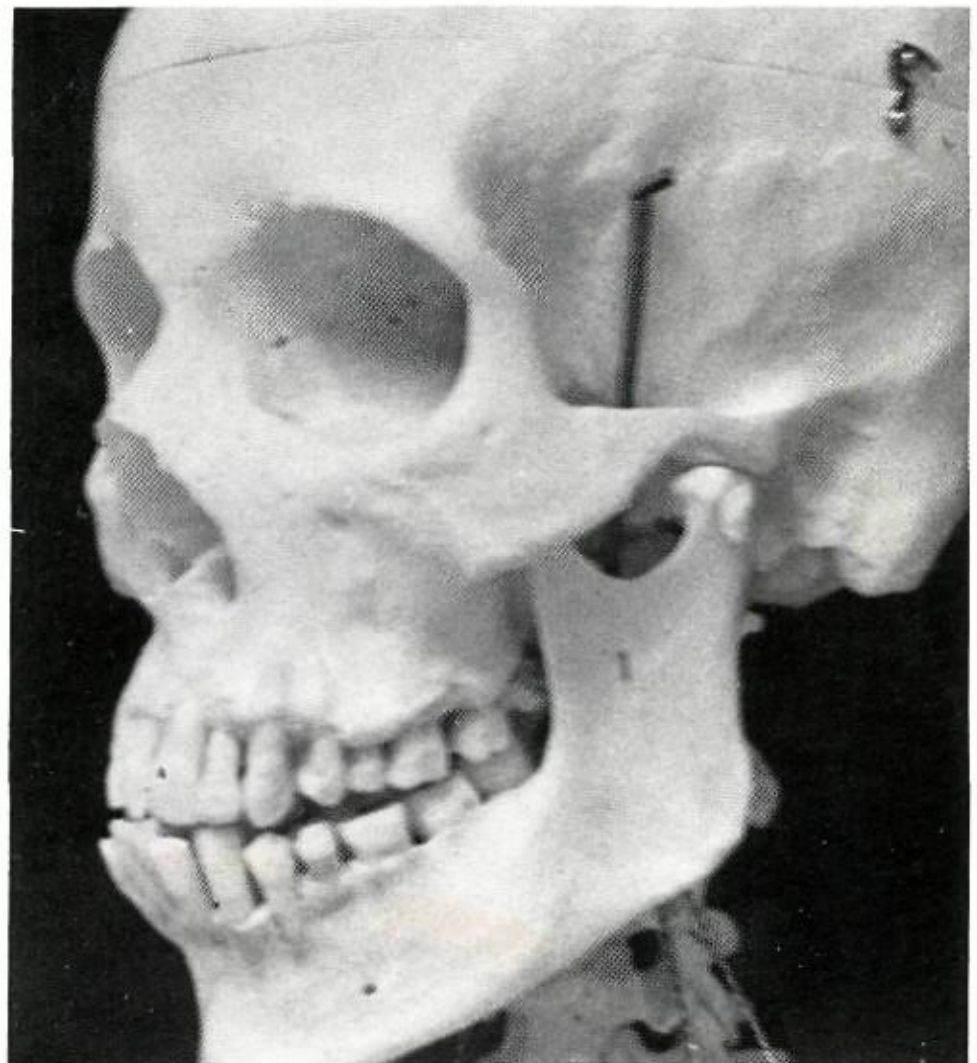

IS IT A boy or a girl? Colleen Evans and Becky Ragland are afraid to look.

NO MORE LOCKER checks, no more books, no more classes. The 68-69 school year is over—all is silent and memories are treasured.

HOUSTON McALPINE IS caught in a meditative mood.

The year '68-'69 has left its mark on John H. Reagan High School. Another state football championship and excellence in student endeavors—both academic and extracurricular—highlighted the year. Most important of all, '69 was the completion of the neverending cycle of education, for this year's seniors were Reagan's first freshmen. Time is indefinite—days on a calendar mark its swift passing for the student. Not visible on the calendar are the special moments that will be remembered by activities and events of the school year. Day by day students do not realize the rapid passing of their high school years until they are faced with graduation and the future. Education is a subtle and a time-consuming process, but efforts of both students and teachers combine in tangible and beneficial results. As months pass, so minds grow, and education goes on not just in Austin, Texas, in 1969, but all over for years past and time to come.

EACH PERSON who leaves high school takes with him ideas and attitudes that will affect his way of life—much more than a diploma.

THE FINAL GOAL of graduation comes through study.

Mr. Tucker -

It has been great having you as my great Chemistry teacher. I hope you have fun teaching the rest of the great Reagan highers.

God be with you,
Alma Schneider
Dr. 70.

Mr. Tucker -
I have really enjoyed having you as a teacher this year. You have really been a wonderful teacher. Thanks for informing me about the course of C.C. (I really enjoyed it - only leaving) I hope to see you sometime in the coming years. Thanks for everything. Love always,

"Bird"

Barbara Ray

Love always,
Pat. D. Houtt

Mr. Tucker,
You are one of the most interesting people that I have ever met. I respect and admire your deep concern for each and every person that you know. I have really enjoyed your class and I will be sure to visit next year. Hope you'll remember me as a friend and as a teacher. I really enjoyed your fine personality both as a friend and as a teacher. Good luck
Nathan Bayles
5-69

Mr. T.
I really enjoyed your fine personality both as a friend and as a teacher. I really enjoyed your fine personality both as a friend and as a teacher. I really enjoyed your fine personality both as a friend and as a teacher.

Atan
"Baby Blue"

Mr. Tucker -
They just don't make many teachers like you. You have faith in students and you truly are an outstanding teacher. Thanks for being a good friend as well as a good teacher. It's been a great year. My in Chemistry show it though in grades don't like listening to your sense of humor. Someday you might make a good teacher. Friends always & hope!
Nathan Bayles
5-69

Mr. Tucker -

I forgot the question! But I sure know
you're the greatest teacher here at Reagan. I
don't think I would have enjoyed Chemistry
half as much if it hadn't been for you.
In fact, I actually looked forward to
1st period Chemistry. You're a really
great guy with a fantastic sense of
humor. Good luck in all you do, Mr. Tucker.
Hope I'll see ya next year.

Goldie

Thanks for making
this the best
class of the year. (really!)

lots 'o' luck
Pete

Thankyou for making it
possible for me to be in your
class. I've really learned more
from you than it appears. Thanks
for being such a great person and
teacher!

Phyllis Willis

So a great
teacher and guy
thank you for
accepting me
as a student
and for making
my first year
so much fun
with you
and the class
I'll miss you
but I'll see
you next year
I hope

To a great teacher
who adds a spark
of enjoyment to
the course it was
fun as well as hard.
Barbara Alpert

- Linda Best -
You've made my year
complete, I've got 4 other teachers
but none with such a good sense
of humor. I hope you can beat your
own at a game of golf someday

The all "A" student
Jim Strickland

To a great teacher - even if
you do teach a hard course.
I have really enjoyed having
you for a teacher. Good luck
with the kids next year!

Nancy
Breton

Mr
Howard

I know of no other teacher that I more enjoyed
more. Your quality as a person as well as a
teacher is unsurpassed. It's been great knowing
you & being in your class. Best of luck.
Norma Lewis

Mr. Tucker
 By being in your
 class and helping you as
 your very good and admire you very
 much. Your a great human being with
 the greatest sense of humor. Don't not that good
 in chemistry but I'd grown to looking forward to your
 class. Good Luck in all you do, you deserve it. Hope
 to see ya next year.

Smiling
 Bobby Appeland

Mr. Tucker -
 It's really been a great year
 and you've been a real source
 of inspiration to me. Thanks for
 all your help and encouragement
 you gave me when I needed it. Your
 enthusiasm and encouragement will always
 be appreciated. Best of luck never
 get tired of - but I guess you proud
 me wrong - (lol) D etje

Mr. Tucker - Thanks Uncle Bert
 for helping me through the year
 in 1st yr. Chemistry. It has
 been fun. Good luck and God's
 blessing Always. Bill York
 1-18 Basket Hall

- May I say Bert? -
 Your the greatest advisor
 I've had (so far). I really
 enjoy arguing about how
 good or bad Ford's are.
 Who knows? I might have
 you for chemistry next year.
 See Ya.
 P.S. Why do you
 drive a
 Ford?

See Ya.
 Jimmy
 5/25/70

Mr. Tucker
 Thanks for a
 class that I have
 really enjoyed.
 Best Wishes
 Curt Swenson

To the best teacher

Tuck - Thank you for being
 such a good teacher. I
 have truly enjoyed having
 you this year and hope to
 see you next year.
